

FOREST FEES FOR GRAZING ADJUSTED

Umatilla Permitees and Forest Officials Come to Understanding.

While accepting the proposals of the Forest Service as touching grazing fees in the Umatilla forest as a compromise, representatives of the Umatilla Permitees association and Oregon Woolgrowers association who met with the officials of the government service at Pendleton on Sunday, feel they have gained a great deal. The controversy over grazing fees and the proposals of the government to increase their charges has been on for a period of some five years, and it seems now that the users of the forest and the forest service bureau are getting closer together, after the users finally got the ears of the interior department at Washington and Secretary Jardine took a hand in the proceedings.

The meeting at Pendleton on Sunday was not of a general nature, and was confined to the executive committee of the woolgrowers' association and Messrs. C. E. Ratchford, C. M. Granger and E. N. Kavanagh of the U. S. Forest Service. The woolgrowers were K. G. Warner, Ernest Johnson, W. P. Mahoney, Fred Falconer, of the executive committee, and Jay Dobbin, who acted with them.

Much discussion of the entire fee matter was entered into, and an agreement was arrived at establishing the maximum fees on the different forests as follows:

CASCADE 4c per head per mo.
CRATER 5c per head per mo.
DESHUTES, 4.75c per head per mo.
FREMONT 4.5c per head per mo.
MALHEUR 4.75c per head per mo.
MT. HOOD 5.5c per head per mo.
SANTIAM 5.5c per head per mo.
UMATILLA 4.75c per head per mo.
WALLOWA 4.5c per head per mo.
WHITMAN 4.75c per head per mo.
UMIQUA 4.5c per head per mo.

A further report of the meeting is given in the supplement to The Oregon Woolgrower, published at Pendleton, as follows:

These are the maximum fees, the local officers on the different forests having power to scale the charges down where grazing conditions on certain allotments are not up to the average of that particular forest. Further, and your committee feel this to have been an important concession on the part of the Forest Service, you, as a permittee, will only pay for the time your flocks have pastured on your allotment.

If, due to climatic conditions, ranges which should carry your flocks for three months only provide pasturage for two and one-half months, you will only pay for the two and one-half months. If your allotment is rough and losses are high, if poorly watered, if a long way from shipping point and difficult of access, you may reasonably expect concessions from the maximum fees.

This brings to an end one of the longest and, on the part of the Oregon woolgrowers, one of our bitterest controversies with the Forest Service. With proposed fees of 12c per head per month on the original Ratchford commercial value findings, largely through the efforts of a few men on the Executive Committee of your association, the charges have been scaled down to the fees now given.

LEXINGTON HOST TO OLD-TIMERS LAST THURSDAY

Large Number Attend Program and Enjoy Banquet; Old-Time Dance Given.

At Lexington on Thursday last there was a gathering of the "old homesteaders" and a large number of other residents of this county who had been invited to join in a good social time prepared for them by the good people of that little city. While the invitations had been of rather short notice the response was generous and many came to enjoy the abundant hospitality and join in glad greetings to old friends of the days when the country was young.

The abundant hospitality of the Lexington people was manifest in the splendid banquet prepared and served at the noon hour. Visitors from Heppner and those who seemed to be no end of the eats that had been prepared, and while it was necessary to make room and places at the tables for a large number in excess of what was expected the noon meal did not exhaust the supply, and the invitation was extended to those present, and went out to the highways and byways for others to come and help devour the surplus at an evening dinner.

Many more came and remained for an old time dance in the hall during the evening hours, when old and young alike enjoyed themselves to the limit.

As stated in last issue, this gathering was upon the suggestion of Mrs. Sarah Booher who has long been a resident of Lexington, and who had expressed a desire that the old timers now remaining in reach of that town be gathered together again before her time for departure might arrive. Mrs. Booher had been ill all summer, and as she had quite fully recovered she hoped that some such meeting of old friends might be had. Others knowing of this proceeded to carry out this wish, and the gathering on last Thursday was the result.

An impromptu program, consisting of community singing, recitations, and other music, with a little old-time violin work at the hands of W. T. Campbell and Hugh Conner, was greatly enjoyed during the afternoon hours, to which was added a half-hour address by Samuel E. Notsen, much appreciated by all those in attendance.

