

## Local Happenings

Mrs. E. S. Duran has a very fine garden at the farm home in Blackhorse. We know this is true, for she left with us a sample of the very excellent turnips, all grown on dry land, that she has raised this season. We can well remember the very fine vegetables raised on this place "high on to forty year" ago, when Mr. Sweetser, father of Mrs. Duran, furnished the Heppner market with a great portion of its "garden truck" delivered to the residents early every morning. The farm evidently produces just as well these later days.

R. E. Driskell of Eight Mile was looking after business here on Monday. Harvest will be coming on out his way in about two weeks, the grain turning rapidly with the warm weather. Had it not been for frost getting some of his wheat just as it was beginning to head out, he feels that he would have had better than a 40-bushel yield. This figure will be reduced some on account of the whitecaps, but an abundant yield is looked for by Mr. Driskell, and a number of his neighbors will likewise make a fine showing this season.

Harry French reports that there is considerable activity in timber out his way, and that a number of parties have been cruising over the pine belt adjacent to his holdings. This is what he stated to the editor while in town for a short time on Monday. Whether or not there will be any trades made, he was not able to say, but representatives of several large mills were looking over the timber belt in the south part of the county, and rumors are heard to the effect that much property will likely change hands out that way.

W. T. Gerard who farms quite extensively some six miles north of Lexington, was a visitor here on Friday. He reports that it rained half an inch at his place the previous Saturday, while at the Earl Simonton place water ran all the way across the summerfallow field and the cistern was filled with water as well. Mr. Gerard reports crops looking well in his locality and they have been developing fast with the warmer weather of the past week.

Walter Bowling and family of Weiser, Idaho, passed through Heppner Friday on their way home from Portland, where Mr. Bowling attended a meeting of the Northwest Bakers' association. Mr. Bowling at one time ran a bakery shop in this city, leaving here in 1918. Mrs. Bowling will be remembered as Miss Edith Thorley, formerly of this city. The Bowlings have two children, and while here enjoyed visiting many friends.

Mr. and Mrs. O. T. Ferguson departed for Crescent City, Cal., on Monday morning, expecting to spend the summer there. They desire to make it known to their many Heppner friends that they will consider it an insult if any pass through Crescent City and do not call. They have a cabin available to those who may desire to stop, and invite their friends to come and stay as long as they like.

Mr. and Mrs. Frank S. Parker and daughter Katherine, and Mrs. Helen D. Bloom, a guest at the Parker home, motored over to Joseph in the Bloom car for the week end, visiting at the home of Mr. and Mrs. Dorris Mitchell. They also visited with relatives at La Grande and Cove, returning home late Sunday evening. Katherine remained at Joseph with her sister, Mrs. Mitchell.

Mayor W. G. McCarty has been quite busy the past week building a cabin in the mountains where he and Mrs. McCarty can spend a portion of the heated season in comfort.

Arthur Smith, now residing in Portland, is up from the city for a few days to attend to business matters here.

Roy Scott and family were in the city on Saturday from their home at Top, Oregon. Mr. Scott states that the road over the mountain from Top to Hardman is in good shape now and the drive of some 45 miles is made in good time. After attending to business affairs here and doing some trading, Mr. Scott and family returned home Saturday evening.

Mr. and Mrs. E. R. Huston departed early Wednesday morning for Portland, where they expect to remain over for a day while visiting with their daughter and son in law, Mr. and Mrs. Mark Taylor. They will then go on to Albany for a more extended visit with relatives and friends, expecting to be absent from Heppner for at least a week.

George White and son Lester, of Lexington, were in Heppner Friday, having just returned from East lake where the enjoyed catching a fine bunch of fish.

Mrs. W. O. Dix and daughter, Virginia, departed for Portland on Friday. Mrs. Dix will attend the university summer school held in the

city this summer, and Miss Virginia will study piano under Professor Campbell. They will be absent from Heppner some six weeks.

Heppner's delegation to the Citizens' Military Training camp at Vancouver, Wash., departed Monday morning on the stage. Included in the group were Harry Wells, Clarence Hayes, Maurice Edmondson, Harlan Devin and Earl Thomson.

### JUNE LEADS DEVELOPMENT.

With investments of \$318,500 made by new families who arrived in Oregon to make this state their home, June led all previous months of the present year, according to the monthly report of the state chamber of commerce. These new families numbered 75 and they purchased 5359 acres of land. The attractiveness of Oregon as a home state is shown by the heavy influx of new people during the past six months of this year. During this period the state chamber figures show the number of families increased from 181 during 1928 to 307 in 1929; investments by new families have risen from \$633,760 during 1928 to \$1,122,725 in 1929; and acres of land purchased have increased from 11,494 in 1928 to 17,903 in 1929. The state chamber also reports that it has received letters from families who will come to Oregon to locate

during the remaining six months of the year and they will have \$1,140,650 to invest in property.

Old-Fashioned Parent: "No, I will never recognize an actress as my daughter-in-law."  
Lovesick Son: "But she isn't an actress; she only thinks she's one."
