

Local Happenings

Don Case, formerly a resident of Heppner and a graduate of Heppner high school, was a visitor here over Sunday night, being on his way from Seattle to Spokane where he is looking up a business proposition. For the past two years Don has been at Fairbanks, Alaska, where he has been in the employ of the Guggenheim Development company. They have finished their development work in the north and Don was laid off, with the promise that he might have a place with the company in Mexico this fall. He thinks, however, that he will get into business for himself.

Joseph N. Scott of Pendleton was a visitor here on Tuesday while on the way out to his wheat farm south of Ione. Mr. Scott is a candidate again to succeed himself in the legislature, and his name appears on the office of joint representative of Umatilla and Morrow counties, the district he represented at the last session of the legislature at Salem. He has one of the best wheat farms in this county, as well as being largely interested in farming in Umatilla.

Pat Arlie Patrick, buckaroo from Cheyenne, who recently received a broken head by being pitched off the hurricane deck of a bucking bronk, states that he is feeling fine again, and able to eat once more after an enforced fast of some 21 days, when his only diet was soup. Patrick now believes that he has one of the best bucking horses, and will take him to Pendleton soon for an exhibition before the Round Up association, hoping that he may negotiate a sale.

Sheriff McDuffee departed Saturday for Bend, where he went to join S. E. Notson and will go on from there to Lakeview and Klamath Falls, which sections will wind up the campaign for Mr. Notson, and he will return here on Friday. Mr. McDuffee had just returned from a trip to Harney, Grant and Malheur counties in the interest of the campaign of Mr. Notson, finding much sentiment in his favor.

Loye M. Turner, son of Mr. and Mrs. R. W. Turner of this city and engineer with the city of Long Beach, Calif., was recently honored by being elected secretary of the American Association of Engineers, Long Beach chapter. Installation ceremonies for the new officers were held last Thursday, a dinner, movie, dancing and cards being features of the evening.

J. A. Patterson departed Monday night for Pasadena, Calif., where he will visit for a couple of weeks at the home of his son, Ben R. Patterson, who is engaged in the drug business in the southern California city. Mr. Thompson, registered pharmacist, came up from Portland on Monday and will be in the store here during Mr. Patterson's absence.

Joe J. Nys and family returned home Monday evening from a visit to Dufur and other points. Mr. Nys met S. E. Notson at The Dalles on Friday and went with him as far as Bend, where he was joined again by Sheriff McDuffee. Mr. Nys reports much favorable comment on the candidacy of Mr. Notson at the various points visited on the trip.

Roy W. Rittner of Pendleton, candidate for congress, was in Heppner Tuesday in behalf of his campaign, meeting a large number of voters. On Tuesday also the town was flooded with sample ballots bearing Mr. Rittner's name, showing the method to be used by voters in writing in the name of candidates for this office.

C. W. McNamer, R. A. Thompson and D. O. Justice were Heppner stockmen in Pendleton on Saturday afternoon and evening to attend the meeting of the Cattle & Horse Raisers association. Other Morrow county stockmen present on this occasion were J. D. French and son of Gurdane and Wright Brothers of Hardman.

R. E. Harbison, warehouseman of Morgan, accompanied by his son, made Heppner a visit on Monday. These gentlemen report that all conditions at present point to a splendid harvest in the Morgan country this season, which will prove a great financial lift to the farmers of that vicinity.

A. R. Cox, representing Bullard Bros., breeders of Rambouillet sheep, Woodland, Calif., who spent the past week at Heppner, interesting some of our showmen in the product of the Bullard ranches, departed on Saturday. He expects to return here later with a couple of cars of rams.

The music pupils of Mrs. E. L. Wood will appear in recital on Friday evening, May 23, at the Christian church in Ione. The program will include readings by Mr. and Mrs. Wood. The program begins promptly at 8 o'clock, and the public is invited.

F. R. Brown made a business trip through the Lone Rock district on Monday, returning with the report that there will be a large amount of wool shipped from there through Heppner this season because of improved road conditions.

Dr. Clarke, of the Clarke Optical Co., 360A Alder St., Portland, Ore., EYESIGHT SPECIALISTS, will be in Heppner all day and evening, Sunday, May 20, at the Hotel Heppner. SEE HIM ABOUT YOUR EYES.

George Grant, butter maker formerly employed by the Morrow County Creamery company of this city, has returned to Heppner from Portland, and will again take the same position with the company.

John Michelbook, wheatraiser of the Ione section, was transacting business in the city Tuesday.

The farm residence of C. H. Erwin, some six miles south of Ione, was totally destroyed by fire on Friday, together with the contents. The cause of the fire is not known.

Albert Nelson, extensive wheat grower of the Lexington section, was attending to business in Heppner on Saturday. He reports the grain still looking fine out his way.

Mr. and Mrs. J. P. Hughes and Mrs. John Wightman motored to Lone Rock on Saturday and enjoyed a visit at the home of J. B. and Miss Bess Huddleston.

Harry French was in from Hardman on Tuesday. He states that he is a real farmer these days, having recently acquired a wheat ranch near Hardman.

