A FINE GET-TOGETHER.

THE CHAUTAUQUA season just past surpassed the fondest hopes of its sponsors, the one lament after it was all over being that the tent was too small to accommodate the crowds.

The sustained interest was due to the high type of programs, that on the average were probably better than in former years.

The right plan for putting on the chautauqua has been found. The pioneer reunion and grange meeting might well be made annual events.

June brides. THIS IS the merry month of marriages. June has come to be the favorite time for weddings.

Let wedding bells ring, then, in tune with Nature. Despite the mocking of cynics and the proclamations of professorial philosophers, marriage is still the most holy, most beautiful and most desirable institution in society.

Therefore as June appears on the calendar one cannot help feeling a little contented, satisfied with the world, and hopeful for the future.

Let wedding bells ring, then, in tune with Nature. Despite the mocking of cynics and the proclamations of professorial philosophers, marriage is still the most holy, most beautiful and most desirable institution in society.

PAY DIRT. A TOWN does not need a gold rush or an "oil gusher" to attract new residents and new business.

Mr. Smith's institution, revolutionizing important branches of American industry, is one of the many such plants throughout the nation.

It costs \$180 for the average baby to be born, according to figures recently compiled. The storks seem to have bigger bills nowadays.

The weather man played a crummy trick on Morrow county. For a number of days the past two weeks it has all but rained, but now it appears to be past forever.

NOTICE OF ESTRAY. I have at my place one brown mare, about seven years of age, branded circle T and weighing about 1300 pounds.

FOR SALE—Pair Chippewa high top shoes; heavy; size 7. Inquire this office.

This Week

Noguchi Brave Man Land of Opportunity. The Automatic Machine. She Weighed 240 Pounds.

The death of Dr. Noguchi, a courageous Japanese scientist, is a great loss to the world.

Backed by the Rockefeller Institute, Noguchi was a leader in the war against disease, and poverty and misery born of disease.

Yellow fever killed him at last, as he sought for more knowledge in the African yellow fever regions.

America is the country of opportunity, and Milwaukee is one of the best American cities. All over America are opportunities, visible to the majority when it is too late to seize them.

L. R. Smith did new things, making frames for automobiles, keeping up with the times and ahead of them.

The stock then sold at \$13 a share. A little later it sold at \$25 a share, and five shares were given for one.

The ablest American manufacturers could learn about mass production and labor saving in L. R. Smith's plants.

Machines do the work, men look on. From the floor below, heavy steel rivets are blown up through thin pipes by air power.

Mr. Smith's institution, revolutionizing important branches of American industry, is one of the many such plants throughout the nation.

Weight has its advantages, Falstaff to the contrary notwithstanding. Mrs. Myra Huddleston, of Mattoon, Ill., has broken the world's record for long swimming.

Mrs. Huddleston weighed 240 pounds when she started, 20 pounds less when she finished.

Dr. Frank Crane Says:

THE GREATEST BUSINESS THE greatest business in the world anywhere and at any time is the business of educating and training the young.

Just as the household centers about its children in all its hopes and plans, just as for them the father works and the mother sacrifices, so in the case of a nation everything should turn about the improvement of its young people.

On them and on their fitness rests the future safety of the nation more than on any plans or schemes or institutions which their fathers may set in motion.

A Britisher the other day gave five hundred thousand pounds to his government to be applied toward the English debt.

The school teacher should be better paid and he should rank higher in the community than he does.

Every man and woman ought to be in some way connected with assisting the younger generation to make good.
