

BOARDMAN

Boardman friends are anticipating the coming of Mahara Kutzner who will give a recital here Saturday evening, August 4 at the Y's hall. Mahara is especially talented as a reader and when she lived here as a small child, the Boardman people always enjoyed hearing her recite, and since leaving she has had much training at the Gillespie School of Expression in Portland so people will no doubt enjoy hearing her more than ever. On Sunday evening she gave some readings over the radio as she has done a number of times. She also gave a number of readings at the Y. W. C. A. auditorium last week. The Ladies Aid is sponsoring the recital and 20c and 35c will be charged. Several local musicians will give some musical numbers between times.

Mrs. D. F. Ransler and two small sons returned Sunday from Pendleton where she spent a week. She took little Danny to the doctor.

Howard Bates lost one of his fine big horses recently.

Mrs. Eck Warren came up Friday from Kinross, a small lumber town 25 miles from Condon, where Mr. Warren is working at the carpenter trade.

Mr. and Mrs. Max DeWeese and two children motored down from Palouse, Wash., for a visit at the L. V. Root and W. H. Mefford homes.

Paul Mead has gone to The Dalles to visit relatives.

The stock yards at Boardman have been practically completed by the O. W. R. & N. They are built near the old loading chute.

W. H. Mefford took down the second load of furniture of the Boardman's to Salem on Friday. Alvie and Evelyn accompanied him. They returned Saturday night.

Everett Duggan lost one of his good cows this week.

Jack Gorham is pleased to have his sister, Mrs. Frank Ackerman and husband, here for a few days' visit. They motored up from Longview.

Mrs. Claude Coats and Guy Barlow drove to Hood River Tuesday to see Mrs. Guy Barlow who is there with her mother.

Interesting visitors at the Ralph Davis home were Mr. and Mrs. Ford E. Stokes, uncle and aunt of Mrs. Davis. Mr. Stokes has been superintending a large piece of construction work at New Brunswick, Canada, and in a few weeks he leaves for Bogota, Colombia, South America, where he will supervise the building of a three-mile railroad tunnel. It is estimated that it will take three years to construct this tunnel.

July 27 is the date set for the annual budget meeting for school district No. 25.

Mrs. T. Broyles was in Heppner Monday on business.

Mr. and Mrs. Imus and daughter Ina drove in from the wheat country and spent Sunday evening at the Geo. Gross home.

The Grange will give a picnic Sunday, August 5, at the Geo. Mitchell grove along the highway. All Grange members and friends are invited. A basket dinner will be served at noon. All bring their own dishes.

The Walter Knauff family, I. Skoubo and family, Mrs. Edw. Kurze and children, Mr. and Mrs. Nick Falter, Hans Neilsen, Geo. Mitchell and R. Wasmer enjoyed a picnic dinner under the shade of Mr. Wasmer's trees Sunday.

Mr. Strubel on the P. Smith place has purchased the Berger baler.

Sunday being such a terribly warm day was probably the reason for so few gathering at the R. Wasmer ranch to see what Mr. Smith, the county agent, has really proved can be done for the second seeding of alfalfa. Different kinds of fertilizer, both commercial and barnyard have been placed on the ground. The results really are— if we expect to raise alfalfa we must increase our livestock, both cattle and poultry.

Mr. and Mrs. A. T. Hereim left Monday for The Dalles and Hood River for an indefinite stay. Mrs. Hill is staying with the children during their absence.

Mrs. John Jenkins will entertain the next silver tea at her home Wednesday, August 1. Mrs. A. Ayers and her committee are serving.

Widely Mourned

Captain Emilio Carranza, Mexican flyer, who was killed when his plane crashed near Burlington, N. Carranza, "good will" flyer who recently flew from Mexico City to Washington, was attempting a return flight to Mexico City, when the tragedy occurred. The Mexican Lindbergh, as he was called, is being widely mourned both in this country and in Mexico.

Items of Oregon woolen products distributed nationally.

Proper flue construction will save from one to three tons of fuel a year, according to the research department of Northwest Furnace Builders. The warm air furnace which, through faulty flue construction or clogging, fails to get the proper draft immediately shows listlessness and lack of pep. Expertly constructed flues increase the ability of warm air furnaces to produce heat efficiently and economically. The flue which is especially built and tiled lined will pay for its increased cost in short order. They claim also, that the round flue is more efficient than a square flue of the same diameter. The gases take a spiral motion as they ascend the chimney. Friction is reduced thru the use of a round flue.

When is a cow a pig? When she eats too much green alfalfa! She then gets the bloat. Every cow man knows alfalfa over-eating is dangerous or fatal. A central Oregon rancher has perfected a device which he calls an anti-bloat halter, which automatically regulates the cow's feeding, producing better milk. It also saves labor as there will be less feed cutting work to do.

President and Mrs. Coolidge are wearing on their outing in Wisconsin wool blazer coats made out of cloth from an Oregon mill. The coats were presented to them by a manufacturer of Stillwater, Minnesota, who is using fifty thousand yards of Oregon cloth in garments he makes.

Officers of the Oregon Reclamation congress, composed of the irrigation and drainage sections, are busy outlining a program for the annual convention. Date and place of the convention was decided upon by the board of directors at a recent meeting at the state college in Corvallis. This year's session will be in Salem November 14-16. Settlement of the distressed irrigation projects will again come up for major discussion with attempt to decide upon still further legislation to propose next winter.

An optimist is a guy who thinks that if he marries a Queen he'll be a King.

