A. M. Markham is down from Free-water expecting to spend a day or so here on business. Mr. Markham is just about recovered from a siege with flu, from which he suffered a quite serious relapse just recently. Much wet weather the past few weeks has resulted in some delay to harvesting in some parts of Umatilla and Walla Walla counties, Mr. Markham states.

L. Van Marter injured his right hand badly Sunday when a jammed shell he was attempting to eject from a shotgun exploded. Mr. Van Marter had taken the gun from a hunting companion while in quest of birds and was attempting to fix it when the accident happened.

John Wightman of Alfalfa Lawn Dairy spent several days this week in the Yakima valley looking up some breeding stock for his dairy herd. He purchased four heifers and a bull, all being purebred stock. He returned home Wednesday evening. Jasper Crawford and Ed Keller were the representatives of Doric Lodge No. 20, K. of P., attending the grand lodge meeting at The Dalles this week. There was a very large attendance present, and The Dalles royally entertained the visitors.

Many Gymnasium Uses

(Continued from First Page)

will be under the auspices of the societies of the public school. It is composed largely of western and American artists and is handled by a Portland firm. It will be here for one night only and is usually given in connection with a program of some kind.

The all county declamatory contest will, in all probability, be held in the auditorium this year. It is possible, however, that it will be necessary to split this into two divisions, holding one in the school building and the other in the auditorium this year. This will come about the last of April or the first of May.

The gymnasium feature of the new building promises to be widely used, as six basketball games are already scheduled there, with the High school girls and Junior basketball games yet to be scheduled. It is highly probable that a basketball tournament will be played here next spring. This will comprise all the schools and may possible become all county in its dimensions.

ALPINE NEWS NOTES.

The students of Alpine high school wish to change the title of their play which appeared in last week's paper as "Bladders to Blame," to "Beads on a String." The former, after having been read over, did not suit their taste, so they sent for the last one named which we hope will be put on as soon as possible.

ROBINSON CRUSOE had no telephone. There was no one on his island to talk to but Friday who was never beyond the reach of Crusoe's voice.

But there is no reason for any one in the United States to live like Robinson Crusoe. Anyone's telephone reaches anywhere and everywhere in the land. It will put people in touch with the nearest village or most distant city. It will run errands through rain and snow just as cheerfully as on sunshiny days. It helps people keep in touch with their neighborhoods and it makes one neighborhood of the whole country.

Moreover, it is the constant aim of the Bell System which serves the country to make its service better and to fit it more closely to the particular needs and desires of its telephone users.
