## LEGION IS HOST FOR TOMORROW

Memorial Services at 11 O'clock A. M. Starts Day's Program.

## HIGH SCHOOLS CLASH

Football Game Comes at 2:00; Banquet for Veterans and Dance in the Evening.

November 11, 1918, the armies of the world powers were withdrawn from battle—an armistice was signed. Tomorrow the day will be fittingly commemorated in many parts of the world, and in Heppner the American Legion will be hosts for its celebration.

That those comrades who shed their blood in foreign lands, many of whom lie in unmarked tombs, may be remembered, a memorial service will be held at the Elks hall at 11 o'clock in the morning.

In the afternoon and evening more of the spirit of joy of those who survived will be revived. At 2 o'clock Heppner and Ione high school football teams will clash at Rodeo field.

At 6 Legionaires together with all ex-service men and women who care to attend will gather for a banquet at Legion headquarters. For the remainder of the day, dancing for those who care to attend, will take place at the Elks hall with music furnished by Fletcher's Round-Up orchestra of Pendleton.

The morning program will be as follows: "America"—Audience. Invocation—Rev. Stanley Moore. Solo—"The Winding Trail"—Mrs. Lea Taylor.

"In Flanders Field."—Loa Taylor. Glee Club—"Our Colors"—Loa Taylor, Doris Burgess, Harriet Gummel, Elsie Cowins, Helen Collin, Hanna Jones, Lucile Wilson, Clara Flory.

"Star Spangled Banner."—Benediction. E. G. Noble, mayor of the city, has issued a proclamation declaring the day a holiday and urging citizens of the city to join with the Legion in making the day a success. Business houses will close at 11 a. m. for the remainder of the day.

It is expected the football game will be hotly contested as Heppner is the 36th Upper-Columbia league champion in, now being a tie with Corvallis, and the fast 10 team is determined to spoil their chances. Coach Johnson calls special attention to the time 2 o'clock instead of 2:30 as advertised by the Legion, the time being set ahead as a courtesy to the visitors.

There should also be no confusion of the dance tomorrow night with the dance advertised for Saturday night, for which Cole Madison's Dance band of Portland will furnish the music.

## RENEW ACQUAINTANCESHIP.

Mr. and Mrs. W. D. DeVarney and Mr. and Mrs. D. J. Butcher were Heppner visitors Monday. Mr. DeVarney is franchise man for the Pacific Telephone and Telegraph company from Portland and Mr. Butcher district manager from The Dalles. The two men had business in connection with the granting of a new franchise to the company by the city of Heppner. Mr. DeVarney has acted in his present capacity for many years, and years ago he went to Albany to secure a franchise for his company. At that time E. R. Huston, city recorder, was a member of the Albany city council and became acquainted with Mr. DeVarney. They met again Monday under similar conditions and enjoyed relating the story of the Albany franchise which was put across with considerable difficulty.

## HAS ATTRACTIVE NEW FRONT.

Patterson & Son, retail druggists, have entirely renovated the front of their store, putting in the very latest type of display windows. The store front is now one of the most modern and attractive in the city. The store entrance, set in several feet from the walk, has a large display window on either side. Large panes of plate glass offer an unimpeded view of the window interiors which are finished with oak stained paneling and varnished. The window abutments are of concrete, finished in dark blue-grey, with glass fittings of brass. The Gonty shoe store and M. D. Clark store fronts were also remodeled in keeping with the Patterson front design.

## GRAVES BEING TRIED.

Harvey Graves, arrested here early in the spring on a charge of theft of wool from the Krebs ranch, and who broke jail on May 13, completely disappearing until apprehended later at Huntington by Idaho officials who wanted him in connection with a later law violation, is being tried this week at Moscow, Idaho. Sheriff McDuffee is in the Idaho city attending the trial. It is possible that Graves may be brought here later to stand trial for the charges held against him.

## PENDLETON ELKS HERE.

A degree team from the Pendleton lodge, B. P. O. E., will be in Heppner this evening to assist the local lodge in the initiation of a class of candidates. A royal welcome has been planned for the visitors, and Clarence Bauman, exalted ruler, urges all "Bills" to be on deck.

