

Local Happenings

Commissioner Bleakman arrived home on Friday from Portland where he spent several days during the past week attending a convention of county judges and commissioners, and also spending a day at the monthly meeting of the state highway commission. The latter body, while facing numerous requests for financial aid from all over the state in the road program, were not able to respond, because of the lack of funds. A strong stand was taken by the judges and commissioners in their state meeting against the proposed \$3 automobile license fee, the initiative measure for which has been prepared and will be presented at the time of the coming state election.

Judge R. L. Bengé arrived home on Monday from Portland and Eugene. The first part of last week Judge Bengé attended the convention of judges and commissioners in Portland, also took in the meeting of the state highway commission, and then went on to Eugene to have a good time at the University of Oregon, along with some 700 other daddies that had gathered there to celebrate Dads' Day. The Judge reports this a great occasion, an event he would not have missed under any consideration.

Lawrence Reaney, Lexington, was a business visitor in the city for a short time on Tuesday. Calling at the office of County Agent Smith, Mr. Reaney took home with him a sack of poisoned wheat to be used in the work of rodent extinction. Winter seems about over in the Lexington section, at least the weather conditions have greatly moderated, with the snow fast disappearing.

Emil Johnson has returned to Morrow county and with his family will be located at Ione. Since giving up their Rock creek place early last year they have resided in Portland, and Mr. Johnson thought some of locating in Southern Oregon. He finally decided, however, to return to Morrow county, having lived here too long to be satisfied elsewhere.

Burton H. Peck, who is now giving his attention to wheat raising at Wellmore Farm, near Lexington, was a visitor in Heppner on Friday. Mr. Peck ventures the opinion that no damage was done wheat by the cold weather and as the ground thaws out it will all come along in good shape. The prospects are splendid for a good yield again this season.

Harry French states that Saturday and Sunday were very wet days in the mountains in the vicinity of the French ranch. A lot of rain came down and as a consequence much of the snow melted. He thinks the backbone of winter has been broken. Mr. French was in the city for a short time Monday, remaining until Tuesday morning.

Mr. and Mrs. N. M. Johnson were visitors in Heppner on Saturday from their farm home in the lower Gooseberry country. Winter was still hanging on out that way, but Mr. Johnson expected warmer weather conditions from all indications when they came to town.

Ferguson Chevrolet company of this city announce a pretty lively trade in new cars during the month of February. They disposed of five Chevrolets and three Pontiacs in new cars and of their used car line they disposed of four.

R. E. Allstott reported Rhea creek on the rampage Monday, following the heavy rains of Sunday. The snow in the vicinity of his Rhea creek place, and out over Eight Mile, has about all disappeared and because of the frozen ground the moisture found its way into the creek, causing high water. Roads were almost impassable when he drove to town Monday.

Roy Neill and Frank Helms were Butter creek residents in the city Monday. They report having had the time of their life getting to town as the roads had softened up to such an extent as to be almost impassable. Heavy rains prevailed out that way Sunday and the snow melted rapidly, both Big and Little Butter creeks running to full capacity.

O. T. Ferguson and family moved their household effects to Pendleton the last of the week, and will in the future reside there, where they have purchased a nice residence. Mr. Ferguson will be engaged in the automobile business with his son Gene, and they will have the Pendleton end of the Oakland and Postiac agency for Ferguson Motor Co.

The Women's Foreign Missionary society of the Methodist church will meet in the church parlors on Tuesday, Feb. 7th, at 2:30 p. m., and will devote one hour in prayer for branch missionaries who are in the foreign field. It is hoped that all who belong to the society will be present at this meeting.

Barney P. Doherty, North Sand Hollow ranchman, was attending to business affairs in this city Thursday last. At that time the snow was still on the ground but his way, but more moderate weather was causing it to melt pretty fast.

Commissioner L. P. Davidson was up from Ione on Wednesday to attend the regular monthly meeting of county court. He also took in the sessions of judges and commissioners in convention in Portland during the past week.

Frank Albee, who has been on a visit to his parents, Mr. and Mrs. E. Albee in this city for a time, departed early the past week for Portland where he has a position with Packard & Malloy for whom he formerly worked.