Mr. and Mrs. A. L. Ayers arrived from Portland on Tuesday afternoon for a stay of a few days in the old home town.

Jack Mulligan, manager of Pendleton Music house, was looking after business here the first of the week.

Consult Dr. Clarke, EYE SIGHT SPECIALIST, in Heppner Sunday, May 20th, at Hotel Heppner.

Senator Robert Carsner was a visitor here on Saturday from his home in the Spray country.

FAVORS ROAD CONTRACTS.
Ione, Oregon, May 14, 1928.

To the Editor:
We do not believe that this controversy between the taxpayers and the county court is due to the approaching election, as stated by Mr. Davidson and Mr. McCaleb, but is rather the culmination of a long-standing dissatisfaction among the taxpayers over the county's policy in road construction.

We question Mr. McCaleb's statement that the county can build roads as cheaply and better than by letting the work out on contract. Specifications are always stipulated when work of any kind is let on contract and if these specifications are up to the proper standard, there is no reason why the work should not be done properly under the observation of the county court.

At least the taxpayers would not have to be responsible for or pay for the blunders made by contractors as in the case when the rock crusher was set up on the lone Gooseberry road and a huge blast set off that completely demolished the crusher bunkers and cost the taxpayers several hundred dollars to reconstruct, to say nothing about the loss of time. Also on the same road when the second crusher pit was blasted contrary to the advice of engineers, with the result that several hundred dollars had to be spent in hiring men with sledges and powder to hammer and blow up the bowlders so they could be fed into the crusher.

As to the record of some of the commissioners we would like to ask Mr. Davidson how it came that no cooperation was given the farmers in the Gooseberry section by the county court in constructing the road through his place to the F. M. Lovgren place, thus giving the farmers a road over which they might haul their fuel from the mountains. The county court allowed Mr. Davidson \$1600.00 damages on this road, supplied lumber for three stock passes and furnished a truck load of wire to fence the

right-of-way. But the farmers still have to haul their wood down the old Gooseberry hill road—steeper than a cow's face, and much too steep for safety, or go several miles around and through six fences.

OTHER TAXPAYERS.

NOTICE!

The hours for irrigation are from 6 A. M. to 9 A. M., and from 5 P. M. to 8 P. M. There will be no whistle to regulate the irrigation hours so please watch your clocks and do not irrigate out of these hours.

Irrigating without a nozzle or sprinkler is not permitted.

CITY OF HEPPNER WATER DEPARTMENT.

Hints for the Home
by Nancy Hart

How much extra freshness can be given to the home in summer by the addition of a few colorful prints, chosen with special care to have them suggest all that is cool and delightful.

A Corral landscape; one of Hein's forest lanes; a wide stretch of sandy beach with whitecaps rolling in; perhaps the fountain corner of a lovely French garden, or a group of old-fashioned flower prints—Can't you see these pictures dressing up the old familiar corners until they seem like entirely different rooms?

We need to remember that exquisite color prints of the world's best pictures are within the reach of all of us today. We are quite ready to invest in new slip covers and draperies when summertime comes. Let us not forget that fresh, colorful pictures are equally important in planning enjoyable summer homes.

Washing the Milk Glass

Tumblers or pitchers that have held milk should never be put directly into hot water. Rinse first with cold water to prevent cloudiness.

Prevents Tarnish

If a lump of camphor is put in the chest or drawer where silver is kept it will prevent the silver from tarnishing.

Removes Scorch Marks

If you scorch garments when ironing, just remember to lay the scorched part in the strong sunlight, and the discoloration will soon disappear.

When Locks Won't Unlock

Often the out-of-order lock only needs a little oil to put it in a good humor again. Instead of pouring it into the lock, however, just dip the key in oil.

Borax Removes Coffee Stains
To remove old stains of chocolate, cocoa, coffee and tea, moisten the spot with cold water, cover with borax, and let stand for a few minutes. Rinse with boiling water.

For the Small Room

Hang a large mirror at one end of the very small room and you will greatly increase its feeling of size and space. This also brightens the room, for the mirror will catch and multiply each ray of light.

WANTS

BABY CHIX—Golden Buff and White Leghorns (Thornwell-Tancred strains). Black Minorcas, R. I. Reds (Queen Bee strain), Barred Rocks and Turkeys. Enoch Crews, Seabright, Cal.

With special sport equipment, no smarter car than this

Smart as a racing craft to begin with. Long and low... with rakish, youthful lines. But with special sport equipment... it's even smarter. The peer of any car in its class.

Six wire wheels... their colors contrasting with body shades. Spares carried jauntily forward in special fender wells. A trunk rack behind... suggesting a series of week-end journeys. There's real style, if you ever saw it. There's swank... snap... personality.

Add to all this the charm of bodies by Fisher. The deep-cushioned comfort and luxury that Fisher bodies provide. Then you'll find the All-American Six leagues ahead of any rival. And you'll marvel again at its truly remarkable price.

2-Door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; Phaeton, \$1105; 4-Door Sedan, \$1145; Cabriolet, \$1155; Landau Sedan, \$1195 (wire wheels, spare tires, and trunk rack extra). New Series Pontiac Six, \$745 to \$875. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.
