Oregon History Depicted In Sunset Trail Pageant

Eugene, Ore., July 23.—(Special)—The Sunset Trail pageant, to be staged on Hayward field July 25, 26 and 27, will be the most elaborate outdoor performance ever seen in Oregon, it is declared by those who have seen early rehearsals of the huge show. A cast of 1500 is now working nightly on the event, which will depict the development of the Oregon country from the early, almost pre-historic Maya days, on through the present to a vision of the future.

One of the outstanding features of the event will be the huge stage itself, which will be 240 feet long and 80 feet deep. It represents a scene in a forest in Oregon, with tall mountains in the background. It rears over 35 feet into the air, and will give the appearance of a whole mountainside covered with majestic fir trees. In one of the most impressive scenes two large trees will be felled, with real lumberjacks swinging axes and handling saws.

The pageant will be offered each evening, and starting promptly at 8:20, will last for an even two hours without a break. Seating capacity of 10,000 each night has been arranged for, and indications are that almost capacity crowds will be present each evening. The event is to be fully covered by the press of the state, as a special "press box" to hold 80 newsmen each evening, has been constructed in the center of the huge stand.

Body of Drowned Man Recovered at Messner

Coroner M. L. Case was called to Messner Friday to view the body of a man washed ashore on the beach there. The body had been discovered a little earlier in the day and seemed to be floating near the edge of the stream. Deputy Sheriff Chaffee of Boardman drew it ashore and called for the coroner, who arrived on the scene and made what investigation he could, finding the body to be in a bad state of decomposition. The man had apparently been dead for many days.

On the body was found a pocket book in which the name of Roy Leader, Yakima, Wash., appeared on an automobile identification card. There was also an address given as White Swan, Wash. The remains proved to be those of Roy Leader of Yakima, who drowned in the Columbia river at Kennewick, Wash., on July 7, when a row boat containing himself, his wife and two sons filled and sank, and the body had been in the river some 12 days when cast ashore. The corpse was taken to Yakima from Heppner for burial.

SAFETY CAMPAIGN ON HERE SATURDAY

Actress-Policewoman Will
Head Instruction Work
Among Autoists.

A safety drive will be staged in Heppner on Saturday in connection with the police department. Girls from the movie colony of Hollywood, dressed in police uniform, will work with the police.

Evelyn Hunt, "Miss Personality" of Hollywood, will have charge of the safety campaign, instructing motorists on safety driving. Miss Hunt is the holder of 34 personality cups and other trophies. She is also the winner of the Cecil B. De Mille Personality Cup, carrying the "Miss Personality of Hollywood" title. Local movie fans will remember her as playing with Dolores Del Rio in "Ramona," with Jackie Coogan in "Buttons," with Mary Pickford in "My Best Girl," and with Ramon Navarro in "His Night."

In speaking of the safety campaign, Miss Hunt said, "No, I am not in the movies now. I am in the 'Talkies.' I talk every week to those that are helping in the safety first drive, and lots of times talk with drivers that are careless about their driving and give them a copy of the state headlight and signal laws. This helps to prevent the large number of accidents that occur from turning or stopping. In one town where I worked with the captain of the motor police, we stopped 585 cars after they came around the corner. Of that number 275 failed to make a proper signal and 73 had their windows up and could not signal at all."

"I find most everyone ready to cooperate in our safety-first work. Every one should help the police departments when you stop to consider how few traffic officers you have and how many automobile drivers. You know it is not only the motorist but also the pedestrian that causes accidents, by not obeying the traffic laws. When on the highways they would, if they walk on the left side, then the number of highway accidents would be decreased."

Statistics show that one-fourth of the casualties of the United States are caused from automobile accidents. They also point to the fact that 74 per cent of the automobile accidents happen at intersections and dangerous highway curves from wrong signals.

Certified Wheat Seed Available in County

D. C. Smith, assistant specialist in farm crops of the Oregon State Agricultural college recently spent several days in the county with Chas. W. Smith, county agent, inspecting grain for certification. A total of 2781 acres of grain was inspected for certification in order that better seed could be obtained for the farmers of this section as well as supplying farmers from neighboring states and counties with pure seed. The following is a list of those having certified wheat in Morrow county for 1929 and the variety:

R. A. Thompson, Heppner, 6 acres Meloy Barley.
R. L. Bengt, Heppner, 125 acres Fortyfold.

MISS REITA NEEL '29 RODEO QUEEN

Buckers in Good Shape;
Irrigon Club Band
Assured.

Miss Reita Neel of Heppner will be queen of the 1929 Heppner Rodeo, according to announcement made today by C. W. McNamer, president of the rodeo association. Mr. McNamer considers the management very fortunate in receiving the official acceptance of Miss Neel, signifying that this year's show will be headed by one of Morrow county's most popular young ladies and a capable horsewoman.

Miss Neel is a Morrow county product, being the daughter of Mr. and Mrs. R. A. Thompson. Born on a Morrow county farm, she has spent much of her life in the great out-of-doors and is thoroughly familiar with the life typified by Heppner's annual fall rodeo. She is at home in the saddle, and has all the requirements to fill the queenly throne with charm and personality. September 26-27-28, the days of her reign, should attract one of the largest crowds ever coming to the rodeo, Mr. McNamer believes.

The exhibition given by the local rodeo buckers at Ukiah the Fourth is evidence enough to all who attended that all are in prime condition to put on their part of the show. Mr. McNamer declares. Teapot Dome, Colored Boy and Black Diamond, who bucked in the finals were all plenty tough for their riders, and but one cowboy was able to retain his seat and that only with the assistance of the saddle horn. The entire string is intact, twenty-odd in number, to challenge the riding ability of all comers.

Prize money, totalling more than \$1500, is offered again this year in the numerous events including the Morrow County Derby, three-quarter mile race on Saturday, for which \$200 in prizes alone is given. Calftopping, bulldogging, relay and pony express races, bareback riding, with the bucking contest running thru the three days, are other events that make the Heppner Rodeo one of the most attractive small shows of its kind in the county.

Assurance was received by Mr. McNamer this morning from Irrigon that the Irrigon school band will be on hand for the last two days. This band, composed entirely of school children all of whom are members of 4H clubs, is one of the very best school bands in the state as evidenced by their taking second place in a statewide contest at Portland this spring.

Leading roles are taken by Fay Wray and Gary Cooper, two Paramount stars.