## FIRST LYCEUM NUMBER PLEASES LARGE AUDIENCE

Versatile Program Presented by American Glee Club; Next Number in Auditorium.

The four versatile and accomplished members of the American Glee Club who opened the Heppner Lyceum season at the Star theater Tuesday evening completely won the large audience. Only a few scattering seats were unfilled.

Intermingled with quartette arrangements, solos, readings, saxophone duets, bell ringing and xylophone playing, covering a wide range of classical and popular selections of both serious and lighter vein, their program was presented straight through without a pause. The hour and a half entertainment passed so quickly that many surprised faces were noted when the conclusion was announced.

Considering weather conditions, cold and rainy on that evening, Superintendent Burgess, who has had a large part of the care of promoting the lyceum, declares the P. T. A. committee is well satisfied with the starting number and the attendance. Though a large number of season tickets were sold beforehand, \$104 was received at the ticket window on Tuesday evening. The remainder of the lyceum course will be held in the new school auditorium-gymnasium, the arrangement of which, it is believed, will be ideal for such presentations. For those who have not yet purchased season tickets, Mr. Burgess suggests it is not too late now to do so, as a saving of 40 cents may be made on the four remaining numbers by buying the season ticket at \$2. Single admission price for each number is 50 cents.

Those presenting Tuesday's entertainment were Lancelot Burton, cello and tenor, piano, saxophone, reader, bell; Edward Servans, first tenor, banjo, xylophone, bells; Anthony Dworak, bass, saxophone, xylophone, piano, bells; Ben Myers, baritone, saxophone, xylophone, bells, banjo.

The next number will be presented on November 18 by the Cosford Trio.

## Health Work in Schools Vital to Fighting T. B.

More than 12,000 people have been killed in Oregon by tuberculosis during the past twenty years, according to a compilation made by the Oregon Tuberculosis association and released today. This total has been rolled up in spite of the downward trend of the tuberculosis death rate.

"If the 1907 death rate had continued down to the present time," the article continues, "we would have lost more than 820 Oregon people with this disease in 1926. But the rate has fallen from 89 deaths per 100,000 people in 1900 to 61 per 100,000 in 1926. Even with our large increase in population, the number of tuberculosis deaths was down to 528 in 1926, or nearly 300 less than would have been lost if the old rate had not been cut down."

The Oregon Tuberculosis association heartily endorses a statement in the editorial columns of the Medford Mail-Tribune, October 30th, according to Lloyd Wilcox, publicity director of the association. The statement follows:

"Education is of value only as it contributes to the individual's capacity to meet the problem of life successfully. One of the greatest problems in the maintenance of health is an educational system that does everything for the mind and nothing for the body, falls before it starts."

"Following out its belief in this principle," said Mr. Wilcox in commenting upon the editorial, "the Oregon Tuberculosis association and its 19 affiliated county public health associations have continually worked to stimulate health teaching through the public schools and to promote public health nursing by supplying demonstration nursing service."

"This work is paid for by the annual sale of Christmas Seals in all parts of Oregon. The Christmas Seal sale opens this year on November 25."

## FOOTBALL TEAM BANQUETS.

The Heppner town football team enjoyed a banquet at the Elkhorn restaurant at 9 o'clock Sunday evening. Most of the team with a few invited guests partook of a fine clam feed with much "trimmin's," and football, pro and con, was the theme for toasts under the direction of Paul Aiken, toastmaster. The boys considered the season so far quite successful, though only two games, both with Lexington, have been played. Many signified their willingness and desire to continue the season and Francis Doherty, manager, is getting in touch with some outside teams in an attempt to schedule games.

## E. O. STARTS SERVICE HERE.

The Pendleton East Oregonian started a circulation promotion campaign in this city yesterday. With the change in stage schedule last Saturday the paper is delivered here the evening of publication date, and last evening hustlers were busy circulating an edition that featured local news gathered by Burton S. Hutton, field editor of the paper, who has office quarters in this city. The edition yesterday was featured by a four-page advertising section of Bond Bros., department store, filled with holiday offerings.

