

BOARDMAN

CARD OF THANKS.

For all the kindness and sympathy shown during the loss of my beloved son and brother and my betrothed, for the many floral offerings, we wish to express our sincere gratitude.

Mr. and Mrs. O. B. Olson and family. Blanche Imus.

Bert Richardson who has been ill for several months with asthma is improving and on Sunday was able to walk across the road to the place where the crew were stacking hay. He has been bedfast for months and his friends are all pleased to hear of his improvement.

Kenneth Duggan has gone to La Center, Wash., with his uncle, C. Astor Smith, and will remain for an indefinite stay.

Mrs. Meyer who had a serious operation at Heppner returned to her home in Boardman on Friday. She is getting along very nicely.

Chas. Andregg of Hermiston was a Boardman visitor Sunday for a short time.

Mrs. Walter Stutte and children Phyllis and Bob came Friday for a visit at the home of Mrs. Stutte's parents, Mr. and Mrs. Falor. On Sunday the Falors motored to Lexington and visited at the Harry Shriver home.

Mrs. Claude Myers is getting over a siege of illness that appeared to be intestinal flu. She was quite ill for two weeks.

A. C. Partlow and family are living on the Frank Partlow ranch for a time.

Willard Baker of Longview is visiting at the Howard Bates home. He is a nephew of Mrs. Bates.

Evelyn Mefford spent last week at Condon with her sister, Mrs. Albert Macomber and family.

Mrs. Guy Barlow who has been under the weather for some time has gone to Klickitat to visit her mother for a time.

Harvesting of wheat on the Boardman project has started and all appearances are that there will be some good yields. Irrigated land is too high priced for wheat land but a year or two of wheat raising seems to restore certain elements taken out by several years of alfalfa growing.

Imogene, Phyllis and Ruby Wilson and their baby sister were guests of Elvira Jenkins on Monday and Tuesday while their parents were at Heppner.

Ed Rietmann and family were in Friday night from their wheat ranch and were guests at the Geo. Gross home for supper. Mr. Gross will drive the combine there during harvest.

Allens have purchased the Boardman's telephone and will have it installed soon.

Robert and Alex Wilson were called to Heppner by the illness and death of their mother, Mrs. Wm. Wilson, who passed away Saturday night. All of their children were at her bedside. Funeral services were held Tuesday morning from the Episcopal church. Mr. and Mrs. Robert Wilson and Alex Wilson attended. The men had been over there for several days.

C. G. Blayden, while working on the Jack Gorham ranch house, was stung on his jaw by some unknown insect. The wound became swollen and intensely painful and he was ill with a fever for several days but is now recovering. Pete Slavin has leased the Gorham ranch for several years and some repairs are being made before they move into the house.

Mrs. S. H. Boardman was the house guest at the J. R. Jenkins home Friday and Saturday prior to her departure for Salem.

Helen, Kenneth and Albert Boardman accompanied W. A. Price as far as Portland on Friday. Mr. Price went to Seattle to get his family who have been visiting there for some time. The Boardman family who have lived here always, since long before the project was started, have gone to Salem to make their home. Mrs. Boardman who has taken an active interest in all community efforts and her children who have taken leading parts in various school activities, will be greatly missed and their departure is keenly regretted. Mrs. Boardman left Sunday morning. Their household furnishings will be shipped by truck later.

F. H. Edmunds and daughter Alberta of Ridgfield, Wn., are camping on their ranch at Irrigon until the close of the apricot season. There is a good yield of apricots and other fruits this season. Boardman housewives have been canning cherries the past few days.

Mrs. Ray Brown and Mrs. Robert Wilson drove to Willow creek Sunday and visited at Boardman folks employed there, Ray Brown, Eldon Wilson and Russel Mefford. A prairie fire started Saturday back of the Miller and Brown places sweeping over approximately 40 acres of sagebrush before it was put under control by a number of men who were haying nearby. The fire was started by one of the neighborhood children who was experimenting with matches. The chest is as dry as tinder and the fire was soon a tremendous one, but fortunately no harm was done but it was thought for a time that Tom Miller would be given an opportunity to collect his fire insurance.

Mr. and Mrs. Nate Macomber and Mr. and Mrs. Albert Macomber of Condon were called to Grandview Saturday by the serious injury of Mrs. Macomber, Sr., mother of the boys, who was struck by a car Friday night and had three ribs broken, her hand badly cut, necessitating some stitches, her hip injured by being badly bruised. They returned home Sunday night. Miss Blanche Imus is staying with her mother at the Ed Rietmann ranch in the wheat country. Marshalls have purchased the Oakland sedan from Bobby Smith.

Mrs. Richard Dingman who has been sick for some time consulted a physician in Pendleton last week.

Mr. and Mrs. Ralph Davis and sons and L. W. Davis were dinner guests Sunday at the Chas. Goodwin home.

Mr. and Mrs. John Larson of Los Angeles, old friends of Mrs. Lottie Attebury stopped for a short visit at her home on their way to Montana. They will also stop on their way back.

Chas. Wicklander, deputy grange organizer, was at Mikkalo Saturday night where he organized a new grange.

Mrs. Emma Sherman arrived Monday from Seattle for an indefinite stay with her sister, Mrs. O. H. Warner. Mrs. Sherman has lived here a number of years and owns the little cottage occupied by the Chas. Nickerson family.

Details of the accident on Friday, June 15, when Clifford Olson was killed near Telocasset, show the manner of his death. It was the general belief from first reports that he had run head-on into a freight train while on the speeder, but this was erroneous. It seems that according to the signals, Clifford would have had sufficient time to get his speeder off the track but the train, a freight of empty refrigerator cars was coming down hill at great speed and Clifford had the speeder off the track except the small wheel which he was trying to release when he was struck and instantly killed. His death cast a shadow of sorrow over the entire community.

