

# Local Happenings

The cars of John Skuzeski of this city and Mr. Cool of Ione "locked horns" just in front of the Wilcox farm on Willow creek highway Sunday evening, and Mr. Skuzeski's machine was considerably crippled as a result. John states that the mishap was evidently caused by both himself and the other party trying to pass too near the middle of the highway. He drove his machine on toward Heppner as far as the Art Parker place, where a front wheel dropped off, and the car had to be towed to town Monday morning. Mr. Skuzeski and family were returning home from a trip to Alderdale, Wash. No injury resulted to the occupants of the cars, and the Cool car was slightly damaged.

Mrs. Alex Green, accompanied by her son Herman and little daughter Louise departed on Sunday for Pendleton, there to take the overland train for her old home at Fries, Virginia. Mrs. Green has not visited her former home for thirteen years, and the journey is made at this time because of the illness of her mother. She will be absent for several weeks and thought she might make a visit to Washington, D. C., giving Herman a chance to view the sights of the national capital.

District Attorney S. E. Notson and Marshall S. P. Devin left Wednesday morning for Boise, Idaho, where they go to attend the convention of Northwest Sheriff's and Police, in session there this week end. Sheriff McDuffee had intended going, but meeting with an automobile accident near The Dalles on Monday when on his return from a trip to Bandon, he was delayed until too late to make the journey to Boise.

Attorney C. L. Sweek, Mrs. Sweek and the children and her sister, Miss Hawthorne, departed on Sunday for Portland, where they expected to spend a day or so and then motor to Eugene for another stop on the way to the coast at Seal Rocks. They will spend a couple of weeks at the seashore, during which time Cal expects to land some of the big fish that are inhabitants of the streams tributary to Seal Rocks.

J. H. Cochran spent a few hours in Heppner on Saturday from his home at Ione. Mr. Cochran states that he had just finished with the harvesting of the grain on the ranches of his son, the late Archie Cochran, and the returns have been excellent. On 400 acres of land just north of Ione, the average yield per acre was 32 bushels, while that on the McMurray place south of Ione went around 17 bushels.

Mr. and Mrs. B. G. Sigsbee and their daughters, Misses Bernice and Elaine, and Miss Hazel Calder of Portland, friend of Miss Elaine Sigsbee, departed on Monday forenoon for a week's outing at Wallowa lake. Mr. Sigsbee and the young ladies drove up from Portland on Saturday, he and Miss Bernice having spent several days in the city the past week.

Milton W. Bower and family departed Monday morning for Bingham Springs, going prepared to spend a week camping at that popular resort. The ministerial conference of the preachers of the Christian church of the Eastern Oregon district will be held there this week, also, and Mr. Bower was going at this time to take this in.

Bert Palmateer and family and W. F. Palmateer, Morgan residents, were visitors in Heppner on Saturday. Mr. Palmateer and his son have finished with the wheat harvest and report a good yield. Grain turned out unusually well in the Morgan wheat belt this season and when the price gets back to around \$1.25 again producers of that section will begin to cash in.

Hanson Hughes returned the end of the week from spending a few days in Portland, during which time he attended the meeting of the state central committee of the democratic party, of which he is the Morrow county member.

## GILLIAM & BISBEE

Call and see the INTERNATIONAL COMBINE. See it in action, examine it thoroughly for any imperfections. We ourselves can't find any.

Our stock McCormick Deering Mowers, Rakes and Binders is on display for inspection or criticism. We believe we have got the best in that line.

We have a full stock of Single Trees, Lead Bars, etc.

Don't forget the poultry supplies. Dr. Hess' Panacea for chicks as well as Stock Tonic and Sheep Dip.

Sheep camp supplies of all kinds.

