

Local Happenings

At Lexington, both the Farmers Warehouse company and the Collins warehouse are receiving new grain, and the first shipments of the season went out from these warehouses Monday night, being a car each of new crop wheat. Earl Warner and Harry Duvall brought in the first new wheat to the Farmers warehouse and D. Cox was the first to make delivery at the Collins warehouse. Barring delays caused by showers Monday evening and Tuesday, a large number of combines will be working this week and the harvest of grain will be on in earnest throughout the Lexington wheat belt. The yield for that section is not expected to be up to what it was last season, yet it will be good and perhaps better than an average crop covering the past ten year period, and the grain is of excellent quality.

The sedan of H. R. Willis of Echo was badly wrecked when it came in contact with a concrete bridge on the Lexington-Jarmon market road Thursday evening last. Mr. Willis, in company with Ralph Corrigan, was on the way to Heppner at the time, and it is reported that something went wrong with the steering gear and the car lunged into the side railing of the bridge with very disastrous results. Fortunately neither occupant was hurt, though it is believed the car is beyond repair. It was brought to Heppner and is at one of the repair shops here.

Joe Kenny suffered bad damage to his car on Sunday forenoon when the machine was turned over on the O-W highway a short distance out of Heppner. With Mr. Kenny in the car at the time were some ladies, and he believes the accident was caused by the locking suddenly of the front wheel brakes. A broken nose was suffered by Mr. Kenny, and one or two of his passengers received minor hurts, while the car is quite beyond repair.

The cars of Miss Rita French and Alonzo Edmundson collided at the intersection of Main and Willow streets on Saturday evening because of the excessive traffic on the street at the time. No serious damage resulted, but the machines had to be pulled apart. There was some crowd in town Saturday evening, and the traffic on Main street was just about all that thoroughfare could stand.

Hynd Brothers of Rose Lawn ranch are making some extensive improvements about the place. The residence is being raised and a new basement placed underneath, and it will receive new paint and otherwise be improved. The barns and outbuildings are also being treated to new paint, all of which adds to the attractiveness of the home ranch.

Mr. and Mrs. J. A. Adams of Hardman spent a short time in this city on Saturday.

In a trip over the wheat belt of the west side of the county on Monday, W. P. Mahoney discovered a lot of good grain. In the Fourmile section the wheat will be exceptionally good, and this is true also of the Morgan country and that section north of Ione. In this part of the county the grain was well advanced when the warm weather came, and it was not injured by the hot days. In the Eight Mile section, where there is much late grain, the rains of the week will be of benefit, but in these other sections where the combines are starting up the farmers do not care for moisture as it only delays the harvest work. Mr. Mahoney was well pleased with the fine prospects of the west side of the county.

George Currin of Gresham was a visitor here and at Pilot Rock the past week. With his son, Hugh, he departed on Friday for his home, the gentlemen being accompanied to Portland by John Kilkenny, Hinton creek sheepman. Mrs. Hugh Currin also came over from her Pilot Rock home Friday and remained at Heppner for a visit with her mother, Mrs. Mary Brosnan.

Dallas Ward arrived at the home of his mother in Lexington the end of the week. He has been teaching the past year at Minneapolis, Minn., following his graduation from Oregon State college where he was a prominent athlete.

Mr. and Mrs. J. O. Turner, son Don, and Mrs. and Mrs. Raymond Ferguson and children departed on Tuesday forenoon for Wallowa Lake to spend the Fourth, and also to have a visit with relatives at Joseph.

Albert Bowked and wife departed on Sunday afternoon for Portland for a visit of a few days. Returning they will be accompanied by their daughter, Margaret, who has been attending school in Los Angeles.

The Car at the Curb

How handy it is to have your car at the curb ready for you.

Unfortunately, however, the car at the curb is equally handy to the automobile thief.

That is the beauty, to the thief of automobile stealing; that, and the obliging manner in which the stolen car itself assists in the "get-away."

Carefulness helps, but only insurance gives positive protection against loss. Ask us about it.