Among those of the old timers who were present on this occasion, we mention the following: Grandma Thomson, age 86; Grandma McMillan, age 83; J. W. Waid, age 76; Nels Magnusen, age 86; Mrs. Mary Bartholomew, age 70; Mrs. O. F. Thomson, age 75; Mrs. Tillie Parker, age 75; Mrs. Maggie Rainey, age 70; Mrs. Sarah Booher, age 80; Mrs. Sadie Lewis, age 72; Mrs. Patterson, age 70; Mrs. Wm. Booher, age 70; Mrs. W. T. McNabb; Marion Evans, age 72; Mrs. McKay; Frank Benefield; Emanuel Nordyke, age 77; John Carmichael, age 75; Riley Munkers, age 70; D. B. Stalter.

Opera Chairs Ordered For Auditorium-Gym

At a meeting of the school board on Friday evening, a deal was completed for the purchase of 600 opera chairs to be installed in the new auditorium-gymnasium. The A. H. Andrews company of Portland were the successful bidders and they agreed to have the chairs here and installed within 30 days from date of order.

This equipment is plain and substantial, in keeping with the general finish of the interior of the building and they are comfortable as well. Good terms were secured from the Andrews company as to payment of purchase price, and although the school board feels that a very good deal has been made. Work on the new structure is moving right up, and Contractor Olson is sure that nothing can now prevent the completion of the building on schedule time.

INJURED AT WAREHOUSE

Alex Cornett is limping around and compelled to use a cane as the result of an accident he suffered last Saturday morning at the Brown warehouse. He was engaged in cleaning up some spilled wheat in one of the alley ways between piles of sacked grain, using for this purpose a scoop shovel with a broken handle. Without any warning some twelve or fifteen sacks of wheat took a slide and landed on Mr. Cornett, and he was caught in such a manner that the broken handle of the scoop was forced through the fleshy part of his left leg at the back and not far below the hip. His predicament was discovered at once by Jim Furlong, another employee in the warehouse, who assisted him in getting out from under and pulled the handle out of his leg. Mr. Cornett did not realize that he had suffered so severe injury, as the hurt was causing him no pain whatever, but he was made to know what had happened when the doctor got hold of him. His injuries were immediately attended by Dr. McMurdo, and he has not been laid up. Just why he was not crushed by the weight of the wheat on his body is somewhat of a mystery.

IS THERE A GOD?
This will be the subject of the morning sermon at the Church of Christ. If there is, what are you going to do about it?
The evening sermon will be "The Hope of the Church," a discussion of the second coming of Jesus.
A welcome to all the services of the church.
MILTON W. BOWER, Minister.

AMERICAN GLEE CLUB VERSATILE ARTISTS

First Lyceum Number to Be Held at Star Theater November 8th.

With the organization of the Lyceum course getting well under way, the members of the Patron-Teacher association are feeling much encouraged as to its outcome.

It is the hope of the committee that the Lyceum can be made more than a community entertainment, and they hope to interest all of Morrow county in it.

The dates of the numbers are especially planned to come at those times of the year when those people living in outlying districts will have more leisure time, and it is hoped they will be able to take advantage of the entertainment offered. The cost of the Lyceum is so nominal that the committee is quite hopeful of selling enough season tickets to defray all expenses. These they are pricing so low that it is a distinct money saver to purchase them. Season tickets for the entire group are selling for \$2.00, while single admissions will be 60 cents. Thus a saving of one dollar is effected by the purchase of a season ticket.

Owing to the fact that the new auditorium will not be ready for occupancy by the date of the first performance, it will be given in the Star Theater which Manager Sigbee has been kind enough to turn over to the P. T. A. for that evening.

The members of the American Glee Club, which organization is the first of the course and appears here on the evening of November 8th, have the reputation of being exceptionally versatile artists in many lines of musical endeavor.

In the first place they boast of an exceptionally fine singing organization, all are capable musicians, and the fact that the members have sung together for several seasons makes excellence in ensemble possible. In the second place, the young men are accomplished instrumentalists, each member taking part in the instrumental part of the program as well as the vocal side.

The members of the quartet are as follows: Lancelot Bufton, second tenor, piano, saxophone, reader, bells; Edward Servass, first tenor, banjo, xylophone, bells; Anthonk Dwornak, bass, saxophone, xylophone, piano, bells; Ben Myers, baritone, saxophone, xylophone, bells, piano.

It can be readily seen that a musical treat is in store for local people when the American Glee Club appears here. They have been a dependable attraction for several seasons throughout all parts of the United States, and local people are promised a most enjoyable program on the occasion of their visit here. The repertoire of vocal numbers runs from the classical to the popular numbers of the day.

