Now Pick Your Winner In Each State

Here's a good game to play. Just study the chart above. It shows how the different states in the union voted during the years 1888 and 1892.

Ten states show an unbroken black line, indicating that since 1888 they have not once voted for any other than the Democratic party. These states are Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas, and Virginia. These states have a total electoral vote in 1928 of 114.

Tennessee voted other than a Democratic ticket only once, in 1920. Connecticut, Delaware, Illinois, Indiana, Iowa, Maine, Michigan, Minnesota, Oregon, Pennsylvania and Rhode Island among other states have been mostly Republican, while Vermont has been solidly Republican since 1888.

BOARDMAN

The North Morrow County fair was the leading event of the week and Irrigon the Mecca for many Boardman folks. Boardman and Irrigon have held this fair jointly ever since its inception and plans were to have the two towns alternate each year but heretofore Irrigon has not had a suitable place to hold it until this year when the new gymnasium was completed. The exhibits were shown in the basement of the gym and although Boardman did not "come up to scratch" this year as was expected the Irrigonites showed more than before so the quantity on display was practically the same. The matter of getting the material to Irrigon seemed to be the chief difficulty here and as fair funds can be used only for premiums there was no money to pay for hauling the displays up there, hence many had no way of entering their exhibits. Also a number were haying or doing other work that could not be deferred. The vegetable display was much smaller than usual since Boardman raises more vegetables than Irrigon.

get judged this department. Mrs. Chas. Nizer had some clever novelties in the line of canned carrots which showed much painstaking labor, while these were very attractive with their fancy shapes and the queer little vegetable maid in one jar they were not awarded first prize for few housewives would have time to prepare vegetables in that manner, but they did make an attractive picture.

That baking is becoming a lost art with the modern housewife was again demonstrated even more this year than last. Only one cake was entered and one loaf of bread, a few cookies, doughnuts and pies. All that were entered looked "good enough to eat."

There were three excellent general farm exhibits, all from Irrigon. These were judged according to varieties, maturity and artistic arrangement with prizes of \$6, \$4 and \$2. They were well arranged and showed productivity of the sandy soil with water available. F. H. Rieks won 1st prize and Mr. Light 2nd on these. Last year there were no fruits shown, but Nature was more kindly this year and melons and fruits were present in abundance and luscious pears and peaches, rosy apples, delectable strawberries tempted both the eye and the palate. Frank Frederick was in charge of this section. Adolf Skobo, who won many prizes this year, was awarded first on the best three watermelons. That Boardman received the award rather than Irrigon is explained by the fact that the Irrigon section is from two to three weeks earlier than Boardman and the prime melons were gone. The farm crops exhibit was not so large as usual, only three or four entries of corn being shown, and only two sheafs of alfalfa. C. C. Gignoux judged the farm crops (in charge of Chas. Saling), the fruits, melons and vegetables. C. H. Dillabough was appointed superintendent of the vegetables but was unable to attend so Jess Badger acted as superintendent.

The bees and honey exhibit was almost negligible which seems strange in a section that produces honey by the ton but it was always difficult to create interest in that division. Mr. Rodda of Hermiston judged this and Hugh Grim was superintendent.

Sunday's Journal carried an account of the Prael-Aldrich wedding held Wednesday, Sept. 15, at the bride's home in Portland. Mrs. Prael will be remembered as Alice Aldrich, the 3rd and 4th grade teacher in the Boardman school some three or four years ago. She was a great chum of Miss Barbara Hixon, the primary teacher who is now married. She assisted at the reception given after the marriage. Mr. and Mrs. Prael will make their home in Astoria.

The usual gorgeous array of flowers was displayed, giant zinnias, huge dahlias of various shades, potted plants, asters, especially noticeable were some of the velvety, odd shaped coxcombs, and some "Princess Feather," another floral oddity, the latter entered by Mrs. B. B. Lewis of Boardman. Mrs. Smith of Irrigon had charge of this department and Mrs. Wooster of Umatilla judged.

Mrs. Reiks and Mrs. Nick Faler had charge of the Domestic Science section and the many entries made it one of the largest. Miss Spike of Boardman and one of the Irrigon teachers whose name we did not

BETTER homes are built with better lumber—and that doesn't mean high priced lumber either. Our quality, our service, and our prices will satisfy you. Heppner Planing Mill & Lumber Yard A. R. REID, Proprietor Phones—Mill 9F25, Yard Main 1123

at the close of the fair were left with Mrs. Nick Faler. Mrs. Reiks of Irrigon and Mrs. Hereim of Boardman are retiring members of the fair board. Two new members will be selected for next year. Other directors are Mrs. W. C. Isom, Mrs. O. Coryell, W. O. King, Mrs. Nick Faler and Lee Mead, treasurer.

Mr. Nick Faler was the Boardman representative at the fair, going up Friday and remaining overnight, a guest of Mrs. Reiks. Mrs. Faler has been a faithful worker for the interests of the fair for several years.

County Agent C. W. Smith also deserves much commendation for his labors in the interests of the fair. Grange will meet Saturday night at which time a Harvest program will be given. The meeting was postponed a week because of the fair.

Fred Hoskins of Rhea creek has shipped in 300 head of sheep which he is feeding on the Kunze place. They are for sale. Mr. and Mrs. Lundell of Willow creek were Boardman visitors on Friday. Russell Mefford spent two days visiting with his sister at Condon. On Friday he and Eldon Wilson will leave for Corvallis where they will attend O. S. C. Alton Klitz will also reenter O. S. C. Mrs. Harvey Huff and small son are home from Dufur. I. Skobo and family were dinner guests Sunday at the Kunze home. Mr. Kume was home from Condon where he is employed.

at once for Monmouth where he enters the State Normal for the winter, beginning his preparation for the teaching profession. He was a graduate last spring from Heppner high school.

Wednesday. Mr. Barlow engages quite extensively in the dairy business these days, and finds it is a paying proposition for a creek rancher.

Mrs. Lena Snell Shurtz, formerly superintendent of schools of Morrow county, is visiting with friends in Heppner this week from her home in Portland.

Henry Krebs, of Krebs Bros., Cecil sheepsman, was a visitor in this city Tuesday for a few hours, while looking after business interests.

Mr. and Mrs. D. S. Barlow were in Heppner on Wednesday. Seeding is not under way in his locality yet.

E. H. Turner, lone wheatraiser, was a visitor in Heppner on Wednesday. Seeding is not under way in his locality yet.
