

Who's Who in Oregon to Be Published This Year

Who's Who in Oregon, a biographical directory containing data relating to prominent people of this state, is in course of publication by The Morning Enterprise, Oregon City. The publishers state: "There is no directory of this nature extant in Oregon. The publication will embrace dignified facts, clear information and a digest of biographical features of interest . . . no charge will be made for insertion and the work will contain no advertising." Who's Who in Oregon will contain data concerning leading federal, state, county and city officials, educators, professional people, industrial heads, leaders of commerce and others of outstanding attainment. It is further announced the directory will be strictly selective and exclusive and money will not buy a place in its pages, unless the subject comes within the category of its requirements. The Who's Who in Oregon will be completed toward the end of the year.

RHEUMATISM

While in France with the American Army I obtained a noted French prescription for the treatment of Rheumatism and Neuritis. I have given this to thousands with wonderful results. The prescription cost me nothing. I ask nothing for it. I will mail it if you will send me your address. A postal will bring it. Write today. PAUL CASE, Dept. W211, Brockton, Mass.