WILL RETURN TO VIRGINIA.
Mr. and Mrs. Elbert Cox have disposed of their property in Heppner and will leave some time the coming week for the home of Mr. Cox's parents at Galax, Virginia, where they expect to reside in the future. Mr. Cox making this move in order to take care of his parents in their declining years. The people of this community are sorry to have Mr. and Mrs. Cox leave, and we are quite sure that if it were not for the circumstances calling them back to Virginia we could expect their return to Oregon ere long, for they have become much attached to the West in the years they have resided here.

SCALP ALMOST REMOVED.
As a result of an automobile accident that happened near Cecil, when Pat Keegan of Condon was on his way to Heppner and riding in the car of Mr. Smith, also of Condon, the former gentleman came near losing his scalp. The car was a Ford coupe, and it is reported that when it was found it was standing up on end. Mr. Keegan's injuries were caused by broken glass, and on being brought to the office of Dr. McMurdo it was found he was quite seriously hurt. His injuries were dressed, and it took just 42 stitches to close the wound.

PARTY FOR TEACHERS.
The public has been cordially invited by the social committee of the Patron-Teacher association to attend a Halloween party in honor of the teachers at the Episcopal parish house tomorrow, Friday, evening at 8 o'clock. An enjoyable evening is being arranged for all who attend.

Ex-Service Men Invited

All ex-service men in the Heppner territory are invited to attend the Armistice Day Banquet of Heppner Post No. 87, American Legion, to be held at Legion headquarters in Heppner. Membership in the Legion is not necessary and all former service men are urged to attend whether members or not. The meet call will count at 6:00 p. m. sharp and there will be no charge. Invitations are being sent out, but as it is not possible to secure the names of all ex-service men it is desired that you do not wait for an invitation but notify Spencer Crawford at C. T. office, or Paul Gemmill at Cohn Auto Co., that you will be there. It is necessary that we know approximately how many to prepare for.
SPENCER CRAWFORD, P. C.

REBEKAHS HOLD CONVENTION AT HEPPNER FRIDAY

Officers Elected for Next Year and Program Enjoyed; Lone to Be Host in 1928.

The annual convention of the Rebekahs of District No. 20 was held at Heppner on October 21, opening at 1:30 in special session by San Souci lodge. After the regular opening ceremonies the officers of the lodge surrounded their chairs to the officers of the convention, with Sisters Olive Frye, chairman, Lena Lundell, vice-chairman, Rena Knight, L. S., Florence Hughes, R. S., to vice chairman, Ada Brown, L. S., Vida Heliker, warden, Anna Brown, conductor, Opal Ayers, O. G., Emma Jones, I. G., and Ola Ward, chaplain.

A telegram from the president of the Rebekah assembly was read, stating she was very sorry she was unable to be present.

Minutes of previous convention were read and approved, after which the following committees were appointed: Resolution, Thanks, Memorial, Question and Praise.

An interesting talk on harmony was given by Sister Dimick of Myrtle lodge No. 70.

An invitation was extended by the lone lodge to meet with them next Thursday, the meeting to be held the first Thursday in November. This invitation was accepted.

The following officers were elected for next year: Lena Lundell, chairman; Ella Bengé, vice chairman; Verda Ritchie, secretary-treasurer; Alice McNabb, L. S. to chairman; Opal Ayers, warden; Letha Smith, conductor; Lucy Harrison, chaplain; Clara Kincaid, R. S. to vice chairman; Florence Hughes, L. S. to vice chairman; Della McCurdy, I. G., Emma Peck, O. G.

Hardman lodge demonstrated receiving and introducing a visitor of another jurisdiction. This closed the afternoon session, and at six o'clock a banquet was served by the members of San Souci lodge, which was enjoyed by all. The following program was then given:

Music, by Mrs. Roy Missildine and daughters.
Reading, by Mrs. Corson.
Vocal solo, Miss Wright.
Whistling solo, Miss Phelps.

Immediately after the program the public retired and lodge was opened in regular session by San Souci lodge and after the regular order of business, chairs were surrendered to the convention officers.

An address of welcome was given by Sister Helen M. Walker of Heppner, responded to by Brother W. W. Hill of Iona.

Roll call of lodges showed an attendance from each lodge in the district. Different phases of the ritualistic work were exemplified by the various lodges. Reports of committees were read and accepted, when the chairs were surrendered to San Souci lodge, and thus was brought to a close a most interesting and instructive convention.