## LUMBER FOR SALE.

I have here for sale a quantity of second hand lumber, including storage shed. Must go quickly at great saving in price. Call at new school building, Heppner.

## RED CROSS ROLL CALL TO START TOMORROW WITH ONE DAY DRIVE

For a most worthy cause—get out your dollar. Tomorrow you will be solicited for membership in the American National Red Cross, the annual roll call starting on Armistice Day and carrying through to the 24th of this month. But locally only one drive will be made—tomorrow.

During the war Moscow county was the first to go over the top for the Red Cross in the state. It can and should be done again. The work of the Red Cross is proved. Everyone should belong.

In the last two years more than \$500 has been expended by the local chapter in relief work. A good portion of this went to the Mississippi flood relief, but the rest was expended locally in helping destitute families and other deserving cases. The Red Cross works quietly and effectively—little noise being made about the work done and many people have known nothing of it. Still the good has been accomplished.

Of every membership taken locally, 50c is sent to the national organization and the remainder is kept in the local chapter fund. For this reason local officers urge club subscriptions, in which families or other groups pool their dollars and take out one membership. Those who can afford to do so are also urged to take longer memberships.

Mrs. W. P. Mahoney, chairman of the local chapter, is in charge of the drive tomorrow. Paul M. Gemmill is treasurer.

## "Dummy" Chosen as Play for Junior Class

A new, three-act, royalty play, "Dummy," by Ross Farquhar, has been chosen by the class of '29, Heppner high school, for the annual performance. This is a mystery comedy, and promises a unique form of amusement, under the competent direction of Miss Deloris Pearson. The tentative date of the performance will be Thursday, December 15, and it will be presented in the new high school auditorium. The play cast is diligently practicing each evening in order that they can give a fitting presentation of the drama on the evening of their debut in local circles.

Look for further information regarding the play in each of the succeeding issues of this paper until the evening of December 15, the intended date of presentation.

Included in the cast for the play are Harlan Devin, Margaret Notson, Patricia Mahoney, Clair Cox, Clarence Hayes, Paul Jones, Jack Casteel, Vernon Owens and Dorothy Herren.

Others connected with the presentation are Valcie Bramer, Terrel Bengt, Maurice Edmundson, Gerald Swaggart, Mildred Hanna, Julia Harris and Martha Driscoll.

## MRS. HARRIET LAWSON.

Mrs. Harriet Lawson, mother of Mrs. S. N. Slyter and Mrs. Albert E. Moore of this city, passed away at the home of Mrs. Slyter on Sunday at the age of 79 years. The Lawsons were pioneer residents of this community but recently spent ten years in eastern Oregon. They returned to Newberg a few years ago.

Harriet Williams was born in Wapello county, Ia., March 8, 1848, and departed this life at her home in Newberg, Ore., Oct. 30, 1927, aged 79 years, 7 months and 22 days.

The deceased was married to William Crayton Lawson on Feb. 12, 1868, and to this union seven children were born, all of whom survive except Sarah Spencer, who departed this life on April 30, 1925. The deceased left to mourn her loss, her husband, William Lawson, and the following children: Margaret Brown, Portland; Arthur Lawson, Portland; Mrs. Hester Slyter, Newberg; Ivy Everson, Newberg; William Lawson, Glendale, Ore.; Nolan Lawson, Boise, Ida.; one brother, Will Williams, Maupin, Ore.; and two sisters, Lena Stevenson, Gaston, Ore.; and Martha Rouse of Iowa.

Funeral services were conducted from the W. W. Hollingsworth & Son chapel at 2 p. m. Tuesday, Rev. W. S. Gleiser officiating. Interment followed in the local cemetery.

## BUYS BUTLER STOCK.

G. W. Moore of Kimberley bought 19 head of Jersey cows, purebred stock, and a registered bull from Ralph Butler of this city who farms on Lower Wolf creek, the last of the week. Mr. Moore is taking the stock to Grant county to put out among farmers there. Farmers of that vicinity are going into dairying quite extensively since the John Day highway has gone through as they get daily service on their cream to market.

