

Local Happenings

T. R. Conway and wife of Portland were visitors at Heppner on Thursday night last. Mr. Conway who is secretary of the Oregon Good Roads association, had made other visits to Heppner, but not since the completion of our good highway to the junction, and he was loud in his praise of this splendid road. It is his privilege to travel over all parts of the state, and shortly before coming to this city he had been over hundreds of miles of the completed roads under the Oregon highway system, and was free to say there are none better than Willow creek highway. He suggested that more work should be done by Heppner people to direct travel over the Oregon-Washington highway to and from Pendleton; it is certainly a great change for those whose habit it is to make the journey many times a year over the Old Oregon Trail between Heppner Junction and Pendleton.

Mr. and Mrs. Elra Hayes and two children were visiting Morrow county relatives and friends last week from their home in Los Angeles, Elra, who used to be known as "Mug" when he lived in Heppner and was prominently connected with high school athletics before enlisting in the navy at the time of Uncle Sam's entry into the world war, noted considerable change in the old town and was pleased at its prosperous appearance. Returning home by way of the Mt. Hood loop and Portland he expected to attend a reunion of the Hayes family in Portland on Sunday.

The Misses Luola Bengne and Mary Patterson were hostesses at a dinner party at the home of Judge and Mrs. R. L. Bengne on Saturday evening, guests being a number of friends of the young ladies. Miss Bengne accompanied her father to Portland on Sunday, and from there she went on to Eugene to enter the University for her senior year. Judge Bengne returned home later in the week, after attending to business matters in the city.

F. F. King of Walla Walla, general supervisor of Stone's Cash Stores, has been in Heppner this week, assisting Mr. Walters, local manager of the new store, in getting ready for the opening that takes place on Saturday. Work has been rushed along at a lively rate in getting the room in Hotel Heppner ready for the new store, but Mr. King announces that there will be no delay whatever in opening.

D. A. Wilson, Alva Jones, E. R. Schaeffer and father, returned the first of the week from a week's hunt with two buck deer. Going up before the season had been temporarily closed they were knocked out of considerable hunting, getting in only three days all told. They hit 11 inches of snow on the slopes of Big Baldy.

Mrs. J. P. Conder departed for Eugene on Thursday evening last, being accompanied by her son, Jon Conder, who will enter the University of Oregon. Mrs. Conder will take up housekeeping in the college city during the school year, the household effects being removed to Eugene by F. R. Brown on his truck.

Friends of Mrs. Henry Schwarz tendered her a birthday surprise on Friday evening. A number gathered at the Schwarz home, bringing with them refreshments and these were served later in the evening. Mrs. Schwarz was remembered by a number of appropriate gifts, and the evening was very pleasantly spent.

Supt. and Mrs. Jas. M. Burgess spent the week end at Condon where they enjoyed a visit with Mr. and Mrs. Gerald Smith. Mr. Smith, who was formerly eighth grade principal at Heppner, has been instructor in the Condon high school for the past two years and is entering upon his third year as principal there.

J. A. Dedman, wife, son and daughter arrived at Heppner the first of the week from their home at Weed, Calif., and have been guests at the home of Mr. and Mrs. Sam Hughes. Mrs. Dedman is a sister of Mr. Hughes and a good many years ago they made their home in Kahler Basin, over in the Spray country, but this is their first visit to Heppner. In the winter time Mr. Dedman and his family reside at Oakland, Calif. They started on their return journey Wednesday afternoon, going as far as The Dalles for a visit at the home of John Hughes, and then will visit other relatives at Portland.

"We'd like to have some of the market roads on our map removed so that we can build roads on a cheaper scale than the market road standard calls for," declares R. L. Bengne of Heppner, county judge for Morrow county, who is registered at the Imperial. "We have not enough money to build the roads we want on the market road standard, so we would appreciate having them released and then we can build roads our own way." Judge Bengne has put the proposition before the state highway commission and is still working on the idea.—Oregonian.

Raymond Huddleston, son of Mr. and Mrs. Ray Huddleston of Lone Rock, left this city yesterday evening for Eugene where he will re-enter the University of Oregon at the beginning of the fall term. He accompanied his aunt, Miss Bess Huddleston, who picked him up on the sheep trail where he had been assisting in trailing the Huddleston sheep off their summer range.

County Agent C. W. Smith was a busy man at Irrigon Friday and Saturday, assisting with the work of putting over the North Morrow County fair. The assistance of Mr. Smith in all of the activities of the north end communities is much appreciated by the residents there, if we can judge from the many words of praise we heard while a visitor at Irrigon on Saturday.

The editor of this paper, accompanied by R. W. Turner, motored down to Irrigon on Saturday and took in the North Morrow County fair which was put on in good shape by the communities of Irrigon and Boardman. The day was ideal and the gentlemen enjoyed themselves to the limit, mixing with the good people of the north end of the county.

