# WHEAT MEN URGED TO JOIN E.O. LEAGUE

Eastern Oregon Meet at Arlington in February Cited as Important.

#### COUNTY MEET FIRST

Luncheon Club Sponsors Get-To gether to Arouse Interest of Local Growers.

"A conference of extreme importance to wheatmen of eastern Oregon will be that of the Eastern Oregon Wheat league at Arlington, February 11, 12 and 13," declared Chas W. Smith, county agent, on his return from the executive comessary committees.

On Mr. Smith's recommendation. as well as that of Chas. Cox, president of the league, the Heppner Luncheon club at its meeting Mon-day declared in favor of a Morrow county conference to be held pre-vious to the one at Arlington, to arouse interest in the big sectional affair. Earl D. Hallock, luncheon club president, was instructed to appoint a committee to arrange the details which will be announced in the very near future. It is thought this preliminary meeting will prob-ably include a get-together dinner at noon followed by an appropriate

program.
"The Eastern Oregon Wheat league, in its intent, should do for the farmer what the Oregon Woolgrower's association does for the sheep-man," is Mr. Smith's belief. To accomplish this, however, a more widespread interest of the wheatmen is necessary. At the present time wheat growers have no organization with a wide enough cover age of membership to put into ef fact a program of the size and kind that is needed, to be of real worthwhile service.

In transmitting the dates of the league conference, with minutes of the executive committee meeting and the committees appointed, G. R. Hyslop, prfoessor of farm crops at O. S. C., writes: "This will be a

and the committees appointed, G. R. Hyslop, prfoessor of farm crops at O. S. C., writes: "This will be a very important meeting. It is important that there be a larger membership in the league. Every wheat grower in eastern Oregon should join and help in the movement to better wheat growing conditions. "Committee secretaries and members should begin assembling data at once for the committee work."
