GRADE NEWS.

The A class of the fourth grade is taking up the study of the New England states in its geography work. This has increased the interest in present day events on the floods which are ravaging the towns and coasts especially in Massachusetts and Vermont.

The best written papers were placed on the fourth grade's bulletin board this week. Those pupils receiving this honor were, in the B class, Ronald Coblant, and in the A class, Irene Beamer, Mary Eleanor Adkins and Rosanna Farley.

The art work for the week in this grade has centered around the study of leaves of deciduous trees. Paper tearing is being used to make the different kinds of leaves.

Howard Cleveland has been ill and missed a day and a half of school. Ray Coblant and Irene Beamer tied in Curtis tests, each having finished fourteen tests.

The following officers elected this week are president, Marshall Fell; secretary, James Driscoll; board cleaner, Bernard McMurdo and Ernest Clark; room tender, Rosanna Farley; flower tender, Dorothy Brookhouser.

Miss Phelps and Miss Wright spent the Armistice day vacation in Portland. The first grade has started an interesting project. They are building a very realistic house. They plan to paper the walls and make the furniture for the rooms.

A splendid specimen of fossil formation has been added to the collection of the third grade. It shows perfectly the imprint of many leaves.

The third grade is anxiously awaiting the arrival of the books to be added to their room library. These were purchased with the five dollars won at the last Patron-Teacher's association meeting.

The second grade room has received some new and attractive articles including several sets of silent reading cards, a set of Free and Treadwell supplementary readers, some small chairs for the children with a red lacquer chair for the teacher, and seven new library books for the room library. These books are "Sunshine Farm" by Neyer; "Nibbles and Bobtail" by Davidson; "Every Day Doings at Home" by Emma Serl; "The Little Black Coal" by Eliot; "Short Stories for Little People" by Brice; "The Little Lost Pig" by Orton; "Playtime Stories" by Dunlap and Jones.

In the hygiene work the children have been carrying on a health project. The care of the teeth was especially stressed last week. A tube of tooth paste with printed instructions for the care of the teeth was hung on the wall, on which was kept the children's record, for clean teeth. This record is to be continued during the term.

The seventh grade held a class meeting Thursday, Nov. 10, in which Mary Albee was chairman. Two committees were elected at this meeting, one to furnish the program for the meeting to be held December 5, and the other to furnish a Christmas program. The committee for the December meeting is Phyllis Jane Jones, chairman, Gladys Erwin and Mary Driscoll. Those for the Christmas program are Jimmie Furlong, chairman, Gladys Cason, Beatrice Thomson, Curtis Thomson and Edmond Gonty.

Doris Cox and Edna Jones gave an excellent report on the cities of France, in geography class Monday afternoon.

The seventh B class has been studying on the problem of why the French people do not migrate.

The following are the members of the harmonies club: Mary Albee, conductor; Winifred Case, Doris Cox, Jennie Swindig, Phyllis Jane Jones, Roberta Thompson, Beatrice Thomson, Juanita Morgan, Matt Kenny, Basil Brookhouser, Billy Thomson, Frank Anderson, Curtis Thomson, Billy Becket.

ENGLISH V CLASS NEWS.

The seniors are now studying William Shakespeare and his contemporaries. Mrs. Smith has assigned some outside work to be done along with this. The work is to be

a paper, at least 25 pages in length, on the "Life of William Shakespeare."

Monday, Miss Wright favored the senior English class with a solo, "Who is Silvia?" by Shakespeare. This is one of the poems the class has been studying, and was set to music by Franz Schubert, on the approximate date of 1805.

SCHOOL HAS HOLIDAY.

Friday, November 11, was a national school holiday in remembrance of the armistice of the great war. This came as a much needed vacation to the poor, overworked students of the grade and high school. The teachers also welcomed the intermission of the usual school week as it gave them an extra day to complete

their various trips for home coming.

Great excitement reigned in school on Wednesday of last week. Mildred Green's home was reported to be burned to the ground with all the furnishings including Uncle Joshua's mustache cup going up in smoke. Rumors ran rife as to the cause of the blaze. Every story that one could imagine was told concerning the disaster, with the exception that Mildred, herself, screamed in pain from the second story and writhing in

agony perished in the flames. Undeserved sympathy poured out on the supposedly unfortunate family, until it was learned that Mildred had nearly quenched the fire with a cup of water.

HEPPNERIAN CLOCK DISPLAYED.

An attractive little clock now gracefully adorns the exhibition case in the high school hall. This prize is to be awarded the student lending the most satisfactory amount of work to the school paper during the

ensuing semester. Across the mantle of the tiny clock the word "Heppnerian" is aptly engraved and will serve as a happy reminder to the lucky one, into whose possession it will justly go.

JUNIOR CLASS PLAY.

Two changes have been made in the cast of the junior class play, "Dummy!" Patricia Mahoney will take Vivian Cason's part, and Julia

2-DOOR SEDAN

Considering Its High Resale Value The PONTIAC SIX Actually Costs You Less To Own and Drive

Even if the Pontiac Six did not command the high resale prices that it does, it would still enjoy the reputation of being a "wonderful buy" for it is the only car combining the advantages of superior six-cylinder performance and the luxuries of a Fisher body at a price of \$745. But with a high resale price which reduces the net cost of ownership, a Pontiac Six is actually more economical to own and drive. This is a direct result of definite planning to design a low-price six that would win approval on the sound principles of genuine, long lived, inexpensive owner satisfaction. That is why used car buyers are willing to pay more for the Pontiac Six when the original owner is ready to replace it. Come in—get a ride—and let us give you the facts.

New lower prices on all body types (Effective July 15th): Coupe, \$745; Sport Roadster \$745; Sport Cabriolet, \$795; Landau Sedan, \$845; De Luxe Landau Sedan, \$925. The New Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.

Bring on the

TURKEY!

After the soup and after the fish—with all the cranberry sauce and other fixin's, comes—TURKEY! Well worth waiting for all year, if you have it the way our chef prepares it.

Make Thanksgiving Day a holiday in your kitchen, too. A family dinner here will cost you little more than if you took all the trouble yourself.

Special Turkey Dinner

Served from
11 a. m. to 9 p. m.

75c

You'll find on the menu OYSTERS, ROAST TURKEY, CRANBERRY SAUCE, SWEET POTATOES, VEGETABLE SALAD, with the season's choicest offering of vegetables—all goodies relished at Thanksgiving time. Plenty of "fixin's" with ice cream, mince pie or other pie of your choosing for dessert. Coffee, tea or milk with order.
