Official Paper for Morrow County.

Once to every man and nation comes the moment to decide, In the strife of Truth with Falsehood, for the Good or Evil Side.—Lowell.

FOSSIL HELPS BOOST.

THE matter of getting the Heppner-Spray sector of the Oregon-Washington highway on the state road map, has been one of the puzzles that the Morrow county people have been trying to solve for several years.

As the resolutions, presented herewith, speak for themselves, we are not making further comment, except to say that we hope that the commercial interests of Heppner will fall in line immediately and add to the work already done by the Fossil Commercial club their united support.

WE give herewith the resolutions in full: To the Honorable Thirty-Fifth Legislative Assembly of the State of Oregon: We the members of the Fossil Commercial Club assembled, do hereby petition you as follows:

WHEREAS, there is a stretch of 24 miles of road between Service Creek on the John Day Highway north and the Ochoco Highway south, which if completed would give a direct connection between the John Day Highway and the Ochoco Highway; and

WHEREAS, a considerable part of this road has been built by Wheeler County, Oregon, as a market road, and

WHEREAS, there is under construction, at this time, a highway between Heppner and Spray which highway is almost completed; and

WHEREAS, if the Service Creek-Mitchell sector were completed, it would result in the consummation of the most direct route from Heppner to the Ochoco Highway, and

WHEREAS, the construction of the Mitchell-Service Creek stretch of highway would result in a saving of over

20 miles on the Heppner-Spray route and that said construction would save approximately 45 miles on the route from Arlington, Condon, and Fossil to Mitchell and the Ochoco Highway; and

WHEREAS, by putting the Heppner-Spray sector of the Oregon-Washington Highway on the Highway map, the same would be maintained in good condition and by putting the Service Creek-Mitchell market road on the State Highway map and completing this stretch of road in the near future, the said highways will be linked up to each other in the most direct route that can be obtained; and

WHEREAS, the completion of the Service Creek-Mitchell highway will give a shorter and more direct route to all cars on said highways to Prineville, Bend, Klamath Falls and Eugene.

WHEREFORE, we the members of the Fossil Commercial Club respectfully petition the Honorable Thirty-Fifth Legislative Assembly of the State of Oregon, that the Mitchell, Service Creek market road, in Wheeler County, Oregon, be incorporated into the State Highway system, and that the same be built in the near future and that the Spray, Heppner sector of the Oregon-Washington Highway be also put on the State Highway system for the maintenance of the same.

A merger of the two daily papers at Baker was consummated the past week, and the announcement is made that beginning with February 1, the papers will appear as one, published by the Baker Democrat-Herald Co. The new owners are Bernard Mainwaring and Lucian P. Arant, who have been publishing the Baker Evening Herald, and will now publish the Baker Democrat-Herald, having formed an \$80,000 corporation for that purpose.

The Morning Democrat was the pioneer paper of Baker, and one of the oldest daily papers in the Pacific Northwest. It was established in 1870 and the Evening Herald in 1901.

Extra Congress, Extra. Prosperity's Back Log. Mr. Lucey Half Right. Wise King, Amanullah.

Mr. Lucey, the old Northampton cobbler, who knew President Coolidge when a boy, is supposed to have given little Calvin this advice, "Keep your shoes laced tight, and never let your tongue wag."

It is harmful to lace children's shoes too tight. Lacing tightly around the ankles, pressing on blood vessels, impeding the flow of blood, gives the heart more work to do. Cobbler Lucey was only half right.

Changes in the tariff are predicted. "Big financial and industrial interests feel that tariff changes are needed."

If they feel that way, the changes will be made, and probably should be made. Big business has its faults, but it knows what the country needs, realizing that the big man can get only his part of what the little man can earn.

All of our prosperity comes down to the fact that people EARNING more can SPEND more. Mr. Ecker of the Metropolitan Life Company puts it in words: "The people earn fifteen to twenty billions more than it costs them to live. Those extra billions are prosperity's back log."

discovered suddenly and violently what American prohibition enthusiasts are discovering slowly, that it isn't easy to change men's habits by proclamation or law.