## WRIGHT BOY STRICKEN.

Orrain Wright, young son of Mr. and Mrs. Moses Wright of Pendleton, and formerly of this city, has been afflicted with infantile paralysis and a report reaching Heppner the first of the week was to the effect that the disease had settled in his legs. The sad news comes as a shock to friends here. A child living next door to the Wrights is reported to have died from the disease.

## Pilot Rock Turkeys Go to Swift and Co.

Pilot Rock turkey growers who awarded their birds to Swift & Co. Tuesday night, will receive 40c or better. The company named was the only bidder, and a fixed offer was not made. Two carloads from the Rock will be ready for the Thanksgiving market, according to report. The birds will be killed Monday and shipped Friday for the Portland market. It was believed it might be necessary to get "roughers" out of Portland to assist in the dressing.

## LEX TO PLAY PENDLETON.

The Lexington town football team strengthened by the addition of several Heppner players, will journey to Pendleton tomorrow to help stage one of the main events on the Armistice Day program. They will play the Pendleton alumni team, Gene Doherty, Dan Beightie and Phillip von Luken are Heppner players who have been asked to play.

## CITY FATHERS PLAN MORE IMPROVING

Mudhole at Hotel, Iron Fence on Baltimore to Be Remedied.

## FRANCHISE IS ASKED

Telephone Company Finishes 30-Year Operation; Street and Water Main Work Progressing.

In line with the city of Heppner's improvement policy which has included in the past month such street improvement and relaying of larger water mains, comes action at the council meeting Monday night calling for the rebuilding of an iron fence on Baltimore street and the elimination of the mudhole on Willow street adjacent to Hotel Heppner.

The matter of a new franchise for the Pacific Telephone and Telegraph company was also presented in the form of an ordinance.

The iron fence will be rebuilt on the concrete retaining wall by the Magnuson property on Baltimore, being one of the main avenues of approach to the school. The fence that once was placed there was destroyed by some delinquent juveniles a few years ago. The absence constitutes a menace to school children, in the opinion of the council, and it was consequently ordered to be replaced.

To do away with an unsightly inconvenience to visitors who park at the hotel lobby entrance, the city authorized the grading up of Willow street by the hotel and graveling to the curb, with proper drainage facilities to care for the waste water from Main street that in the past has run into the street at this point, forming a bad mud hole.

First and second reading was made of a proposed ordinance to grant the Pacific Telephone and Telegraph company a new 30-year franchise, the company's present franchise expiring next month. The first franchise was granted thirty years ago to the old Home Telephone company. The ordinance does not ask for an exclusive franchise and was looked upon favorably with the exception of one clause relating to the construction of poles, which in the opinion of Councilman Sweek, does not give the city sufficient protection. This matter will be taken up with W. D. DeVarney, the company's franchise man, and the third reading will be made at the December meeting if a special meeting is not called before that time.

Mr. DeVarney who was in Heppner Monday but unable to stay for the council meeting because of a pressing engagement elsewhere, declares that the company has been going behind on their operations in this city largely due to the extensive improvements in their service here.

The matter of fencing the highway near the corner of the school building at the junction of the city street with the Oregon-Washington highway was also discussed by the city fathers. A real menace to motorists exists the way the road at this point now stands, they believe, and steps may soon be taken to remedy this in the way mentioned.

Work of relaying the water mains on Gale street is progressing rapidly, three blocks having been completed. The pipe being put in is three inches in diameter to replace the former two-inch pipe, which was not large enough to supply the district adequately. Preparations are also being made for relaying the mains on May street in larger pipe.

The city is putting in shape nearly all of the principal streets of the city this fall, and more rock is being blasted out at the city crusher for gravelling. While the council is assured that the permanent street improvement of the kind they are now doing is the best way to do it, it is believed a little more money will need to be appropriated to care for the maintenance next year.

The budget committee was appointed at this meeting to meet some time this week, the day not being yet announced. Frank Gilliam, Jas. Thomson and Gay M. Anderson were appointed the three freeholders to act with the city finance committee made up of C. L. Sweek, M. D. Clark and L. E. Bisbee, to draw up next year's budget.

