

Local Happenings

Chas. Hemrich held his sale on Saturday and converted much of his personal property into cash. The sale went very well on a lot of articles, and others brought very small amounts. Mr. Hemrich shipped out a car load of work horses Tuesday night, their destination being McMinnville, where he has prospects of disposing of them at good prices. With his car outfitted with trailer and other conveniences for travel, Charley and his family departed on Wednesday forenoon, going first to McMinnville they will visit other points in the Willamette valley and Southern Oregon, and then travel through California and Arizona, visiting with friends on the way, as they journey to their destination, which is the former home of Mr. and Mrs. Hemrich at Newton, Ill. They expect to remain in the east for the winter and during this time will decide as to their future location.

Snow fell in the mountain district of Morrow county on Tuesday night. Reports brought to this office stated that in the Ditch creek section some five inches fell, and Harry French reported from his place south of Hardman that there was an inch and a half of the beautiful over the ground there—the most he had ever known at this season of the year. This may point to a rather wet fall season; at any rate if it begins to snow at this early date the sheep will be moving toward the lower country at a rapid rate.

Mr. and Mrs. Lester White of Lexington, returned during the week from their wedding trip, and will now be at home on the farm of Mr. White's father north of Lexington. While in town yesterday Lester reported a very heavy rain over the Lexington wheat belt, which will put the summerfallow in just the right condition for the fall seeding.

Mr. and Mrs. Jason Biddle of Rhea creek, were Heppner visitors on Tuesday afternoon. At that time Mr. Biddle was hoping for a good downpour of rain, and that wish began to be fulfilled on Tuesday night and all that came on Wednesday should have filled his heart's desire. Seeding will now proceed at a lively rate throughout that part of the county.

The ladies and friends of the Methodist church will have a cooked food sale on Saturday, Sept. 29, beginning at 10 o'clock, at the place formerly occupied by Mrs. Tom Hughes in the McMurdo building, instead of the cafeteria lunches as announced last week.

W. V. Pedro spent a day or two in the city the first of the week from his sheep ranch down Cest way. The arrival of rain in such an abundance Tuesday night and Wednesday caused W. V. to rejoice as it will be of much benefit to his sheep range.

For Income-Producing Property

When income-producing property is damaged or destroyed by fire, there is two-fold injury. There is the actual property-damage, and there is the impairment of income.

There is now an auxiliary form of fire insurance for such properties, called Use-and-Occupancy Insurance—supplementing the usual Fire Insurance.

This indemnifies the property-holder for loss of prospective profits, and for the payment of fixed charges, while the property is non-productive.

Let us explain it to you in detail.
