Mr. and Mrs. Wm. Strobel and family are back from Prineville where Mr. Strobel has had charge of Ballenger's fertilizer plant. Mr. Strobel has gone to Willow creek with the baler but the family will remain on the ranch, formerly the Knauff place.

Mr. and Mrs. Geo. Saunders of Portland came up Saturday and visited over Sunday with her parents, Mr. and Mrs. D. W. Miller. On Sunday another daughter, Miss Ella, came up from Redmond to spend part of her vacation with her parents. Miss Miller is home demonstration agent for Deschutes county. She may give a demonstration for the Boardman ladies.

Miss Mildred Messenger who has been in Pendleton since the close of school came home Saturday and will remain for a time.

Ed Barlow spent the week end with his wife who is at the Mefford home. He is working with the F. L. Brown construction company at Kiona, Wash.

Boardman friends were pleased to see Mr. and Mrs. Al May who came up Sunday from their home at Portland. Mrs. May was formerly Blanche Miller and was a popular Boardman teacher years ago. While here she met Mr. May who was working with the engineering crew for the state and the romance resulted in their marriage. Mr. May is working for Multnomah county at present. They have two lovely daughters aged 7 and 4 years.

Truman Messenger spent the week end with his family at the J. F. Barlow home. Mrs. Barlow and children spent three days at the Messenger home this week.

Mr. and Mrs. A. E. Marlow and Mrs. Will Donaldson came down Saturday from Pendleton and visited overnight at the Dan Ransier home. Kenneth Ransier returned to Pendleton with them and will remain for a week's visit.

John Brice killed a half-grown coyote pup Sunday evening in front of Jack Hale's, when the animal became blinded by the lights of the car as it came out of Hale's front

yard. The coyote had evidently been a pet as its ear had been slit and it seemed very bold. Coyotes have been very numerous in the vicinity this spring.

Bennetts who live at Messner had an auto accident Saturday night near Tom's camp when their Ford collided with a freight truck. Mrs. Bennett received a cut lip that necessitated several stitches and a sprained arm that she is carrying

in a cast. The other occupants were bruised and shaken up and the car is a total wreck. Each driver blamed the other for the accident.

After months of illness death came to Mrs. Richard Dingmon on Monday at 4 p. m. About a year ago Mrs. Dingmon began to have trouble with her feet and found walking difficult. The doctor pronounced it neuritis, but as the disease developed it appeared to be creeping paralysis and she has not been out of the house since January and has been gravely ill since March. She is survived by her husband and a daughter by a former marriage, Mrs. Rowena Alts of Chicago, a sister, Mrs. Mary Welch of Portland, and a brother, Joseph Hurley of Waterloo, Ia.

Mrs. Dingmon has made her home in Boardman for the past nine years, coming up to care for

Mrs. J. C. Ballenger when Maxene was a tiny baby. She had been with the Murchies at Wasco at various times for several years. After coming here she purchased the home where she once told the writer she spent the happiest years of her life, having a profusion of beautiful flowers and always a fine garden.

Alice Hurley was born in Marion, Linn county, Iowa, in 1886 and passed away August 5, 1929. Funeral services were held at the home in charge of Rev. W. O. Miller who with his wife has done much to make her pathway easier during the months of illness. There was a profusion of beautiful flowers.

A LETTER

You Will Find Interesting

Your policy of giving your students the incentive and opportunity to move forward as rapidly as their own ability and application will permit makes your school unique in my judgment. As a graduate of the University of Washington and the Ellensburg State Normal School, I am glad to state that your instructors are among the best I have ever known. I do not know where I could have gone for a more profitable course than I have had at the Northwestern School of Commerce.

USED CARS

Our policy in selling used cars is just what you would hope

WHEN you buy a car which has passed from the hands of its first owner, you would like to be sure of two things. First—you want to know, of course, that the used car you buy has a generous amount of unused mileage in it. Second—you hope you are not being charged for an excessive trade-in allowance which the dealer may have made in order to sell a new car. In short, that you are paying just what the used car is worth.

The Ford dealer's policy in selling used cars is exactly what you would hope to find. For instance, when we sell a Model T Ford which has been traded in for a Model A, that used car has been thoroughly and carefully reconditioned. With it goes a guarantee. When we sell used cars of other

makes (and we have many kinds traded in for Model A Fords) we tell you frankly what you may expect, and the price is based on the amount of mileage we think you'll get from that car.

Regarding the price of the used cars we offer, you can be certain there has been no inflation to care for excessive trade-in allowances. The new Ford car is priced right—so close to the cost of production and selling that there is no margin, or leeway, for unreasonable trade-in concessions.

For these reasons it is worth your while to come to us when you are thinking of buying a used car. Nearly always we have a generous selection. Come in today and look over the following bargains in unused mileage:

- 1 1927 FORD TRUCK with Buksell Axle \$300
1 1925 FORD TRUCK, Warford transmission, frame extens'n \$290
4 Model T Coupes \$135 to \$225

- 1 1927 FORD ROADSTER \$175
2 MODEL T TUDOR SEDANS \$250 & \$275
See them in our Used Car Show Room across the street.
