It is Astonishing

—what an improvement can be made in a plain house by the magic of saw and hammer, boards and paint. The old house is transformed. A new porch—some better windows—a dormer or two and you would scarcely know the old house. The shifting of a partition—a new oak floor—built in kitchen cabinets or a window seat will often render the interior home more inviting and comfortable. A few hundred dollars spent for material in improving an old house frequently adds a thousand to its selling price. Come in and let us tell you how reasonable remodeling costs are just at this time.

Our Facilities AND YOU

The generation and distribution of electricity is a process of amazing ramifications and requires costly equipment plus a large staff of trained men and women. A light and power company must be prepared at all times to deliver any amount of electrical energy.

Our power plants and the network of wires carrying electricity to customers were constructed with an eye to the future. Additions to equipment are constantly being made.

We have a definite and increasing obligation to our customers. Not only do we provide service, but we are prepared to assist in employing that service for increased comfort in every room in your home and for increased efficiency in your factory or office.

We are prepared to meet all needs for electric service.

Suddenly, out of a spring sky...

ALL was well on the telephone front on April 27, 1928. Suddenly, out of a spring sky, rain began to fall, and as night came on this turned into a furious storm of sleet, snow and wind. In 48 hours, 3700 telephone poles and 7000 miles of wire were down; 39 exchanges were isolated; 11,000 telephones were silent.

Repair crews were instantly sent to the scene. In record time 1000 men from five states were on the job. Within 72 hours the isolated exchanges and telephones were back in service.

In any crisis there are no state lines in the Bell System. In all emergencies of flood or storm, as well as in the daily tasks of extending and maintaining the nation-wide network, is seen the wisdom of One Policy, One System, Universal Service.

THE HOUSEHOLD OF FAITH

Without faith, little that is worth while can be accomplished. Every heroic or great humanitarian deed recorded in history is a monument of unswerving faith. St. Paul in Hebrews, eleventh chapter, instances many notable examples of faithful men in action; it would do no harm if we read that story a little oftener. We have plenty of such testimony here in America. By faith, George Washington, with his handful of ragged troops, was able to force a very powerful nation to capitulate. Faith in his God, his faithful followers, and himself. By faith, the homely Lincoln hammered away through poverty, adversity and a bloody war,—until

he drove the word "slavery" from the statutes of the United States of America, and made his name immortal. By faith, Woodrow Wilson, backed by a great liberty-loving people, delivered a hemisphere from the menace of tyranny. Like Lincoln, he gave his life for principle, in faith that never for an instant wavered. And Lindbergh's great achievement. Faith, faith, faith! Man is the only creature capable of possessing faith; the lower animals have no need of it. When I see a faithless man or woman buffeted by waves of misfortune and discontent, my sympathies are awakened—but that doesn't help anybody; faith must be sought for, seized, held. It costs nothing; its value is greater than that of the costliest gems.

Hints for the Home

What more refreshing for the bedroom than a crisp new spring dress for the vanity? Perhaps one of sprigged chintz, if floor covering and draperies be plain. Or, if the contrary, a dainty bouncing of tinted organdie over a saten slip. Nothing is more feminine than organdie. One pretty model in two tones of green was made with the foundation of pale leaf green organdie, the deep hem and applique above it in a slightly darker tone. In another two shades of yellow-rose were used. The light rose formed the long under flounces, the darker

shade was scalloped and shirred on cords and used as a six-inch ruffle finish at the top of the table.

Menu for Bridge Luncheon Antipasto Tomato stuffed with chicken Potato chips Cloverleaf rolls Strawberry Mousse Assorted small cakes Coffee

Fricadelli To 2 cups cold roast meat, chopped, add one-half cup bread crumbs, 1 chopped onion, one-half teaspoon chopped parsley and same of chopped celery leaves. Beat 2 eggs and mix with all ingredients. Form into balls, roll in crumbs and fry in deep hot fat.

Rice and Swiss Cheese Boil 1 cup rice and place a layer in buttered baking dish, season with salt and red pepper; add a layer of grate Swiss cheese, more rice and cheese; cover to top with milk and

bake until the milk is absorbed.

Salad Eileen To fresh cottage cheese add 2 tbs. chopped chives, salt, pepper, and cream to moisten. Mold in cups, turn out on salad plate; press a tiny sardine into each mold; garnish with cream and stuffed olives and serve very cold.

Angel Sandwich Cut slices of angelfood cake about one-half inch thick, spread between them a filling of whipped cream mixed with chopped nuts, maraschino cherries and candied ginger. Spread top with thin layer of plain whipped cream. Serve with a fork as for shortcake.

Keeps Cut Flowers Fresh At night place damp oiled paper over cut flowers, tying sides of paper to top of vase. Stand in cool place and flowers will keep much longer. This is especially true of roses.