ILLIAN C. TURNER, MARY SWANSON, ESTHER McDUFFEE, Press Committee.
C. E. CONVENTION COMING.
The annual Columbia Union Christian Endeavor convention will be held in Heppner at the Christian church, on November 11, 12 and 13. Delegates will come from the various societies of the union including Pendleton, Milton, Freewater, and many smaller towns. These will be entertained by the local young people who are expecting a large crowd and desire the cooperation of the various churches of the town to supply food and breakfast for the visitors. Those wishing to accommodate some of these fine young people in their homes will please communicate with Kenneth Oviatt or John Conder.

Several speakers of renown have been secured to instruct the young people of whom the more noted are Paul Brown and Dallas Rice.

MISS FREDERICKSON WINNER.
Tuesday's East Oregonian.
Miss Esther Frederickson, pupil of Bery A. McDonald of this city, was one of the four winners in the preliminary contest sponsored by the I. Kaufman of Portland, to determine the best young Oregon violinist. The contest was held in the recital hall of the studio building in Portland last evening, with fourteen contestants from Portland, Corvallis, Roseburg, La Grande, Medford and Pendleton competing. The four winners in last night's contest will be heard in a final contest next Monday evening.

Judges for last night's competition were William von Hoogstraten, conductor of the Portland Symphony orchestra; Liborius Hauptman, music director for KGW, and Mr. Kaufman.

ATTEND BAKER SHEEP MEETING.
Chas. W. Smith, county agent, in company with Jack Hynd, Tom O'Brien and Garnet Burratt, returned home yesterday after attending the big meeting of sheepmen at Baker on Tuesday. They announce an attendance of more than a hundred stockmen who were given the same concessions as those obtained at the Pendleton meeting the first of the week.

Wheat shipments are keeping up at a good average with 46 carloads billed from the local station so far this month, and still the warehouses and elevator are packed, with more coming in from the fields. It will take the most of the winter to move the local 1927 harvest.

Spirit Time Near; But Wayward Ones Beware

When ghosts and goblins and jack-o'-lanterns appear Monday night, the time for revelry will have arrived and from the scheduled events prepared for that evening, the occasion will be duly celebrated in Heppner. Parties at the various churches have been planned, and a dance for Elks and their ladies, which with the numerous private parties will keep nearly everyone busy. However, a word of precaution to what roving spirits there may be at large, has been issued by E. G. Noble, mayor, who puts forth the following proclamation:

"In years past it has been the custom of Halloween celebrators to move and otherwise destroy property, both public and private; also the habit of placing obstructions in the streets and highways which endanger life in this day of automobiles. Believing such customs should not be tolerated, I, E. G. Noble, Mayor of the City of Heppner, do hereby proclaim every property owner and householder clothed with police authority to make arrest of anyone committing such violations in their presence, and surrender such party or parties so arrested to the police authority of the city. This is not a privilege but a duty you should perform."

Miss Bengé Elected to College Dramatic Club

Mr. and Mrs. Eph Eskelson have just received word of the initiation of their daughter, Miss Gladys Bengé to the Whitman College Dramatic club. Only a few members are taken in each term, and Miss Bengé is one of three to be elected this year. Miss Bengé is also president of her sorority, Theta Chi Theta, president of the Pan-Hellenic council of Whitman college, and a participant in many other campus activities. Besides dramatics she is on the staff of the Pioneer, college paper, is a member of the Theta Chi Theta orchestra, the only girls' orchestra on the campus.

Each year one upperclass girl is chosen for the position of assistant instructor in physical education, and this year Miss Bengé holds this position. She is completing in three years a full four years' major in chemistry and is a senior at Whitman.

HUNTER ACCIDENTALLY SHOT.

