

WHERE'S CECIL?

To the Editor of Heppner Gazette Times:

I have read very carefully your 45th Anniversary Booster Edition of the Heppner Gazette Times and was very much impressed with all I read and also took great pleasure in looking over all the pictures of so many places in your county which show what fine boosters you have among you.

However, I cannot resist recalling what I saw and knew to be correct while living at Cecil and I believe in giving "honor where honor is due." I can vouch for the following notes and I expect even better reports have been going on every year since.

JENNY LOWE.

HEPPNER CHURCH OF CHRIST.

9:45, Bible school. 10:50, Morning worship and Lord's Supper. 8:30, Christian Endeavor. 7:30, Missionary Pageant presented by the Women's Missionary society.

The public is invited to all services.

ST. PATRICK'S CHURCH.

Rev. Thomas J. Brady, Pastor. Next Sunday, February 19th, will be Quinquagesima Sunday, known as the fiftieth day before Easter, and on that day there will be mass in the Heppner Catholic church at 11 in the morning, instead of the

usual hour. This change of hour for service next Sunday is caused by the pastor's going to Boardman for an earlier mass at 7:45 to be said in the home of Mr. and Mrs. Peter Farley.

The Pastor will preach at this 11 o'clock mass here, and the mass will be a high mass. In the evening at 7:30 there will take place the usual devotions for Sunday nights, namely, rosary, litany, prayer, instruction, and Benediction of the Blessed Sacrament.

On February 26th, or the last Sunday of the month the pastor will hold service of mass at the hall in the Sands at 10:30. He will also preach at this service.

February 22nd will be Ash Wednesday and there will be mass in the church here at 7:30 followed by the blessing of the ashes and the conferring of the same. That day will inaugurate the holy season of Lent, and throughout this season there will be special services on Wednesdays and Fridays.

TO THE PUBLIC:

As the principles of conducting most all lines of business, and especially the merchandising business, have materially changed during the past few years, and in order to keep pace with the trend of the times, we are compelled to revise the policy of our business, and place it on a basis which we believe will be beneficial to both our patrons and ourselves.

The old-time custom of extending indefinite credit from the source of supply to the consumer is being rapidly done away with, all the way from the manufacturer to the consumer.

We are not going on a cash basis and will extend credit to all whom we deem worthy, on a basis of sixty days' time with a discount of five per cent for cash upon delivery of goods, which is equal to thirty per cent per annum; or we will allow two and one-half per cent discount at the end of thirty days, which is also equal to thirty per cent per annum; or sixty days net. If the account remains unpaid at the end of sixty days, an interest charge of eight per cent per annum will be added to the account every thirty days thereafter.

As stated above, the policy that we will adopt will be beneficial both

to our patrons and ourselves; this is shown by the discounts which we will allow, whereby our customer's money is earning for him a thirty per cent per annum interest rate, and the money we receive enables us to replace our stock by buying for cash and taking the discount allowed us.

A customer who is in the market for one hundred dollars' worth of merchandise, and does not have the ready money, can go to his banker and borrow the money at eight per cent per annum and buy his merchandise which would be sold him on sixty days' time and take a five per cent discount, on the money which he borrows at eight per cent per annum he will be making a net saving of twenty-two per cent per annum, while the banker who supplied the money would realize only eight per cent for his money.

From now on our business will be conducted on the policy as above indicated. We are in business to make only a fair margin of profit, and we are in position to offer you standard merchandise at a price that should command your favor, and by fair dealing, courteous treatment and our best services we solicit a fair share of your patronage and with our best wishes for a prosperous future for us all.

We are most truly yours for success, GILLIAM & BISBEE

A MARVEL PASSES

TIME was, and not so many years ago, when talking by telephone even to nearby places was a matter of wonderment to the world. Taking part in such a conversation was an event. Today the common reliance on the telephone in every kind of business and social contact marks the passing of a marvel.

For the telephone has here become the common carrier of thought for millions because it is the fastest, most economical means of personal communication with others nearby and in distant places.

From your telephone you may now speak directly to over 70,000 cities and towns in the United States as well as to Great Britain and many cities in both Mexico and Canada.

Voice your message—by telephone!

The New John Deere Steel Gang Plow

A new designed, light running plow that does a wonderful job of plowing.

Come in and see it.

When you buy shares for your plows, don't buy substitute shares. Your plow will do no better work than the share that is on it. You would not think of letting a tramp shoe your best horse. Then surely a high grade plow is worthy of the manufacturer's own share, built for the plow you own, and guaranteed to fit.

You can only buy genuine shares from the dealer handling the make of plow you own