Hints for the Home by Nancy Hart

When we read that, according to statistics, each family spends \$25 a year for soft drinks outside the home, we realize a very nice saving could be effected by serving these beverages from the home fountain.

Almost any pungent syrup from canned or preserved fruit can be used with a lemon or orange juice base to make a wholesome fruit drink. Malted milk powder added to cold cocoa and well shaken makes excellent chocolate malted milk, and the cold cereal beverages can also be combined with cracked ice and milk to make a delicious summer drink.

Not one of the drinks suggested costs more than a few cents to make at home—so in the interest of economy, let's try this scheme of being our own refectory and see if it isn't a success.

A Comp'ny Dish for Tea

Butter the bottom of individual glass baking cups and drop a tablespoon of canned crab meat in each; add a tablespoon of cream, dot with butter or margarine and break an egg on top. Season well and bake until egg is set. Um—mm it's delicious!

Ever Try Jellied Soups?

At smart tea rooms and hotels jellied broths are in great favor for summer service—especially this cold tomato soup made by dissolving a tablespoon of lemon-flavored gelatin in a half cup of boiling water and adding it to the liquid from a can of tomatoes. First season juice with a teaspoon of sugar, pepper and salt and juice of an onion and simmer for ten minutes. Then add dissolved gelatin and set on ice until cold. Serve in cups with whipped cream, if desired.

Don't Forget the Ice

In your enthusiasm over ice cream dainties don't forget fruit sherberts are just as tempting and often a better selection for summer meals. To a pint of any crushed ripe fruit add one and a half cups of orange juice and a cup of powdered sugar (beet or cane). Cook until sugar melts, cool and freeze.

Gooseberry Time!

Ever try gooseberry jam? It's fine with roast meats. Measure 4 level cups crushed berries into large kettle, add one-half cup water and stir until boiling. Cover and simmer 15 minutes. Add 7/4 level cups sugar, use hottest fire and stir constantly. Bring to full rolling boil and boil hard one minute. Remove stir in one-half cup liquid pectin, skim, pour and seal.

Improves Flavor of Fruit Pies

Almost any berry pie will be improved if a little salt is added to the filling of the pie.

Makes Eggs Go Farther

When beating whites of eggs, add a tablespoon of water for each egg and you will have double the quantity of stiffly beaten eggs.

To Keep Bread Boxes Sweet

Bread molds quickly in hot weather, so keep containers free from scraps of stale bread, and scald at least twice a week in summer.

A Good Floor Polish

A small quantity of kerosene ap-

Success!

June Carroll, formerly of the chorus of the Ziegfeld Follies, will soon carol in grand opera! She is one of two American-born singers who have just been admitted to the Metropolitan Opera Company.

plied to hardwood floors and rubbed with a woolen cloth makes a very good and lasting polish. This may also be used for furniture.

To Silence Creaking Doors

Rubbing door hinges with hard soap will stop their squeaking and is much better than greasing. This also applies to drawers that stick.

Saves Fuel

Cook as many foods as possible while the oven is burning. Cooking half a dozen articles consumes no more gas or electricity than it does to cook one.

ST. PATRICK'S CHURCH.

Rev. Thomas J. Brady, Pastor.

There will be mass next Sunday, the ninth after Pentecost, at 7:30 o'clock, preceded by the hearing of confessions and the distributing of Holy Communion. The pastor will preach at the mass and leave immediately for the Sands where he will say a second mass at 10:30.

Boys and girls who are seven years of age and who have not

made their first Holy Communion will assemble for mass on August 5th at 7:30 which mass will take place in the church in Heppner. These children will occupy special seats in the church, and on Monday, August 6th, the special class in Christian Doctrine will begin at 9 o'clock in the morning. At noon there will be an hour of recreation and at one o'clock the classes will continue until four in the evening. Parents are requested to provide accommodations for their children or consult the pastor who will seek lodging and boarding accommodations. The classes will continue for two weeks, and close on Sunday, August 9th, at the 7:30 o'clock mass during which the children will receive their first holy communion. All children who have made their first holy communion this year and who have been confirmed this year are urged to receive holy communion on that same day.

The parish outing will take place on the first Sunday in September, and mass will be said at Frank Nixon's house, and after the mass the people may roam at will through the piney woods nearby or take to the timber for the day. Light refreshments will be served. Every one is expected to provide his lunch basket.

There will be mass in Boardman on the second Sunday of August, that is, August 12th, which mass will be at 10:30 and celebrated at the home of Mr. Michael Marshall. Services in Lena will be announced later. August 19th will also be Children's Sunday, and parents are invited to attend with all their children, regardless of age.

She: "Sir, do you realize whom you are speaking to? I am the daughter of an English Peer." He: "Not so fast, I am the son of an American doc."

LEGION GOLF TOURNAMENT CONVENTION FEATURE.

A three day golf tournament on the famous Medford 18-hole course will be a feature of the state convention of the American Legion on August 2, 3 and 4. The Medford course is conceded to be one of the best on the coast, having been designed by H. Chandler Egan, former national champion, who is a resident of Medford and a member of the local golf club. Visiting Legionnaires are requested to bring

their clubs and their home handicaps and enter in this big Legion tournament, playing off their matches at any time during the three days. A handsome silver cup will be awarded the visiting Legionnaire who turns in the lowest net score and several other attractive prizes are also being arranged for by the Medford convention commission.

J. G. Doherty, Sand Hollow ranchman, was doing business in the city Tuesday morning.
