OFFICIAL OPENING OF POOL ON JULY 3

Swimming to Keep People Cool Who Come to Ball Games.

Announcement by the swimming tank committee sets the opening date of the American Legion pool for July 3, its opening having been delayed by the repair work and a shortage of water the past week. This will be welcome news to those who want to see the Heppner and Ione ball teams clash in a two-day series the third and fourth, and take in the big dances at the open air pavilion in the evenings for which Cole Madison's dance band of Portland will furnish music composed of the latest ball room hits. No extensive celebration is planned, but a general good time is assured all who may visit our city on the two days.

Extensive improvements have taken place at the tank, to aid the convenience and comfort of swimmers besides making it sanitary in every respect. New platforms and spring boards have been provided, dressing and shower rooms enlarged and repaired, a spit trough installed around the tank, and rest rooms provided. Space around the tank for swimmers and spectators has also been arranged. Admission prices are 10c for children under 12; 15c for youths, 12 to 15, and 25c for adults, for single admissions; \$1.00 for 12 swims; \$1.50 for 12 swims, and \$2.00 for 10 swims for the respective classifications.

While the Legion boys desire everyone to have access to the tank, and get all the sport from it possible, they are compelled to enforce the following rules, laid down by the State Board of Health:

"Persons with colds, head infections, running nose or ears, catarrh, are warned that swimming, diving, etc., tend to force the infection into the sinuses or ears, and result in serious if not fatal complications."

"All bathers shall use shower baths, including soap, if necessary, before entering plunge. (The plunge is not intended as a bath tub.)"

"Bathers who have been outside the bath house or plunge enclosure shall not re-enter without passing through a foot bath and using a shower."

"Bathers shall be forbidden to wear private bathing suits that are not properly laundered."

"Women shall wear caps while in plunge."

"All persons known or suspected of being afflicted with infectious diseases shall be excluded from the pool."

"No person suffering from a fever, cold, cough, or inflamed eyes shall be allowed use of the plunge. (These disorders may be transmitted to others.)"

"No person with sores or other evidence of skin disease, or who is wearing a bandage of any kind, shall be allowed use of the plunge. (A bandage may conceal a source of infection.)"

"Spitting in or on any other way contaminating the plunge and spitting on the floors, runways, aisles or dressing rooms shall be prohibited."

"Public combs or brushes shall not be furnished and such articles left by bathers shall be permanently removed."

"Eating within the plunge enclosure shall be prohibited."

"Bringing or throwing into the plunge any objects that may in any way carry contamination, endanger safety of bathers, or produce unsightliness, shall be prohibited."

"Smoking inside the enclosure is also prohibited."

FIRE ON SATURDAY.

About noon Saturday, people saw a huge column of black smoke rising into the sky in the neighborhood of the depot, and fear that a warehouse of an oil tank was afire caused a deal of excitement until it was learned that it was a pile of telephone poles burning. C. Darbee, local O. W. R. & N. agent, had burned some waste paper a considerable distance from the poles, and had gone back into the depot after believing the fire to have burned itself out. A short time afterward, however, the burning poles caught his attention and the fire alarm was turned in. The poles, heavily treated with tar, thinned by the hot sun, were all afire when the city fire-fighting apparatus appeared on the scene and it took several minutes to extinguish it. The poles belonged to the Pacific Telephone and Telegraph company and were piled on the railroad right of way.

FEARED HYDROPHOBIA.

Bill Shaw, a young man in the employ of J. B. Huddleston as shepherd, was brought to town yesterday by Mr. Huddleston and his sister, Miss Bess Huddleston from their home near Lone Rock. A few days ago he was bitten in the hand by a dog and the member became infected as a result. Not much thought was given this, however, until the dog began having fits, and it was then thought best to bring the young man to town for medical attention. The proper treatment was administered to him for the prevention of hydrophobia by Dr. McMurdo, and it is hoped that he may escape any serious consequences.

ST. PATRICK'S CHURCH.

Rev. Thomas J. Brady, Pastor.

Next Sunday, June 30th, will be the sixth Sunday after Pentecost, and the last Sunday of the month of June, which is specially dedicated to the honor, veneration, and adoration of the Sacred Heart of Jesus Christ. There will be a high mass in the local church and mass in no other station in the entire county, it being the fifth Sunday of the month. This high mass will be celebrated before the Blessed Sacrament with appropriate sermon by the pastor. Confessions will be heard before the mass and it is hoped that there will be crowds receiving Holy Communion, since the extraordinary ceremonies connected with this day are specially gotten up to thank God and the Sacred Heart for the evident blessings from heaven upon the entire county, which blessing in the form of copious and opportune rains, has fallen upon all classes of people, in response to the many special requests asked of God upon the people.

Confessions will be heard on Saturday evening at 7 o'clock and in the morning before the mass. Holy Communion will be distributed before the mass, and the ceremony of the day will close with Benediction of the Blessed Sacrament, and the consecration of the entire parish to the Sacred Heart. The pastor asks all parties who have flowers to forward same to the church on Saturday afternoon around four o'clock.

The coming of the many rains at this time of the year and the same followed by the warm days are manifest indications of God's interest in His people, be the same Catholics or non-Catholics. There is no room for chance, good luck, or good fortune, to explain the coming of these bounteous rains. Faith, prayer, trust in God and in His willingness and eagerness to hear the prayers of an overburdened people alone explain these rains at this time.