Dr. A. McMurdo and W. W. Smead returned from their hunt in the Greenhorn mountains near the Stalter mines, the end of the week. They were not fortunate in getting deer, but Dr. McMurdo shot a very fine big bear, whose pelt will make a beautiful rug. An incident of the hunt was the very unfortunate accident to Scott Van Irons, bookkeeper for the Union Oil company at Portland, who with his wife, were on their way to Idaho for a visit with relatives, and taking time to hunt while en route. Mr. and Mrs. Van Irons joined Dr. McMurdo and Mr. Smead in the hunt near Austin, after they had met at Prairie City on Sunday. On Monday they went out for deer, running out first a doe, and later a buck, which Dr. McMurdo took a shot at. In the meantime Mr. and Mrs. Van Irons had gone on ahead to a point beyond where the deer appeared, but not in sight when the deer fired, and immediately after a yell was heard, and before Dr. McMurdo shot again, he and Mr. Smead investigated and found that the Portland man had been wounded through the left wrist. First aid was immediately rendered and Dr. McMurdo put the man in his car and took him to the hospital at Baker, some 80 miles distant and operated on him, leaving him in the hospital there until he and Mr. Smead returned to Heppner by way of Baker and the injured man was brought here and placed in the Heppner Surgical hospital to be cared for until he recovers. His case is coming along all right, and he will soon be out, though it is feared that the nature of the injuries are such that Mr. Van Irons will have a stiff wrist. Dr. McMurdo does not believe the injured man is in direct line of his shot, but at any rate the accident was a very unfortunate one, and much to be regretted.

MISS MC MONIES TO WED.

Announcement has been made of the engagement of Miss Marjorie McMonies and Harold Kooz of Pendleton. Miss McMonies is the daughter of Mr. and Mrs. F. J. McMonies, formerly of this city, now of Portland, and attended high school here. Mr. Kooz attended University of Wyoming and is a member of Sigma Alpha Epsilon. The wedding will be an event of next month and the couple will reside here.—Friday's East Oregonian.

Harold Kooz is the oldest son of Mr. and Mrs. J. D. Kooz. Mrs. Kooz will be remembered by many Heppner people as Ida Cowins, and lived at the Cowins home for a number of years, and attended school here when a girl. Mr. Kooz also lived in Heppner a number of years ago and is known by many in this locality.

ALL DAY MEETING AT PINE CITY.

The Alpine and Pine City Churches of Christ will worship together Sunday at Pine City. Preaching at eleven, basket dinner at noon, Sunday school at two and preaching at three. The preaching will be done by Evangelist James A. Pointer. All friends are welcome.

DISTRICT MEETING OF EASTERN STAR WELL ATTENDED

Chapters of Arlington, Ione and Heppner Gather Here to Welcome Worthy Grand Matron.

Jasmine, Locust and Ruth chapters, Order of Eastern Star, of Arlington, Ione and Heppner, met in the local Masonic temple last Thursday evening in a district meeting at which Mrs. Margaret Barnes of Grants Pass, worthy grand matron of Oregon, was the honor guest. Many of the members of the outside chapters were present.

Following the opening ceremonies by the local chapter, officers of Ione chapter exemplified the voting procedure. The initiatory work was efficiently and impressively exemplified by the officers of Jasmine chapter, Mr. and Mrs. E. H. Bunn of this city being the candidates.

Mrs. Barnes, in an appropriate address following the initiation work, outlined some of the aims of the grand chapter for the year and complimented the three chapters of this district upon the excellence of their work. She showed herself to be a very gracious critic and her remarks were well received. Mrs. Barnes received a silver tea set from the three chapters as a mark of esteem and respect, Dean T. Goodman, past worthy patron of the local chapter, making the presentation.

A delicious lunch concluded the evening's entertainment.

Armistice Day Program Will Interest Everyone

The plans for the Armistice Day celebration, under the auspices of Heppner Post No. 87, American Legion, and Auxiliary, are rapidly being completed, and give promise of having features which will interest everyone. In the morning at eleven o'clock there will be held an appropriate program, consisting of music and an address. The place of holding this meeting has not yet been definitely decided but will be announced next week.

In the afternoon at Gentry Field Ione and Heppner high schools will play what is expected to be one of the best football games of the interscholastic season. This game is not under the auspices of the service organizations, however it makes up a part of the day's activities. In the evening at Legion headquarters at 6:00 o'clock will be held the Armistice Day banquet to which all ex-service men and women are invited. Officers of the post wish to make it plain that all ex-service men are invited and urged to attend this banquet whether members of the Legion or not. It also is desired that those expecting to attend notify post officers by the 5th of the month so they may know how many to prepare for. This banquet is complimentary and there will be no charge to those attending.

Later in the evening will be held the Armistice Day hall at Elks' temple. The music for this festive dance will be supplied by Fletcher's Round-up orchestra of Pendleton. All who attended the dances during the Red-Red know that no better music is obtainable anywhere than is furnished by this popular organization. Special features are being planned which will make this one of the most delightful social occasions of the season.

All in all, the day's program contains features to appeal to any taste, and Armistice Day in Heppner will be fittingly observed.

