Impressive Six-Cylinder Performance at Its Most Impressive Price

PERFORMANCE—That's the outstanding factor in the sensational success of the New Series Pontiac Six! And real six-cylinder performance, too... The power and high-speed endurance of the largest engine used in any six of its price class... The smoothness and flexibility assured by the GMR cylinder head—that famous General Motors Research development available on no other low-priced six... The reliability, economy and safety resulting from numerous other great new advancements in design—the cross-flow radiator with thermostat control, improved manifold and carburetor with accelerating pump, "down draft" crankcase ventilation, fuel pump with gasoline filter and four-wheel brakes... See this lowest priced General Motors Six at any of the dealers listed below. Drive it. Compare it with any other car at or near its price—and you will know why everyone says it is the biggest, most beautiful, most modern six ever offered at \$745!