## PROCLAMATION.

In view of the fact that, on November 11, 1918, an armistice was signed after a great world conflict marking an outstanding milestone in the progress of peace and civilization; and whereas the memories of that day are fresh in the minds of all who were then living, and its symbolism is dear to their hearts, it is fitting and proper that November 11, 1927, the anniversary of that day, be set aside as a memorial; therefore, I, E. G. Noble, mayor of the City of Heppner, do hereby proclaim said November 11, 1927, a legal holiday and urge the citizens of the city to join in with the Heppner Post American Legion in making the day successful in its purpose.

E. G. NOBLE, Mayor.

## LOCAL NEWS ITEMS

Minor Brady, little grandson of Mr. and Mrs. C. A. Minor, underwent an operation at the office of Dr. McMurdo on Friday for the removal of tonsils and adenoids. At this writing the little fellow is out and playing again.

Born to Mr. and Mrs. Everett Johnson of Kimberley, Oregon, at the home of Mr. and Mrs. Chas. McDaniel in Hardman on Sunday, Nov. 6, an 8-pound boy. Dr. McMurdo attended, and reports mother and child as doing well.

Walter Rood suffered a slight dislocation of his knee, and the joint was badly sprained when he slipped on the wet steps near his home Saturday evening. Dr. McMurdo rendered surgical aid.

Mrs. Jackson of Ione, who has been in the Morrow General hospital in this city, suffering an acute attack of gallstones, has returned to her home fully recovered.

Dr. A. H. Johnston was called to Arlington Saturday to attend Frank Klester, a resident of that city, who died from an attack of apoplexy.

Miss Hildreth, teacher of the Lena school, was operated on at the office of Dr. McMurdo on Saturday for the removal of her tonsils.

Mr. and Mrs. George Snider are the proud parents of a 9-pound boy, born to them at Morrow General hospital on Tuesday, Nov. 8th.

Born at Morrow General hospital in this city on Monday, November 7th, to Mr. and Mrs. Lewis Ball of Ione, a 10-pound son.

Mrs. J. C. Swift, who is ill at Morrow General hospital, is reported as improving and will be up in a few days.

## C. E. Convention Here Friday, Saturday, Sunday

Of much interest to those who are members of the United Society of Christian Endeavor is the convention of the Columbia district to be held in this city on the last of the week, beginning Friday evening. The sessions will be held at the Christian church and will be attended by officers and speakers of note. Among these are Paul C. Brown, Pacific coast field secretary, who is nationally known for his splendid work among young people; Dallas Rice of Portland, field secretary for Oregon C. E. Union, who has attended all of the fall conventions of the various unions. Pastors to attend and address the sessions will be Rev. G. G. Bruce of the Pendleton Presbyterian church; Miss Charlotte Rasmussen of Milton; Dr. A. T. Thompson of Portland, synodical executive for the state of Oregon, who will deliver two addresses. Besides these there will be numerous others of more local repute, and the convention gives promise of being very successful.

Some 200 delegates are expected to be in attendance, and the people of the city will open their homes for their entertainment, giving bed and breakfast.

GYM NEARLY COMPLETED.

Contractor Olson announces work on the new school auditorium-gymnasium will be entirely completed by Saturday of next week and nearly everything should be done by Tuesday or Wednesday, barring too much inclement weather. The rains of the past week have prevented some work being done on the outside that can now be done with the sun shining again today. The school board has expressed much pleasure for the excellent construction work done on every hand. It is expected the seats will be on hand ready to install as soon as the construction work is finished.

BEEKEEPERS TO MEET.

O. A. C. Corvallis, Nov. 8.—Cooperative marketing will be an important item on the program of the Oregon State Beekeepers association at its annual convention in Hermiston November 17-19. Arrangements for many prominent speakers have been made, announces H. A. Scullen, secretary of the association and college bee specialist. An entertainment feature of the session is a rabbit drive scheduled for Sunday, November 20.

P. T. A. HAS MEETING.

A very interesting meeting of the Heppner P. T. A. was held Tuesday afternoon in the high school auditorium. An interesting program was given which was as follows: Health song and playlet, by third grade, assisted by the second grade. "Relation of Teeth to the Child's Health," Dr. Fred Farrior. Epidemics, Dr. A. D. McMurdo. Food Habits for Children, Miss Murray.

