

BOARDMAN

Because of fruit canning and the hot weather the Home Economics club decided to postpone their meetings until September. The club met with Mrs. Ella Shell Wednesday with only a small attendance as most of the housewives were busy with apricots at that particular time. However, those who were present had a most enjoyable time.

"Uncle Hank" Cramer has been quite seriously ill of late. He is a brother of Frank Cramer and has made his home with them for the past 30 years or more. Most of that time he has been badly crippled with rheumatism and for the past 7 or 8 years he has been totally blind as well as deaf, and bedfast much of the time. He is nearly 80 years of age.

Mrs. Royal Rands and daughter Donna Jane returned home last week from an extended stay at Hood River.

Vesta and Harrison Mefford returned to their home in Portland Wednesday after several days visit with their grandparents, Mr. and Mrs. W. H. Mefford. Franklin Knowlton, also of Portland, a nephew of the Meffords, returned to his home Saturday.

H. C. Ellis and sons left Monday for Heppner to work in the harvest fields.

Dr. Rowe was in Portland so did not make his usual visit to Boardman on Sunday.

Rev. Davidson of Malad City, Idaho is expected September 1 to fill the pastorate of the Umatilla and Boardman churches which have been without a pastor since Rev. Swogger left June 1.

Mrs. J. H. Johnson left Sunday for her home in Wasco after visiting with her son J. R. Johnson and family for a week.

Miss Norma Gibbons has returned from a pleasant visit in Portland.

Mrs. Geo. Gross and children, Ona Imus and Alice Calkins motored to the wheat country Sunday.

Mr. and Mrs. J. J. McIntyre of Willow creek spent Sunday at the Robert Wilson home.

The ranch house of Jack Gorham has been plastered and repaired and Mr. and Mrs. Pete Slevin will move in shortly.

John and Hugo Koski of Pendleton spent Sunday at the Olson and Hango homes.

Mrs. Guy Barlow went to Hood River to stay with her mother for a time. Her mother, Mrs. Elva Perry, visited here for a few days last week.

Mrs. Bobby Smith and daughter Mary are enjoying a delightful vacation at Seaside. They stopped at Oneonta for a visit at the Nick Gaglia home.

Miss Catherine Berger was hostess Saturday night to a group of young people at a delightful party. About twenty were present and enjoyed both games and dancing and later refreshments.

Mr. and Mrs. Albert Macomber and baby of Condon spent the week end at the W. H. Mefford home.

Mr. and Mrs. Leo Root and son Vernon motored to Yakima Sunday for a 3-day visit with relatives.

A number of the local railroad employees plan to attend the railroad men's annual picnic next Sunday at Bonnevill.

Mrs. E. T. Messenger and daughter Lois left Sunday for Sunnyside and Outlook for a weeks visit.

Mr. and Mrs. O. H. Warner spent several days at Yakima visiting friends and relatives. They were accompanied by Yakima by their daughter, Mrs. John Heck and three daughters who have been visiting at Warners for several weeks. Mrs. Heck was going on to Seattle where Mr. Heck is located and where they will make their home.

Earl Cramer who has been shearing at Blackfoot, Montana, came home Friday. He accidentally cut his knee badly when the clippers slipped so was forced to quit work a week before shearing was ended. He was with a 28-man shearing crew.

The Misses Evelyn and Verna Unthank of Alinsworth, Neb., were overnight visitors at the C. S. Calkins home Tuesday. They are making a motor trip through the west and went from here to Spokane and thence to Yellowstone Park. They had been touring California before coming here.

C. S. Calkins lost one of his horses last week. On a wheat ranch where horses are numerous the loss of one horse is a minor matter but on a small irrigated ranch where only one team is owned the loss of one horse is a near tragedy.

Mr. and Mrs. Lee Mead and children went to Pendleton Saturday afternoon on No. 18, returning on one of the night trains. They stopped a bit and attended a show.

Mrs. O. B. Olson came home Saturday night from a week's visit with relatives at Astoria, Maygar and Prescott, Ore. Mrs. Olson was persuaded to go down with Mr. and Mrs. Clifford Olson who visited here over the 4th.