A. E. Fellers was in town Tuesday from his farm out from Ione. He said a few more days would see his fall seeding finished and that he already had grain coming thru the ground, the result of the rain of last week. As soon as his fall work is completed he expects to take a hunt near Long Creek and later take a trip to Klamath Falls.

Ed Bennett, Chas. Cox, Lou Bisbee and Lester Doolittle composed a hunting party going out to the timber Saturday evening to hunt over Sunday. They joined another party composed of Dr. A. H. Johnston, Paul Gemmill, Gay Anderson and Earl Hallock and helped chase out the buck killed by Mr. Gemmill.

Mrs. Vernon C. Bartlett of Eugene and her friend, Mrs. H. P. Keller of Portland were visitors in Heppner on Wednesday on their return home from a visit at Monument with Mrs. Bartlett's brother, Guy Boyer. They came to bring Don Boyer home after spending the summer in Eugene with his aunt.

W. W. Smead, L. Van Marter, Dr. A. D. McMurdo of this city, and "Buck" Bigbee of Portland, a U. of O. schoolmate of Mr. Van Marter, left the end of the week for the high mountains in the vicinity of Desolation for a deer hunt.

Asa Thomson, who is a director of the Federal Reserve bank at Spokane, has been in the city since Monday evening, accompanied by his brother, Allan Thomson of Echo. Mr. Thomson was here to attend to business in connection with the loan department of the Federal Reserve bank.

Mrs. O. C. Stevens of McKinney creek was a visitor in Heppner on Friday. They had just finished gathering in the apple harvest on the home place, and this office acknowledges receipt of some fine samples of a variety of apples that Mrs. Stevens could not name. They were excellent.

Smith Burch and daughter Eugenia visited with friends in this city over Wednesday, arriving here from their home near McMinnville on Tuesday afternoon. Mr. Burch and his family were formerly residents of Heppner, leaving here for the Willamette valley some fifteen years ago.

Earl Hallock, cashier of the Farmers & Stockgrowers National bank, departed Monday afternoon for Union where he expected to join Roger W. Morse, former Morrow county agent now of Baker, and together journey into the Willamette mountains for a week's hunting excursion.

Stephen Thompson, son of Mr. and Mrs. Robert Thompson and Gerald Slocum, son of Mr. and Mrs. Lee Slocum, will leave on Friday for Corvallis to prepare for entering O. A. C. as students for the coming year. These young gentlemen were graduates of Heppner High school, class of '28.

Helen M. Walker, county school superintendent, was an attendant at the North Morrow County fair at Irrigon Friday and Saturday, assisting with carrying on the work. Mrs. Walker was especially interested in the boys' and girls' club work.

Leonard Barr, of the firm of Curran & Barr, went out to the mountains the last of the week in company with Claude Knowles who was to chase out a big buck for him.

Mr. and Mrs. Frank Turner motored to Walla Walla on Saturday, taking their son, Robert, up there to enter Whitman college. Robert is one of the graduates of Heppner high school, class of '28, many of whom are entering higher educational institutions for the winter.

C. H. Erwin and family departed on Saturday for their new home at LaMar, Wash., where Mr. Erwin will engage in wheatraising on a large scale. The older children will be in school at Prescott for the winter.

For Income-Producing Property

When income-producing property is damaged or destroyed by fire, there is two-fold injury. There is the actual property-damage, and there is the impairment of income. There is now an auxiliary form of fire insurance for such properties, called Use-and-Occupancy Insurance—supplementing the usual Fire Insurance.

This indemnifies the property-holder for loss of prospective profits, and for the payment of fixed charges, while the property is non-productive.

Let us explain it to you in detail.

Week after week and month after month the Bigger and Better Chevrolet has swept on to greater and greater heights of popularity—until today it stands acknowledged everywhere as first choice of the nation for 1928!

Never has any Chevrolet enjoyed such overwhelming public acceptance—for never has any low-priced car provided such an outstanding combination of distinctive beauty, thrilling performance and amazing economy!

Its beautiful bodies by Fisher—long, low and racy, and finished in colors that reveal to-day's mode for smartness and individuality—are far in advance of accepted standards in the field of low-priced cars. Inside

and out they prove anew that Fisher craftsmanship is a thing apart.

But Chevrolet performance is no less impressive than Chevrolet beauty and style. Never before was a low-priced car so easy to handle—for the steering mechanism is fitted with ball bearings throughout... the clutch and gear-shift lever respond to the slightest touch... and big non-locking 4-wheel brakes give a measure of braking control that is more than equal to every occasion.

Come in and see the car that has won the approval of more than three-quarters of a million buyers since January 1st. Learn for yourself why it is scoring the greatest success of this great automotive year!