## GILLIAM & BISBEE

David McDowell, aged 17 years and 5 months, died at the home of his sister, Mrs. A. C. Warren, at Gooseberry on Monday afternoon, and funeral services were held at the Christian church in Ione Tuesday afternoon, with burial in the cemetery there. The young man was a victim of tuberculosis from which he had suffered many months and had just returned to the home of his sister from a mountain camp where he had been in hopes that it might benefit his health. He was a native of Gilliam county, but his home had been at Gooseberry for the past five years. Besides his sister, Mrs. A. C. Warren, he is survived by his father, Bert McDowell of Condon, and his passing is mourned by these relatives and many friends in that neighborhood.

Mr. and Mrs. Franklin D. Cox of Hinton creek were in Heppner a short time on Friday, while attending to business. Mr. Cox is just recovering from a spell of sickness that had him down for about two weeks. He says his trouble to a little too much hot weather.

Mr. and Mrs. C. W. Valentine were visitors here Tuesday afternoon from their farm home near Lexington. Charley finished with his wheat harvest a week or two ago and has the grain in the warehouse ready for selling when the price gets back to normal again.

Mrs. P. J. O'Riley of San Francisco is visiting with her sisters in this county. Mrs. Walter Kilcup of Lena and Mrs. Roy Brown of Ione. She is accompanied by her son Jerry and they arrived here the early part of the week.

Mr. and Mrs. E. R. Lundell and Mr. and Mrs. Algott Lundell, with members of their families, were a motor party in Heppner on Tuesday evening from their homes at Ione, coming up to take in the show at Star theater.

The Womans Foreign Missionary society of the Methodist church will have their regular meeting in the parlors of the church on Tuesday afternoon, August 21, at 2:30. It is hoped all members and friends will be present.

C. H. Furlong was in town Tuesday looking after business matters. He has finished with the harvesting of his grain crop on the Sweek land at Eight Mile, the yield proving quite satisfactory.

Grant Olden, Rhea creek ranchman, was attending to business in the city on Tuesday. Mr. Olden states that he has his hay all up and the crop this season was a good one.

Edison Morgan of Ione was a visitor here on Friday. He stated that harvesting on the Morgan farm had been finished the day previous, and the results were quite satisfactory.

Claude Cox and family departed the first of the week for the coast.

## For Vacation---

You go away to play—not to worry. A neat wallet of American Express Travelers Cheques is as much a part of a well ordered vacation as a traveling bag. These Cheques represent peace of mind over the funds upon which your good time depends.

American Express Travelers Cheques are a form of "personal money"—spendable as cash, but only by the proper owner. They enable anyone to carry any amount of funds at all times without fear of loss. They also entitle their holders when traveling to very opportune and helpful assistance from American Express offices in this country and around the world.

The method of using Travelers Cheques is simplicity itself. When you buy them you write your name on each Cheque, thus making it your own. When you wish to spend one you write your name a second time on the Cheque in the presence of the person accepting it.

No identification other than your second signature is necessary.

If your American Express Travelers Cheques are lost or stolen (uncountersigned or not exchanged for value) your money is refunded.

**FIRE! The Unsparing Thief**  
Human thieves, fortunately, specialize. They stick to their respective "lines."  
Fire spares nothing. It often leaves a house gutted and ruined from cellar to attic.  
This means that fire insurance should fully cover all that fire can destroy or damage.  
A few thousand dollars added to your inventory will increase your annual premium but little.  
Yet, after a fire, "fully covered" is far better than "partially covered."  
Let us help you.

## Wouldn't you prefer a car built in the World's Most Modern Automobile Plant?

Today you demand infinitely more in your automobile than you did five years ago. In order to satisfy you, Oakland now builds the All-American Six and the Pontiac Six with greater care than ever before.  
Oakland and Pontiac Sixes are built in factories constructed almost entirely within the past two years.  
Oakland is constantly discarding and replacing equipment, content to use only the very newest, most accurate designs. Oakland inspection standards are second to none.  
Wouldn't you prefer a car built in the world's most modern automobile plant with standards of precision such as Oakland employs? Drive an All-American Six or a Pontiac Six, and you'll find the answer in superior performance, stamina and reliability.

Oakland All-American Six, \$1045 to \$1265. Pontiac Six, \$745 to \$875. All prices at factory. Check Oakland-Pontiac delivered price—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.
