

SPARKS FROM THE CAMPFIRE.

Last Saturday morning the girls of the Cheskamay group started out on a hike at 6 o'clock. They hiked as far as the Alfalfa Lawn Dairy and had breakfast around their camp fires, after which they toasted marshmallows. Then the group went on a tour of inspection of the dairy, making friends with the cows and pigs. After a real good time they hiked home, promising themselves that they would make another trip to Alfalfa Lawns in the near future. Tuesday the regular meeting of the group entertained their mothers. Mrs. A. McAtee talked to the girls about the camp at Sandy. The girls are all very anxious to go for a week or two. The Cheskamay girls will serve at the father and son banquet this evening.

Mr. and Mrs. B. G. Sigsbee departed today for Portland where they will pick up their daughter, Elaine, and go on to Dunsmuir, Cal., for a visit of a few days with their other daughter, Bernice. They expect to be back home the end of next week.

ST. PATRICK'S CHURCH.

Rev. Thomas J. Brady, Pastor. There will be a high mass next Sunday, April 22, in the Church in Heppner, at 8:30, preceded by the hearing of confessions. The pastor will preach at this mass, and immediately after he will go to the Sands or the Juniper country for a second mass at 10:30. He will also preach at this service. In the evening at 7:30 there will be rosary, litany, prayers, instruction, and Benediction of the Blessed Sacrament. On Saturday of this week, that of April 21st, there will be the usual mass for the children of the Catechism class and parents must see that all their children are present at this mass which will occur at 7:30 to be followed by singing, which will be directed by the pastor.

On Friday afternoon, at 4:00 and on Saturday afternoon at 2:30 there will be instruction in Christian Doctrine for all children in Ione and surrounding country. The pastor expects every child to assist and the instruction will be given in the home of Mr. and Mrs. Edw. A. Lindeken. These instructions are given in preparation for first Holy Communion, and Confirmation.

The pastor is projecting a Society of Catechists to be composed of mature boys and girls, no one under fourteen years of age, whose object will be the systematic teaching of Christian Doctrine in all the missions of the county and parish. Those seeking admission must volunteer for the work and the recompense shall be the joys and the glory of doing such work in the parish in behalf of children.

Owing to the lateness of the season and the urgency of certain matters the official visitation of the pastor in the Heppner homes will be postponed until the visitation of families in the country is completed.

On Monday and Tuesday afternoons at 3:45 and at 4:15, there will be the usual instructions by the pastor in the parish rectory, and these instructions will continue until the close of the schools. Parents must see that their children are faithfully attending these instructions.

NOAH'S ARK.

There are many interesting things about the Ark that Noah built. Among these not the least important is the fact that it has a picture of things to come and has a lesson for the present time. At the Church of Christ on Sunday evening the topic to be discussed is "Noah's Ark."

Special question for Sunday evening is "Why have a baptism? Is it a substitute for the sake of convenience?"

The public is invited to bring questions and place them in the contribution box in the entry way. The morning topic will be, "How to Understand the Bible."

The Sunday school contest has only two more Sundays to go. Be out and help your side to win. MILTON W. BOWER, Minister.

EPISCOPAL CHURCH.

Morning prayer and sermon at 11 o'clock. Sunday school at 9:45. Young Peoples Fellowship at 6:30. "O give thanks to the Lord for He is gracious: and His mercy endureth forever."

IONE CHURCH OF CHRIST.

Money holds a strange, weird fascination for many people. It's possession has caused greed and passion; its charm has lured men to death. The wrong use of money produces strife and poverty; while its right use brings blessings and joy to the world. Hear the inspiring message, "The Lost Coin," 8:00 p. m., Sunday. Remember our Bible school, 10:00 a. m. Help it grow in numbers and power. Our C. E. meets at 7:00 p. m. You are wel-

HARDMAN.

Ed McDaniel and daughter, Mrs. Dorothy Merritt of Mukilteo, Wash., returned home after a short visit with relatives here last week. Mr. and Mrs. Bessie Stanton and Mr. and Mrs. Albert Craber of Walla Walla attended the funeral of Elmer McDaniel here on Tuesday of last week. Mrs. Zoe Matteson spent the week end with her mother, Mrs. Mary McDaniel. A little 7½-lb. girl came to make her home with Mr. and Mrs. Marion Salting. Miss Eunice Howell was visiting relatives and friends here last week.

Mr. and Mrs. Roy Ashbaugh of Vancouver, Wash., have been guests at the home of Fred Ashbaugh. Roe Steakman and Blaine Chapel have been taking the rough spots out of the roads with the county road scraper, which improves them very much.

Mr. and Mrs. Dick Steers went to Lone Rock Friday where they will work. Mrs. Chapin has been ill with a severe cold, but is recovering nicely.

"Electricity!---

Moves Forward at an Ever-Increasing Pace!

says EDWARD N. HURLEY,

Former Chairman U. S. Shipping Board

"If the proper encouragement is given to the electric light and power industry, the industry will spring forward in the next decade faster even than in the past decade. The result unquestionably will be a lowering of the cost of living and the conservation of national resources which cannot fail to benefit the whole population."

Ten years ago the generating capacity of the electric light and power industry was one third of what it is today. In that time the consumption of electricity for light alone has shown a four-fold increase.

The tremendous upswing in the use of electric power, in thousands of manufacturing processes, in commerce, on farms, and in the home, is the result of progressive policies which have controlled the operation of electric light and power companies.

Beginning as an untried curiosity, electrical service in America was founded on the principle that the economies

of large scale production and low prices which encourage widespread use, are the best means to healthy growth.

So thoroughly has the truth of this principle been demonstrated, and so efficiently have electric light and power companies been run, that the demand for electricity steadily increases while its cost has consistently declined.

With earnings limited by public regulation, only the continued stimulus of individual initiative in their management can secure the unfailing efficiency which the growing pressure of demand makes imperative for the future of electrical service.