This meeting was well attended and it is hoped that we will have as large attendance at the future meetings.

The membership committee's report was: Mrs. Clara Beamer, 80 members, and Mrs. Geo. Moore, 51 members. Others, however, expect to join later.

Miss Case's room won the \$5 for having the most parents and friends present.

## HEPPNER AND CONDON TIE FOR CHAMPIONSHIP

Heppnerian Reporter. Last Saturday, November 5, the Heppner and Condon high school football teams met on the local field and battled to a sensational 6 to 6 tie. Both teams made a desperate fight to put over the winning points but they were so evenly matched that scoring was not an easy matter.

Condon won the toss and chose to kick. Heppner received and returned to the 40-yard line. They started a grand march toward the goal only to lose the ball on a fumble which was recovered by a sharp-eyed Condon man. The possession of the ball passed from one team to another all during the first quarter. Neither team was able to score during that period, although Heppner had two fine chances but failed to penetrate the strong Condon line for needed yardage, which added to costly fumbles, resulted in no scoring.

Shortly after the beginning of the second quarter Condon failed to make yardage, punted to Heppner. Gentry, Heppner quarterback and captain, receive the ball and carried it, with the aid of splendid interference, through the entire Condon team on a pretty 65-yard run for the only Heppner score of the game. They failed to complete a pass for their extra point, thus making the score 6 to 0 in favor of Heppner.

The second half started with each team still determined to fight to the finish and win the game. Neither team threatened seriously in the third quarter, both teams resorting to passing and punting.

In the fourth quarter Condon opened up with a passing attack which netted them a touchdown. They failed to convert the try for point, making the score tied at 6-6. Heppner then came back desperately trying to break the tie. The game ended with the ball in Heppner's possession on the Condon 15-yard line.

Those who witnessed the game enjoyed a well played battle for gridiron honors. Neither team had a decided edge on the other. Condon excelled in punting, although the Heppnerites had the ball in the Condon territory a greater portion of the game. Heppner and Condon are still tied for the league championship. Each team has two victories and one tie game. On Armistice Day, Friday, Ione plays Heppner at Heppner in what promises to be a very interesting encounter. On that same day Condon meets Fossil. If Condon and Heppner both win these contests they will still be tied for championship honors.

The game tomorrow starts promptly at 2:00 o'clock.

## Mrs. Arthur Smith Dies From Paralysis Stroke

Death came to Mrs. Arthur Smith, a pioneer resident of this city, following a stroke of paralysis, suffered early Tuesday morning while she was about her work. She passed away about 8:00 o'clock Tuesday evening, never having regained consciousness.

Mrs. Smith was a native of Littleton, county Tipperary, Ireland, and at the time of her death was 74 years of age. She is survived by her husband, Arthur Smith of this city, and a daughter, Mrs. Anna Webster of Portland and her two sons. She had been a resident of this city for the past 40 years, and was a highly respected citizen of this community. Funeral services will be held from the Methodist church this afternoon at 2:00 o'clock, Rev. F. R. Spaulding, pastor, officiating.

## MISS LIVINGSTONE IN RECITAL.

Lois Livingstone, daughter of Mr. and Mrs. W. O. Livingstone of Hood River, who has many friends in this county made when the family resided at Heppner a few years ago, is a promising young musician. She was presented in organ recital given by pupils of Hans Horlein at Riverside church, Hood River, Friday evening, October 28. Miss Livingstone, who is doing noteworthy work as a pianist under Mr. Horlein's instruction, has only recently begun the study of organ, yet showed remarkable progress in her playing at the recital. Besides playing a group of five organ numbers she also appeared on the program with Mr. Horlein, playing an organ sonata arranged for four hands. Mr. and Mrs. W. G. McCarty of this city, who were present at the recital, are enthusiastic about Miss Livingstone's musical progress. Mrs. Livingstone, who was stricken with an attack of heart trouble since going to Hood River, is seriously ill, though encouraging word was recently received from Mr. Livingstone by friends here.

