

### U.-O. Leads Northwest Schools in Athletics

University of Oregon, Eugene, Sept. 3.—The University of Oregon athletic teams enjoyed their most successful season in history the school year of 1928-29. Oregon won about as many individual championships as all the other northwest schools combined.

In dual competition with Washington and Oregon State, the outstanding rivals of Oregon for northwest honors, the Webfoots had a decided advantage. Oregon defeated Washington in football, tennis and golf. The schools broke even in the four-game baseball series and Washington won from Oregon in basketball and track.

Oregon fared even better against Oregon State. It defeated the Orangemen in football, basketball, baseball, track, relays, swimming, tennis and golf. O. S. C. was able to win only in cross country.

Oregon's list of triumphs includes the northwest football pennant and northwest tennis, swimming and golf championships. An Oregon doubles team also won the Pacific coast conference title in tennis and the Pacific coast conference championship in golf; also Don Moe, Oregon, won the individual championship.

For individual honors, Ed Moeller, captain-elect of the Oregon track team, broke the world's record in the discus with a toss of 160 feet 7-10 inches. Don Moe, besides winning the coast conference title, also annexed the western amateur championship at Kansas City, the biggest golf event in the entire west, which ranks second in national importance only to the national open championship and the national amateur championship.

Bradshaw Harrison of the Oregon tennis team, was unable to defend his tennis titles this year, but last year he won five Pacific-northwest championships. The Oregon four-man tennis team defeated Stanford for the Coast title this year and tied Texas for the national championship, each team winning and losing three matches.

Oregon plays more football games

this fall than any other school on the coast. Its conference schedule includes five big games, Stanford, Idaho, U. C. L. A., Washington and Oregon State. The Webfoots also have three post-season clashes with the University of Hawaii at Portland, St. Mary's at San Francisco, and University of Florida at Miami.

Several Oregon teams invaded the East this year. Oregon sent a four-man tennis team to Texas to play for the national title; also to compete in the national collegiates. A three-man track team was sent to Chicago for the national meet and Doe Moe was in the East representing the University in the national golf intercollegiate. Last year Oregon had a swimming representative in the national intercollegiate meet. This year our football team treks across the country to meet the University of Florida at Miami and plans are under way to send the Oregon swimming team east and the baseball team on a tour of Japan and the Orient.

### Examination of Pre-School Children Need

(From State Board of Health)

The examination of preschool children should be made by a physician. The examination should include the following points:

**TEST FOR VISION:** The Snellen card or its equivalent should be used. Figure charts are to be used for children not knowing their letters. A separate examination of the visual acuity of each eye should be made, a card or paper is used to cover the eye not being tested.

**TEST FOR HEARING:** The watch test is to be used; each ear to be tested separately.

**TEST FOR DEFECTIVE NASAL BREATHING:** The nasal passages should be cleared, each nostril to be tested separately. The cause of the obstruction, if any is found, is to be recorded. Secondary symptoms as nasal catarrh or mouth breathing should be noted, the latter to be qualified as to whether due to (a) habit, or (b) obstruction of nasal passages.

**EXAMINATION FOR HYPERTROPHIED TONSILS:** A visual

examination of the pharynx should be made using a tongue depressor.

**EXAMINATION FOR DEFECTIVE TEETH:** Visual examinations of the interior of the mouth should be made. Uncleanliness, caries and malocclusion must be recorded.

**DETERMINATION OF NUTRITION:** The state of the nutrition is to be determined by taking into consideration the relation of height, weight and age to one another. The state of the muscular tissues should be noted, and the color of the skin and mucous membrane must also be stated. Any height or weight below those indicated in the following table for ages specified must be stated.

Age	Average Weight and Height		Average Weight and Height	
	Boys	Girls	Boys	Girls
5	41.7	41.4	41.2	39.8
6	44.1	43.6	45.1	43.8
7	46.2	45.9	49.5	48.0
8	48.2	48.0	54.5	52.9
9	50.1	49.6	60.0	57.5
10	52.2	51.8	66.6	64.1

**HEART:** The heart is to be examined with the stethoscope and all abnormalities noted.

**LUNGS:** The lungs are to be examined by percussion and auscultation and all abnormalities should be recorded.

**ORTHOPEDIC DEFECTS:** A general inspection of the body should be made. Impaired mobility or defects of posture must be recorded.

The punctured beetle is common on many varieties of flowers, and occasionally is sufficiently abundant to damage flowers. Repeated applications of lead arsenate dust are valuable in combating these beetles, reports the Oregon experiment station.

Gus Williamson came into Heppner the end of the week, having brought one band of R. A. Thompson's sheep in from summer range in the mountains. He reports grass to have been very good up to the latter part of the season when it was dry and dusty.

**Peoples Hardware Co.**  
Heppner, Ore.

**PAINT**  
for Your Home  
**\$14.50**

Based on 30' x 36' house 12' high with surface in average condition, using regular colors, for a two-coat job, you will need only:

3 gallons of Acme Quality New Era House Paint \$12.30  
½ gallon for trim color 2.30  
Total \$14.50

A well-painted home is worth more, and well-painted does not only mean that the workmanship is good, but that the right paint has been used. Cheap paint is not economical because it costs just as much to apply and only lasts one-half as long. Use New Era Paint for lasting satisfaction.

**New Colors! Rapid! Drying!**  
In New Acme Quality Enamel-Kote

**When Bob spills the ink**  
all over your linen cloth, don't worry about the stain. Our Spot Book tells you how to take it and other stains out in a jiffy. It's free.

**Thor washes everything**  
For \$1 down Pacific Power & Light delivers a new 1930 Thor to your home. No more hand laundering of sheer underthings. Your Thor will wash them gently, carefully. No more boiling or rubbing shirts and towels.

It's the Pacific Power & Light's most important sale! We ordered Thors by the hundreds for this sale, and the benefits from such huge orders, we pass on to you. Now, with these wonderful cash prices and exceptional terms, is the time for every housewife in the Pacific Northwest to substitute a speedy and efficient Thor ironer and washer for tiring, slow wash boilers and tubs, flatirons and ironing boards.

After 5 minutes in the Thor they will be spotlessly clean. No more hand-wringing! Washing with a Thor is just a matter of filling the clothes into the lovely apple-green porcelain tub, then guiding them through the wringer. Thor has wide top, vibration-proof lid, just two controls. All moving parts enclosed!

**Press everything with Thor Ironer**  
Slips, sheets, towels, table linen, shirts, frocks and underthings come through the Thor ironer with a beautiful French finish. And all you have to do is guide the pieces through!

Has entirely open end for pressing skirts, shirts, frocks. One motion clamps down shoe, starts roll. Heats in 4 minutes. Has highly absorbent jute pad which dries quickly.