Mr. and Mrs. Pete Farley and family were guests for lunch at the Lee Mead home on Sunday, July 8.

The psychology of the human mind is a weird and uncanny thing. Just why a person would care to chase a tiny pellet around the desert with the thermometer registering around 100 is difficult of comprehension but the number of men garbed in their plus 4's who made their rounds at the golf course Sunday in the intense heat evidenced the fascination of the game.

Fair premium lists were distributed this week. If you did not get one call Mrs. Falor or Mrs. Hereim. The fair will be held at Irrigon on September 14 and 15. On Friday afternoon a program of sports and races will be held and that evening a home talent play will be given by the club members.

On Saturday afternoon a ball game with possibly Irrigon and Boardman competing, and Saturday night the fair dance will be held. The new school gymnasium will be ready by that time and it is planned to hold the fair at that building. Officers this year are

TUNNEY DEFENDS TITLE AGAINST HEENEY

TOM HEENEY

The next big championship fight, between Gene Tunney and Tom Heeneey, will take place July 26 in New York. Below is a table that shows their respective measurements.

	Tunney	Heeneey
Age	29	29
Weight	196	193
Height	6'10 1/2"	6'10 1/2"
Reach	76 1/2"	72"
Neck	17	17
Chest (narrow)	41	43
Chest (expanded)	44	44
Waist	34	37
Wrists	8	8
Biceps	14	15 1/4
Ankle	9	9 1/4
Forearms	13 1/4	12
Thigh	23	23
Calf	16	16

GENE TUNNEY

Mrs. W. C. Isom, president; Lee and treasurer, and Mrs. O. Corman on Sunday.

C. H. Dillabough is superintendent of the vegetable division, Frank Frederickson of Irrigon, superintendent of fruits and melons; Chas. Sailing of farm crops, Hugh Grim of bees and honey, Vernon Jones of poultry, Mrs. Bert Knight of domestic art, Mrs. Smith of flowers and plants and Mrs. Reiks of domestic science, O. Coryell of livestock, Mrs. Walker of club work. All the superintendents are from Irrigon with the exception of Mr. Dillabough and Mrs. Walker.

A great many changes were made in the premium list this year so look it over carefully. The prizes for the general farm exhibit were changed from \$10 and \$5 to four prizes of \$6, \$4, \$3 and \$2. Milk cows are to be exhibited Saturday only. The group of monstrosities remains the same except the addition of the tallest corn stalk.

The prizes for monstrosities are \$1 and include squash, pumpkin, watermelon, Persian melon, sunflower head as well as corn stalk. A great many vegetables were eliminated as they were not raised here commercially and one of the objects of the fair is to encourage the growth of commodities adapted to this section. Many changes were made in the domestic art section. Boudoir pillows were added, all drawn work pieces eliminated, separate classes made for dresser scarfs and other things embroidered in white and colors.

Mrs. Reiks will again have charge of the domestic science with Mrs. Falor of Boardman and Mrs. Harkell of Irrigon assisting. Canned meats were added to the list this year, as were currant jelly and canned rhubarb. A large exhibit of livestock is expected from the club members, as there are many bumper lambs. It is hoped that Boardman people will come up to scratch and take a large exhibit to the fair at Irrigon and help make it a success.

Mr. and Mrs. Fred Davis of Spokane and the former's mother, Mrs. Fred Davis, Sr., of England were recent visitors at the Sylvester Attebury home. The elder Mrs. Davis will return to her home in England August 4.

Two important meetings are to be held in the near future and Boardman people are asked to keep the dates in mind and attend. On Thursday, July 26, Mrs. Brink, who is secretary of the Idaho Turkey Growers association, will be here and talk on Sanitation and Management of Turkeys. County Agent Smith will talk on Loading and Transit and Railroad Tariff. All turkey growers are urged to attend this meeting, Thursday afternoon, July 26, in Boardman. The other meeting is next Sunday, July 22, when a demonstration will be held at the R. Wasmer ranch by County

Agent Smith on the good results obtained from alfalfa fertilization. Mr. Smith and Mr. Wasmer have been conducting a series of tests at the Wasmer ranch with several plots, using various fertilizers. This should be of great interest to all Boardman ranchers for there always seems to be difficulty in getting a good stand of alfalfa on ground that has previously been in alfalfa.

