

Local Happenings

Mr. and Mrs. Cecil "Buck" Llewellyn were visitors here on Tuesday from Pendleton. This is Buck's first visit to the old home town since his return from California where he went with the Los Angeles officers when they were taking Hickman to the Southern California city. Mr. Llewellyn, with Tom Gurdane, who assisted in the capture of Hickman, will each receive a small slice of the reward offered for the murderer but nothing in proportion to what they were led to believe would be their share at the beginning. Buck thinks those "native sons" down California way hate mighty bad to let any money get away from the state. He is not complaining, however, and would have performed his duty just the same as an officer, regardless of rewards offered.

Mr. and Mrs. Vawter Crawford were visitors at Pendleton and Hot Lake over Saturday evening and Sunday. They were called to Hot Lake by the serious illness of Mrs. Crawford's brother, John M. Spencer who had recently undergone a major operation at the hands of Dr. Phy and is now slowly recovering. Mr. Spencer suffered a serious relapse early Saturday morning, but he was rallying fine on Sunday evening with every prospect that he had passed the crisis and would now fully recover.

Bill Thomson arrived in Heppner the first of the week from Southern California where he has been sojourning for the last several years, and expects to spend a few months here visiting relatives and old time friends. On his way from Los Angeles he stopped for a visit at the family of friends at Newhall just before the flood catastrophe occurring there when the St. Francis dam went out, and he has not been able to learn whether or not his friends survived.

Frank Young was a visitor in the city on Saturday for the first time in many months. He states that grain in the lower Gooseberry country is coming along well now. There had been some eaking of the surface of the ground, and this seemed to hinder the late fall sown grain from getting through, but it is coming okeh at present.

Pat Mollahan returned Sunday evening from Ontario, Oregon, and Payette, Idaho, where he spent the past week visiting his brother John at the former place and John Keegan at the latter. He found these men doing well in the Idaho country, and business appeared prosperous at both Ontario and Payette.

E. A. Hudson, district manager of the Maytag Washing Machine company with headquarters at Pendleton, was a visitor in Heppner on Wednesday. His territory covers Umatilla, Morrow and the northern part of Grant counties and he states the company is enjoying a fine business in these various sections.

Fred J. Nicholson and wife of Ione spent a few hours in this city on Saturday. Mr. Nicholson followed well drilling in that section, and had just finished a job that kept him busy for some time. He expects business in this line to pick up a lot this season, with the good crop prospects.

Mr. and Mrs. J. O. Turner and son Don arrived from Salem on Saturday evening and enjoyed a visit with relatives and friends here until Wednesday morning, when they returned to the capital city. Mr. Turner is taking law at Willamette University.

Albert Miller, representative of a Pendleton auto firm, was here on Tuesday, demonstrating a truck to the city dads, who are contemplating the purchase of a machine of this nature to carry the fire apparatus.

Vawter Parker arrived from Eugene on Saturday and is spending the week of Easter vacation at the home of his parents, Mr. and Mrs. Frank S. Parker. Vawter is a student in law at U. of O.

Mr. and Mrs. Raymond Ferguson spent Sunday at Pendleton, going over Saturday afternoon to be present at a birthday party given in honor of Mrs. O. T. Ferguson, mother of Raymond.

Frank Shively departed for Portland Wednesday on a business trip.

Mr. and Mrs. E. R. Huston and T. J. Humphreys departed on Monday morning for Eugene to spend the week. Mr. and Mrs. Huston will visit their daughter Miss Elizabeth Huston, and Mr. Humphreys his children, the Misses Leta and Evelyn and Mr. Roland Humphreys. They were accompanied as far as Portland by Leonard Delano, U. of O. student, who was visiting here for a few days with Vawter Parker.

The Music Study club will meet Monday night, March 26, at 8:00 o'clock at the A. M. Phelps home. The life of Schubert and his works will be studied at this meeting. Several members of the club will present some of his compositions. Schubert is one of the interesting musicians of history. Though he had to overcome many handicaps, he contributed much to the musical world.

Mrs. E. D. McMillan of Lexington was called to Los Angeles on Tuesday on account of the serious illness of her daughter, Miss Opal Leach. Miss Leach has been ill for many months, but was much improved by the climate of southern California. It is understood that the illness of Miss Leach at this time was the result of an operation she was compelled to undergo.

Roy Fugate, in charge of rodent control for eastern Oregon, has been at Heppner for several days this week, and in company with County Agent Smith spent the time in looking over the situation regarding squirrels. A consistent campaign or poisoning these rodents is contemplated, and this will be the means of ridding the county of the most of them.

Miss Louise Thomson, daughter of Mr. and Mrs. J. G. Thomson, was home for a few days this week, enjoying a short visit during Easter vacation at Ellensburg normal school, at Ellensburg, Wash. She returned on Tuesday, Mr. Thomson taking her by car as far as Arlington.

Mr. and Mrs. Oscar Keithley, accompanied by Grandma Esteb, mother of Mrs. Keithley, were visitors in Heppner Saturday from their Eight Mile home.

Miss Marjorie Clark, student of University of Oregon, is spending Easter vacation season with her parents, Mr. and Mrs. M. D. Clark of this city.

If Value First is your Policy you'll choose an All-American Six

What do you look for in a car . . . a single emphasized element such as style . . . size . . . performance? Such as comfort . . . stamina . . . price? Or do you look for that combination of qualities called value? If you prefer a "one-sided" car we haven't got what you want. But if value comes first, you'll choose an All-American Six.

For here is style attained only in bodies by Fisher. Long, low lines. Smart colors. Grace, poise and swank. Here is size that results from 117 inches of wheelbase . . . and from Fisher construction famed for scientific distribution of space.

Performance from a whispering brute of an engine . . . 212 cubic inches in displacement . . . with a 79-lb. crankshaft and the G-M-R cylinder head. Speed . . . power . . . snap . . . and flexibility. An All-American change of pace.

Thus this General Motors Six leads its field in value . . . providing everything that everybody wants. If you're going to buy a car for what it will give you, come in and see the All-American Six.

Special Sport Equipment Available on all body types: six wire wheels with tires . . . special front fenders with tire wells . . . two special tire locks and locking rings . . . collapsible trunk rack . . . \$100 extra on open cars . . . \$110 on closed cars . . . six disc wheels with same equipment, \$75 on open cars . . . \$85 on closed models.

Can You Find Your Papers

—IN AN EMERGENCY.

Have you ever suddenly needed certain papers for some business emergency, and been unable to find them? Have you ever searched through the trunk or desk vainly hunting a missing document? This has happened to many people with losses in dollars and opportunities that are staggering.

How unfortunate it is, when a Safe Deposit Box for the convenient and safe storage of valuable papers would have prevented such losses. Many men and women are now keeping their valuable papers and jewelry in Safe Deposit Boxes in this Bank. And we highly recommend that you, too, adopt this plan of making sure that you can find important papers at a moment's notice.

The cost is trifling—as low as \$1.00 for a year. The cost is trifling. And you know that your papers are SAFE. The convenience, too, is worth many times the slight yearly charge for a box. We'll be glad to show you our vaults. You will be impressed with the precautions taken for your safety, and you'll readily understand why so many folks are using them. Come in soon.