Dr. C. C. Chick was a visitor in Heppner for a short time on Tuesday from his home at Hood River.

Mr. and Mrs. Jack Mulligan were week end visitors in Heppner from their Pendleton home. Mr. Mulligan is manager of the Pendleton Music company and while here disposed of several instruments.

San Souci Rebekah lodge holds its regular meeting on Friday evening, Feb. 3rd. It is desired that the degree team be on hand as practice is planned following the regular business session of lodge.

For Sale—8 head work mares, well broke and ready for harness; ranging in ages from 6 to 10 years, and weights from 1300 to 1500 lbs. Prices right. Write Harry French, Hardman, Oregon. 46-1f.

George N. Peck came to town for a while on Thursday-afternoon last, having been "holed up" on the ranch near Lexington for some weeks because of the cold weather.

POWER FARMING POPULAR.
Power farming is becoming so popular that K. L. Beach, Lexington McCormick-Deering dealer, is giving a power farming entertainment on February 10, 1928, at Lexington. Records coming to us from other communities where similar entertainments have been held assure the people a day well worth their time.

This is a real opportunity for every progressive farmer, who is interested in increased profits, to acquaint himself with the methods other farmers are finding to save time, and eliminate much of the hard work. This entertainment is for the entire family because the housewife, as well as any one else, is desirous of reducing farm drudgery.

Mr. Beach has worked out a very interesting program for the day, which includes, in addition to instructive talks on tractors, several reels of interesting and entertaining motion pictures. Instructive talks of vital interest to the farmers of this community will be given during the afternoon. At noon a free lunch will be served; thus it is evident that Mr. Beach has done all in his power to make this a day well worth spending with him.

The success with which harvester threshers have handled the wheat during the last year have made these machines of real interest to every farmer in the wheat growing section. During the afternoon, and along with the showing of the "Combine" picture, the company's combine expert will give an instructive talk about this machine. Do not forget the date—every tractor owner should be there. Make your plans now to be on hand when the entertainment opens. Come prepared to ask questions and to learn all you can.

When You Feed

You want the same standard quality in every sack. Order your feed from us and get the best. Quality priced right is cheaper in the long run.

PRINCESS, The dependable, friendly flour. As good as the best.

Power Farming Entertainment

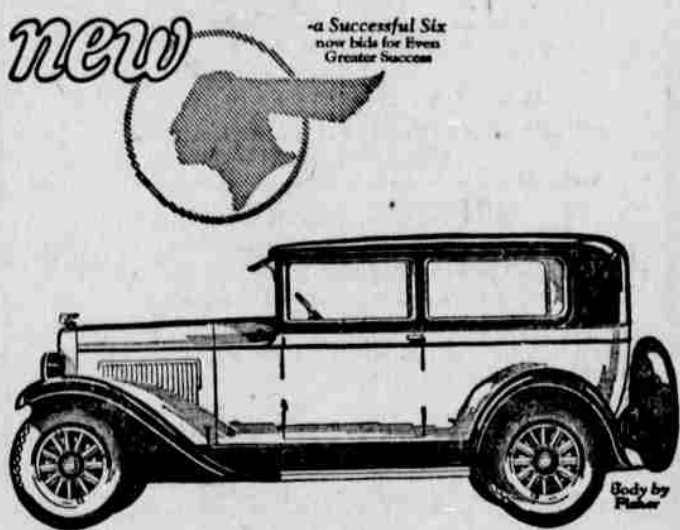

FRIDAY, FEBRUARY 10th
ALL DAY
AT KARL BEACH IMPLEMENT STORE
LEXINGTON, OREGON
EVERYBODY INVITED

Farming and its progress is a subject we are all interested in. We are giving you an opportunity to see for yourself the changes that are taking place in farm operating equipment. You can learn more about engines and tractors, their construction, their care, and their operation. We will have trained men on hand to illustrate, demonstrate, and talk on questions every up-to-the-minute farmer is vitally interested in. The moving pictures will be entertaining and instructive. The lunch will be a good one and there will be fun and excitement aplenty. Your neighbors will be here and we want you also. Make your plans now to attend our big Power Farming Entertainment.