Word has been received here of the marriage of Miss Esthrie Imus to Lloyd Hollingshead at Champion, Alberta, Canada. Esther has lived in Boardman for a number of years and was a student at the Boardman high school in her senior year when she left for Pullman where she was employed in a store for some time. She was very popular and her many friends wish her success in her new venture. Mr. and Mrs. Hollingshead plan to visit Boardman after harvest is over.

A neat little game was pulled on a couple of transients last week at Boardman. It seems that the car belonging to the two broke down at Pendleton. A passing tourist driving a car with an Idaho license picked them up and offered to take them through. The men who were headed for Portland put their suitcases in the car and when they reached Boardman the Good Samaritan (?) suggested that they stop here for the night. The men left their bags in the car and about 3:00 a. m. they awakened and found their benefactor gone with all their belongings. They claimed to have had quite a sum of money in the suitcases. At any rate they took the next freight headed for Portland.

Mr. and Mrs. Arthur Humphrey and children Delbert and Mardell and the elder Mr. Humphrey arrived Monday night for a short visit at the Ralph Humphrey home. The Humphreys lived in Boardman for one year. They have a small daughter, Mardell, about a year old.

Mrs. Ethel Campbell of Grants Pass was a house guest at the Glen Hadley home this week.

MORGAN

Mr. and Mrs. Chester Hutchcroft left Saturday evening for McMinnville.

Rev. Head of Ione was the dinner guest of Mr. and Mrs. Martin Bauernfeind on Sunday.

Quite a few of the Morgan young people attended the dance at Rhea Siding Saturday night.

Joe Gibson has started harvesting and reports his grain is making around thirty bushels.

Mr. and Mrs. R. L. Eckleberry were calling in Heppner Thursday. Francis Ely of Ione is spending a few days at the H. O. Ely home. David Ely is helping A. F. and W. F. Palmateer during the harvest season.

Mr. and Mrs. R. E. Harbison and

son Robert drove to Condon Sunday.

Mr. and Mrs. A. F. Palmateer were calling in Lexington Sunday.

Mrs. Pierrot of Portland is spending a few days with her daughter, Mrs. Franklin Ely.

Fred Mankin and Mrs. Misner were calling on Mr. and Mrs. R. E. Harbison Thursday evening.

The Oddfellows installed officers for the coming six months Thursday evening. Rood Eckleberry as Noble Grand and R. L. Eckleberry as Vice Grand.

Dwight Misner of Portland was calling at the Morgan warehouse Monday morning.

Gladye Medlock returned home Saturday after working a while for Mrs. Jack Wagner at Ione.

Mr. and Mrs. N. E. Pettyjohn and family were calling in Ione Sunday.

Mr. and Mrs. Martin Bauernfeind were doing business in Heppner on Wednesday.

Mr. Hillstrom returned from Hood River Saturday.

HOME POINTERS.

(O. S. A. C. Extension Service.)

Beef and pig liver may be cooked with a tomato sauce which takes away the strong flavor yet leaves all the value. The liver is first scalded then rolled in flour. Brown in fat and add a cup of strained, canned tomatoes. Cook slowly for 15-20 minutes.

The vitamin A content of hens' eggs may be increased by feeding the hens on fresh bluegrass range or by giving fresh lawn clippings. Ordinary blackboard erasers may be used to clean the top of the

stove. This will do away with the mussy, black stove rag.

Green peppers are one of the best sources of vitamin C. They have nearly four times as much as string beans.

Time may be saved by boiling potatoes with the peel on and putting them through the ricer. The peels remain in the ricer and all the potato can be forced through.

Leaf lettuce is much richer in vitamin A than head lettuce. This is true in the case of all green vegetables.

Beef kidney, liver, heart and brain all contain at least twice as much iron as round steak.

A meal may be planned around a bottle of milk instead of a pound of meat.

A Good Pan-Handler

You will find a buttonhook kept near the stove provides a most convenient help in handling hot pans in the oven.
