

**"Sunshine" Bob Hanscom Heads "Smilin' Thru" Company**

"Sunshine" Bob Hanscom, who heads the "Smilin' Thru" company at Chautauqua, is sometimes called the "man with the educated face." Probably no man on the Chautauqua platform can equal him as an impersonator and creator of "old men" characters.

Mr. Hanscom's experience on the stage has covered a number of fields including not only Chautauqua but vaudeville and stock as well. He has appeared with such famous people as the Head Sisters, English musical comedy stars, and Elsie Janis.

During the World War Mr. Hanscom enlisted an organized stock company of soldiers who toured the country for the Red Cross. It was the soldiers who nicknamed him "Sunshine" Bob Hanscom.

Mr. Hanscom has had the distinction of playing before such personages as the late President Harding, Senator Pat Harrison, Governor Green of Michigan, ex-Governor Henry J. Allen of Kansas, General Obregon, President of Mexico, and General Pershing.

**How Are You Known?**

Says the Wall Street Journal:

"Some men are known by their deeds, others by their mortgages." Yes, and still others by their stocks and bonds.

There are others, sad to relate, who are known by their DEBTS. Avoid this reputation by forming a saving habit and building up an account at our bank. If you do that, in time the stocks, bonds and mortgages will be yours. Bank with us. We want your patronage and offer you every convenience.

**Your Servants--**  
*do you use them?*

ARE you taking advantage of the many electrical servants available? Do you realize the number of ways that electricity can lighten the burden of household duties?

Developments during the last forty years in the electrical industry have revolutionized homes, industries, transportation and communication.

Of the 28 million homes in the United States, almost 20 million now have the advantages of light and power. The facilities of the power companies and the many appliances now on the market enable all of these homes to employ electrical servants at reasonable cost.

These servants do not have to be humored. You do not have to give them "a day off." They work for you with the same efficiency all day, every day. Are you enjoying their service?