Amanullah came back from his visit to England wearing European clothes, his wife fashionably dressed, short skirts, silk stockings, nothing to cover up her face.

He announced that women in Afghanistan were also to go with their faces uncovered, no more "seclusion."

Tribes rose against him, armed, drove him into a fortress.

King Amanullah changed his mind. Afghan girls sent to be educated in Turkey are to come home. European dress is to be abolished. Soldiers of Afghanistan are to be allowed to follow and bow down to their religious leaders, the Holy men, or Pirs, and women will be kept in seclusion.

All the suggested reforms will be thrown overboard. Wise Amanullah, he wanted peace.

The Chinese, poor creatures, butchered, starved, forced into revolutions of which they do not know the meaning, know at least one thing, and that is, that it is important to have good roads.

Mr. G. Walter Reed, of the Santa Fe Railroad, quotes an engineer just back from China: "Food from South China cannot reach those starving in Northern China because of fifteen hundred impassable miles."

Some Boy! Racine, Wis.—A ten-year-old boy has ordered a pair of 25 size shoes from a Racine shoe company. The purchaser is Robert Wadlow, an elementary school student of Alton, Miss. The boy is said to be six feet 10 inches tall, and weighs 250 pounds. Five square feet of leather were used to manufacture the shoes.

Milady's Beauty Secrets By Helena Rubinstein. If to her share some female errors fall, Look to her face—and you'll forget them all. —POPE. In the next few articles I shall go quite thoroughly into the subject of skin texture, telling you of the various types of skins, so that you will know whether you possess a thick, thin or normal skin, and how to give it the proper care.

whether your skin is thick, thin or normal. If your diet is composed of the wrong food, the system cannot take care of it properly, and it is bound to be reflected by the complexion. To keep the skin healthy and attractive it is essential to lead a regular life, taking plenty of exercise, eating the right foods, watching the elimination, getting plenty of sleep and keeping your nerves relaxed as much as possible.

If these things are not right, you cannot expect your health—and in turn, your skin—to be right. Again, as I have told you many times before, a certain amount of the poison of the system must be thrown off through the pores of the skin, and if you do not keep the pores free, you cannot expect them to be able to pass off this way.

It is wrong to think that the rough, yellow, outside skin of an orange constitutes the entire skin, for the real skin is at least three eighths of an inch deep. Think not that a mere soap and water washing, or applying to the surface an inactive cold cream that scarcely removes the soil and dirt, will thoroughly cleanse the skin!

It is the thorough cleansing of the under skin that counts. The soil and dirt that are lodged in the pores can only be reached by using all creams that will penetrate beneath the surface of the skin. And in my articles following I shall tell you the best ways to cleanse the various kinds of skin so that you will know how to treat the type you possess.

Sunday School Lesson International Sunday School Lesson for February 3. THE HOLY SCRIPTURES Psalm 119:7-14; 2 Timothy 3:14-17. REV. SAMUEL D. PRICE, D. D. The Christians' Sacred Book is a descriptive statement of the Bible. In fact, it is a library consisting of sixty-six books, divided into the Old and New Testaments. "How We Got Our English Bible," by J. Patterson Smyth, answers many questions in the mind of every investigator. Beyond all human sources this Book comes from God. Rev. F. B. Meyer, D. D., says, "Inspiration consists in the divine quality that inheres in the Bible." It is certainly different and superior to every other book, and is well called the Book of Books. One cannot claim to be well educated who is not conversant with the general content thereof. Dr. Meyer also states, "The best argument for the Bible is the character is created," and William E. Gladstone declares, "The Sunday school is the world's greatest institution for popularizing the world's greatest Book." Read this Book through, and do as often as possible. Then commit many chosen passages to memory. One of these will be the nineteenth Psalm, from which the first scripture portion is taken today. If you wish to note many terms for the Scriptures read Psalm 119, where there is some mention in each of the 178 verses. In spite of its