At the last meeting of the county court it was decided to move W. A. Goodwin from the Morrow General hospital to the Heppner hospital which is under the supervision of Dr. McMurdo. Mr. Goodwin, who has been ill for the past year and a half is showing much improvement.

Mr. and Mrs. O. H. Miller came up from Hubbard, Ore., for a visit at the home of her nephew, Lowell Spagle. On Tuesday Mr. Spagle and Mr. Miller motored to Echo.

Mrs. A. F. Ayers and her committee will entertain at the next silver tea, August 1, at the home of Mrs. J. L. Jenkins. Everyone invited to attend.

Mrs. Anton Peterson of Alberta, Canada, and daughter, Mae Hango, arrived Sunday night for a visit at the Olson and Hango homes. Mrs. Peterson is a sister of Mrs. Olson and Mrs. Hango and has not been here for a number of years.

HARDMAN.

Mr. and Mrs. John van Dusen and son Lyle of Richmond, Calif., were guests at the G. A. Farrens mountain home last week.

F. M. Miller was in town Monday looking after business interests. Mr. and Mrs. Lester Gilliam and children of Tacoma, Wash., were visiting relatives here during the past week.

Victor Johnson visited his parents at Ritter on Sunday.

J. R. Gamble and son Cecil have been guests at the home of W. F. Mahrt on their way home from Oklahoma to Brownsville, Oregon.

Mrs. E. L. Ayers was a visitor in Eight Mile on Sunday.

Mrs. Mary McDaniel spent the day with her sister, Mrs. Bert Bleakman on Monday.

Dick Howard was in town for a few days last week.

Many big loads of wood are being hauled out of the mountains now. Mrs. Annie M. Gamble of Brownsville who has been visiting at the home of W. F. Mahrt for the past month returned home on Thursday.

Mrs. G. A. Farrens and children went to Ritter for a few days outing last week.

Mrs. Myrtle Mahrt entertained in honor of her guest, Mrs. Annie M. Gamble on Friday afternoon. The time was pleasantly spent in sewing, games and music. A delicious luncheon of new peas, chicken sandwiches, punch and cake was served. Those present were Mesdames J. A. Adams, Floyd Adams, W. W. Becholdt, Retta Knighten, Anna Saling, Corda Saling, Opal Ayers, Lydia Inskip, Effie Stevens, May Adams, Geo. Kirk, Claire Ashbaugh, Hattie Bleakman, Annie Gamble.

The Fourth of July— Celebration or Calamity

(From State Board of Health.)

"The parents of three small children killed by fireworks last year recently appeared before the Rochester, New York, Common Council and urged the adoption of an ordinance to prohibit the sale and discharge of fireworks within the city with the exception of the display of set pieces at community celebrations." The ordinance requested by these bereaved parents was passed by the council—too late so far as they were concerned—but their action may be the means of saving other children.

"Since it is probable that the authorities of most communities in Oregon will still allow the sale and use of dangerous fireworks on Independence Day—in some cities have even allowed it for days in advance in defiance of present laws—it becomes the duty of the State Department of Health to point out to parents some of the more important causes of Fourth of July accidents and means by which they can safeguard their youngsters.

"The type of firework which is set off by grinding under the heel or by pounding and which is known by various fanciful names contains phosphorous, a deadly poison. It is not a rare thing for a young child, mistaking this material for candy, to put some of it in his mouth, usually with a fatal result. Or children may become poisoned by handling the material and subsequently putting their fingers in their mouths. If an accident of this kind happens, give the victim liquid petrolatum or mineral oil and call a doctor immediately.

"Severe burns are always dangerous. On the Fourth don't dress your children in fluff material which will easily catch fire. Even

sparklers, which ordinarily are harmless, have been reported as setting fire to light muslin dresses. "Tetanus or lockjaw is perhaps the danger most to be feared as a result of Fourth of July accidents. The lockjaw germ will only grow in the absence of oxygen. Its habitat is the soil, particularly manured earth. Deep wounds in the soft flesh, such as are caused by blank cartridge wads, are particularly dangerous as the wad usually carries surface dirt to the deeper tissues which gives this germ the best possible condition for growth and the development of its poisons. In such cases call your doctor at once and let him give tetanus antitoxin. If given early enough this will prevent lockjaw; if given after symptoms develop its action is far less positive. Lockjaw once fully devel-

oped is commonly fatal. "Have we overestimated Fourth of July dangers? Last year after the holiday, editorial comment was practically unanimous for regulated celebrations. But memories are short, a year is a long time, and it is again up to the parents to protect their own children. "And just a word to the adults. According to the State Traffic bureau automobile fatalities are tripled on the Fourth of July. Play safe!"

ST. PATRICK'S CHURCH.

Rev. Thomas J. Brady, pastor. Next Sunday will be the fifth Sunday after Pentecost, and also it will be the feast of the most Precious Blood of Jesus Christ. There will be a low mass at 8:30, preceded by confessions, and the distribution of

the Blessed Eucharist. The pastor will preach at this mass, and he urges the congregation to approach the Sacraments on that day. During the warm weather there will be no more high masses.

CARD OF THANKS.

The families of Markhams, Fulfords, Branstotters, Olivers and Hutchinsons, wish to thank the Irrigon people for their assistance and floral offerings in our bereavement of Grandpa Fulford. FRANK MARKHAM.

She: "Is there any alcohol in cider?" He: "Inside whom?"

"When I looked out of the window, Johnny, I was glad to see you playing marbles with little Eddie." "We wuzn't playing marbles, ma. We just had a fight an' I was helpin' Eddie to pick up his teeth."

Once upon a time a young man strolled past a pretty girl without looking around.
