May Day, Children's Health Anniversary

(From State Board of Health)

May Day—Child Health Day uses many means to stimulate interest in the physical, mental and spiritual health of children. The more ways in which the child health message can be carried to the people of Oregon on this day, the greater hope for progress of the health department programs. One of the greatest hopes of many health officers is to have the children reach the standards of physical fitness which assure normal growth and development. To use May Day as recognition day is, we believe, an effective way of rousing the active interest of parents, teachers and all concerned with the well-being of children. May Day as recognition day produces results. We have, for instance, the case of one city that reported one hundred percent dental corrections.

For the purpose of using May Day as recognition day, we are operating with state superintendents of education. The requirements the children must meet, vary from those which stress weight, posture, and dental corrections to those which include the correction of defects in eyes, ears, teeth and nutrition; the removal of adenoids and tonsils, and which add posture, immunization, good health habits and birth registration. Whatever the exact form of the requirements, May Day is the strategic moment to give recognition to those children or groups of children who have met them.

All the beauty and pageantry of May Day celebrations form a splendid background against which health officers may give recognition to the solid health achievements of the preceding year.

THE CHILD'S BILL OF RIGHTS. The ideal to which we should strive is that there shall be no child in

America: That has not been born under proper conditions. That does not live in hygienic surroundings. That ever suffers from undernourishment. That does not have prompt and efficient medical attention and inspection. That does not receive primary instruction in the elements of hygiene and good health. That has not the complete birthright of a sound mind in a sound body. That has the encouragement to express in fullest measure the spirit within, which is the final endowment of every human being. —Herbert Hoover.

S. E. Notson, candidate for nomination on the republican ticket for representative in congress, second Oregon district, departed on Monday on his itinerary of several of the counties. He was accompanied by W. T. Campbell and expected to visit Umatilla, Union, Wallowa, Baker, Grant, Gilliam, Wheeler and Wasco counties on this trip. The 18 counties of the second district require a lot of travel to get over, and Mr. Notson is not sure that he will be able to make them all—in fact a few will have to be left to his friends to look after.

The marriage of David Willie Pearson of Lena and Leatha Calkins of Hermiston, was an event of Monday, April 30. The ceremony was performed at the home of the bride's sister, Mrs. Daisy McElroy in Wallowa, Oregon, the young couple returning on Tuesday to Butter creek where they will make their home on the Percy Hughes place below Lena. Mr. and Mrs. Pearson were visitors in Heppner on Wednesday.

Mr. and Mrs. Hugh Curran and two young sons were visitors at Heppner yesterday from their home near Pilot Rock. Mr. Curran reports a cold weather prevailing there yet, but looks for this condition to change. Being in the sheep business, he states that there is no complaint as the flockmasters over his way made good lambings and the wool clip will be excellent.

A case settled in the court of Justice Huston on Saturday was that of Ed Breslin vs. C. J. and Helen M. Walker, and arose over an account for fuel sold defendants by plaintiff. Raley, Raley & Kilkenny of Pendleton appeared for Mr. Breslin and after hearing the case, Judge Huston held for the plaintiff.

Bert Mason, Ione merchant, was here on Wednesday and called on the county court, presenting to that body for their consideration, a chart on road construction in the county, it being a comparison of prices paid by the state in contrast to what the county was having to pay. Mr. Mason had spent some time in getting this data together.

W. F. Barnett of Lexington was attending to business here yesterday. He reports the fall sown grain coming along in excellent shape, growing all the while regardless of the cold weather, but spring grain seems to not be faring so well and needs more warm sunshine.

Mrs. John Skuzeski and two children left for Portland on Wednesday for a visit of a couple of weeks with relatives in the city. She was taken as far as The Dalles by Mr. and Mrs. Jerm O'Connor who drove to that city for a short visit.

J. A. Pearson of Lena, who has been quite ill for the past three weeks, is still confined to his bed, though his condition is somewhat improved.

Jas. Ayers and wife of Pine City were visitors in the city on Wednesday.

The farm home of Gus Liebl, several miles west of Ione, was destroyed by fire on Wednesday morning of last week. The fire occurred about breakfast time and spread so fast that it was impossible to save the contents. Mr. Liebl was in town at the time, a patient at the Morrow General hospital, and was not able to return to the ranch until Sunday morning. He stated that there was no insurance on the house, and it was one of the best farm homes in that part of the county.

Col. C. C. Boone arrived at Heppner on Saturday from the soldier's home at Roseburg, and expects to spend a considerable furlough in Morrow county, visiting old time friends. He accompanied his son, Dan, who was called here to attend to some business, and then returned to Roseburg. The Boone property a few miles below Lexington was recently purchased by Bob Winceo who owns adjoining lands.

Harold Debyns, government trapper from the office of Stanley Jewett in Portland, has been spending some time in Morrow county with other trappers, helping with the campaign of coyote extermination. He was in Heppner a short time on Tuesday and was on the way to Portland to spend a few days, when he will likely return to Morrow county.

Harry French was in the city from Hardman on Tuesday. He thinks that winter will break out that way pretty soon, at least he is hoping this may be the change in weather conditions to be looked for. Grass is good, however, and has been quite busy getting in some 80 acres of grain on the Stephens place near Hardman.

Mr. and Mrs. B. G. Sigbee returned home on Friday from an automobile trip to Dunsmuir, Cal., where they enjoyed a visit with their daughter, Miss Bernice, of Oakland, who met them there. They were accompanied from Portland by Miss Elaine Sigbee, who returned with them to Heppner for a short visit.

Loyal Parker is nursing some very sore fingers, the result of an accident at the Frank Parker ranch on Heppner flat last Friday when the beam of a plow caught his hand. The flesh and nails were torn away from the two middle fingers on the left hand.