## P. T. A. HAS MEETING.

A very interesting meeting of the Heppner P. T. A. was held Tuesday afternoon in the high school auditorium. An interesting program was given which was as follows: Health song and playlet, by third grade, assisted by the second grade. "Relation of Teeth to the Child's Health," Dr. Fred Farrior. Epidemics, Dr. A. D. McMurdo. Food Habits for Children, Miss Murray.

This meeting was well attended and it is hoped that we will have as large attendance at the future meetings.

The membership committee's report was: Mrs. Clara Beamer, 80 members, and Mrs. Geo. Moore, 51 members. Others, however, expect to join later.

Miss Case's room won the \$5 for having the most parents and friends present.

## Beauty—and Service. What Will America Be? Infantile Paralysis. The Soil of Florida.

The United States Labor Bureau says American women spend \$5,000,000 a day, \$1,825,000,000 a year, on beauty shops and aids to drubgity. Women spending the five million a day would be more beautiful if they kept the money. But spending it makes them happy, and happiness is worth its price.

Conrad Zeller, sixty-five years old, father of twenty children, retires from post office work on a pension of \$60 a month. His average pay from Uncle Sam during twenty-eight years was \$85 per month.

Not very generous from a country rich enough to let its women spend eighteen hundred millions a year on wrinkle eradication, face lifting, artificial curls and complexion.

Another step in travel by air. German and British dirigibles, each of 5,000,000 cubic feet capacity, will race around the world next year.

They expect to make the trip in twelve days, with two stops for fuel. That makes the world smaller than it was, and would interest Jules Verne. The Germans, with new light Diesel engines in their dirigibles, will surprise the world.

What is America, as regards its people, what is it destined to be? Indians were here first, Columbus came, then the Pilgrim fathers determined to worship God as they pleased and make everybody else worship him as they pleased. They would not recognize today's populations. The city of Chicago contains 450,000 Germans, 400,000 Poles, 300,000 Jews, 300,000 Irish, 200,000 Italians, 200,000 Bohemians and Czechoslovaks, 125,000 Swedes, 50,000 Norwegians, and 50,000 Greeks. Not exactly what you would call "pure Nordic."

What type, what civilization will come out of that mixture? Infantile paralysis should interest government, national, state and municipal, more than it seems to do. There are 4,000 cases in the United States now. Nobody knows how the disease starts and spreads. The disease breaks out, nobody knows how or why, in dark city streets and in distant sunlit beautiful valleys, more than a thousand miles from either ocean, and five thousand feet above them.

Such a mysterious disease mong swine or cattle would be investigated and fought by the Government energetically. The Rockefeller Institute is doing admirable work, but a nation of 115,000,000 should not leave such a fight to the generosity of one man.

Forty Florida newspapers combined to publish, every two weeks, a special supplement, called "The Farm and Grove Section." It will supply people in and out of the State with full information about Florida's agricultural resources and the way to develop them.

Mr. Frank R. Hammett, of Jacksonville, will have charge of this useful work.

Wealth and fertility unlimited are in Florida's soil.

The "tourist" will always be one of the great Florida crops, but Florida in a few years will look back with wonder to the days when the tourist was the "principal" crop of the state, and its chief financial reliance.

Industries will be established and factories built throughout Florida as they are building now in California. No one can estimate the future of that great state, only TEMPORARILY set back by real estate booming and foolishness.

Albert Edward Davies, twenty-eight, was told by doctors that his three-year-old daughter must die of septic pneumonia; it was only a matter of days. The child was in dreadful agony. The father drowned her in the bathtub to end her suffering. "I could not bear to see her suffer any longer," he said when he gave himself up.

The judge said he was bound to tell the jury: "Had this poor child been an animal instead of a human being the man would have been actually liable to punishment if he had not put it out of its misery. That is the law." The jury acquitted the man.

Birth control ladies will be interested in his case. His wife was tubercular, had four children in four years, died in the fourth childbirth. The law would have punished anybody for showing her how to avoid that.

Harold vonHorn, who is confined at the Heppner Surgical hospital is reported by his physician, Dr. McMurdo, to be very slowly recovering, but yet in a critical condition. Report of his accident was in last issue of this paper
