Later the women washed the woodwork and completed the cleaning. On Tuesday Mrs. Johnson prepared a fine chicken dinner for the men folks. The cleaning of the church has been planned for a long time and last summer several persons contributed to the fund for purchasing materials. Among them were Mrs. Sherman, Mrs. Warner, Messrs. Calkins, Wicklander, Dillon and others and the men contributed their labor so the actual cost of material was all the expense.

Parts were taken by Norma Gibbons, Celia Partlow, A. T. Hereim, Jr., Adeline Wilbanks and John Chaffee. The reading "Keeping a Seat at the Benefit," which Nellie Dillon gave at Heppner was given again by her and was well received. Her expression was very good. Fred Aubert of the Victor Talking Machine company, gave a talk on music appreciation. He had an orthophonic with him which he demonstrated. The P. T. A. have been discussing just what project they should sponsor and a concrete walk extending from the schoolhouse steps to the road has been discussed. Estimates on the cost were made by Mr. Price and amounted to approximately \$123.95. A school model orthophonic was also under discussion and the finance committee felt that a musical instrument was really of more benefit to the children than the concrete walk. The general opinion seemed to be that one should "make haste slowly" lest we have a repetition of the radio experience when we became too hasty and invested a huge sum in a radio in the early days which benefited no one and has become utterly obsolete. The finance committee was authorized to investigate prices from the various companies and report at the first meeting in September. The constitution of the P. T. A. was revised slightly and accepted.

HOME POINTERS

A pinch of salt added to egg whites that are less than a day old will make them easier to beat stiffly.

In making lemonade, if the sugar is dissolved in hot water and cooled before adding it to the lemon juice, the sugar will not be wasted by settling to the bottom.

Beating chocolate with an egg-beater before serving will often prevent a scum from forming.

A simple and delicious way of serving left-over potatoes is in the form, "hash brown," as listed on restaurant menus. To prepare, make a thin white sauce of two table-spoons butter, one and a half table-spoons flour, one cup milk, salt and pepper to taste. Dice or chop the cold potatoes, and mix with the white sauce. Grease a pan or skillet well, pour in potatoes and spread out evenly. Cover and cook slowly until steamed through, or about three-fourths of an hour. When done, fold over like an omelet, turn on a hot platter and serve. If the

mixture is spread about one-half an inch thick, it browns evenly and turns easily.

SAFETY & SERVICE Making the Most of It We should all make the most of our TIME, our TALENTS, our OPPORTUNITIES, our ADVANTAGES. That is real thrift. The railroad succeeded the stage coach in order to save time. Today it is possible to cross the continent in less than two days, by airplane. More time saved. It is just as important to save money as it is to save time. In fact, saving time means saving money. But money is never really saved unless deposited in a good, reliable bank like ours, subject to check—but SAFE. First National Bank HEPPNER, OREGON