VAUDEVILLE COMING.

Many novel features are being prepared for the Lexington high school Vaudeville, to be given in the school auditorium Friday, October 28, at 8 o'clock.

It will be well worth the price of admission to see our dignified senior Jim Leach, take the part of a red-headed old maid, entertaining her two beaux. Jim does a fainting act so realistically that probably half the audience will rush to his aid with a bottle of smelling salts.

Erna Duval and Buck Rubi, as Mr. and Mrs. Peabody, get into such a heated argument over a smashed bonnet that it actually reminds one of home. As usual the wife is victorious and peace once more reigns in the Peabody household.

Midnight! Many unusual happenings can take place during this dark hour; Gwendolyn Evans and Nevada Warner will tell you all about it in a delightful fantasy entitled "1750-1927."

This Week

By Arthur Brisbane

Monkey Superman. 115 Rattlesnakes. Her Quivering Flesh. Industry and Science.

Professor Voronoff has made old men seem younger with the help of monkey glands, has made science take him seriously.

Now he proposes to create supermen, such as Nietzsche dreamed of, by using animal glands on young children of exceptional talent. He believes that he will create geniuses such as earth never saw, in the children of children thus treated. The old-fashioned will believe that if monkeys could help create finer men, Nature and wise Providence would have called on the monkeys long ago.

Also a race of supermen is just what the world does NOT want. Tall men like short women, thin women admire fat men, genius marries mediocrity, all proof that Nature wants us to march along side by side, about even, not a few far ahead of the others, or riding on the backs of others.

Those that run risks today will have contributed to absolute safe flying in the future. Lindbergh says flying overland with a good pilot and machine is safer now than automobilizing.

Better machines will soon make ocean flights as simple and safe as a flight over the English Channel, for which \$50,000 fine, a few years ago, offered a Northcliffe prize.

Moving pictures show Lionel Barrymore holding the red-hot branding iron, Alleen Pringle providing the snow-white shoulder and quivering flesh to which the "red-hot" iron will be applied.

Thousands, shuddering at this branding, will hardly realize that such torture would have been considered natural a few years ago. Men were skinned alive, impaled on sharp shafts and left dying for hours.

At the time of Henry the Second, a workman was branded on the cheek with a hot iron, if without permission he left his parish to find work in another.

Those Henry the Second workmen may comfort united coal mine workers of America, forbidden by court injunction to interfere with the Pittsburgh Terminal Coal Corporation's open shop.

That injunction and others like it will do a great deal to make unions powerless. But it isn't as bad as being branded for going out of your parish to look for work. We do improve, however slowly.

Near Riverton, Wyoming, Ted Lee killed 115 rattlesnakes with a shovel. Rattlesnakes rely entirely on poison and conceit, which makes it easy to destroy them. So with those that pervert truth in history, religion, or otherwise. They rely on a poison which is not reliable, and are disposed of easily.

Every year there are born in Germany 15,000 pairs of twins, 200 sets of triplets. And a sprinkling of quadruplets. No nation has so many.

This human fertility is more important to Germany than any of her factories. The real wealth is human intelligence and industry, and the world's mothers create its real wealth.

A British lady doctor, Dorothy Cochrane Logan, swims the English Channel in 13 hours and 10 minutes, cutting Gertrude Ederle's record by 1 hour, 24 minutes. This does not mean eclipsing the Ederle achievement. It all depends on wind, tide and waves, as you know if you have sailed across that rough, mean and choppy stretch of water.

Similarly the man who dies with a "big name" and millions has not necessarily beaten the record of some poor devil ending in the Potters' field. ALL depends on the kind of sailing each had on life's water.

In Los Angeles last week, Max S. Hayes, farmer-labor candidate for Vice-President in 1920, told the American Federation of Labor that it ought to start a labor party in 1928. President Green, of the Federation, knows that failure is no good advertisement, and will not advise a step that would mean a miserably poor showing and hurt the prestige of organized labor. Union men know that one of two candidates will win the 1928 election, and they will reserve the right to vote for the one they consider the better man.

ALL SAINTS' EPISCOPAL CHURCH.
Sunday school at 9:45 o'clock.
Morning prayer and sermon at 11 o'clock.
Evening service at 8:00 o'clock. The Ven. Sidney W. Creasey will have charge of the service.
"The Lord giveth wisdom: out of His mouth cometh knowledge and understanding."—Prov. 2:4.
REV. STANLEY MOORE, Missionary in Charge.
