

BOARDMAN

Two young men broke into some box cars Wednesday morning at Menster and broke the Coats and Rainville autos in an attempt to steal them. One of the robbers was captured but the other succeeded in making his escape. He remained hidden on the project that day and apparently made his getaway that night. Detectives Long of Portland and Ole Narkhaus of Umatilla were in charge of the case.

Andy Anderson, owner of the Columbia creamery in Portland to which many Boardman ranchers ship, was a Boardman visitor Tuesday and Wednesday.

Mrs. Lottie Attebury came up from Portland and is caring for Mrs. W. A. Price and her mother, Mrs. Beebee. Mrs. Price has been quite ill the past week with heart trouble and Mrs. Beebee is ill with diabetes. Both are much improved.

The Home Economics club gave another of their series of card parties Saturday night at the Hendricks home. There were 10 tables in play and at the close of the game Mrs. Sundsten of Coyote and Nate Macomber had the highest scores. A fine lunch was served at the close of the game.

Fortier and the occasion will long be remembered by those who helped them celebrate. There were four tables of 500 and at the close of a game during which Mrs. Lyle Blayden and Mr. Fortier occupied the head table, the entire evening it was found on counting scores that Mrs. Royal Rands and C. G. Blayden had high and Mrs. C. G. Blayden and Lyle Blayden low. An elaborate lunch was served at the close of the game. Present were Messrs and Mesdames Gorham, Guy Barlow, C. G. The first meeting of the P. T. A. was held Friday evening, Oct. 11. A fair sized crowd was present. The slate of officers offered by the nominating committee was accepted without further nominations and officers were elected as follows: Mrs. Chas. Wicklander, president; Miss Katharine Brown, vice president; Mrs. Martha Titus, secretary; Mrs. Peter Farley, treasurer. The nominating committee consisted of Mrs. A. T. Hereim, Mrs. Chas. Dillon and Mrs. F. A. Fortier. The question of the school Victrola was discussed and it was left to the finance committee to select the desired model after more money had been raised.

A few persons thought a good radio would be more desirable but because of the difficult receptivity during the daylight hours and because with the graded system of records offered by the Victrola it seemed more desirable to purchase an orthophonic that will provide music whenever it is desired for children of any ages. An error was previously made in purchasing a radio before they were perfected to the extent they now are. After the business meeting Messrs. Fortier and Gorham who had charge of the entertainment cleared the floor and the local orchestra made up of Miss Henry, Victor Hango, Eldon Wilson and Nate Macomber contributed their talents and dancing was enjoyed. Refreshments were served at 10 in charge of Mesdames Macomber, D. W. Miller, E. Duggan and I. Skoubo and later dancing was continued. The P. T. A. will give another dance Friday, Oct. 18.

Dairymen consider breed secondary to breeding

Only a small proportion of the dairy animals on the nation's farms are pure bred—or even good grades. Therefore, the activities of Breed Associations in raising livestock standards are a real service to the farming industry. Each association seeks development of the breed it favors. Yet in those expositions whenever the breeds are shown together the friendly spirit of rivalry which exists evidences the realization that BREEDING COUNTS RATHER THAN BREED.

Such is the atmosphere pervading the Dairy division of the Pacific International Livestock Exposition, the 19th annual of which will be held in Portland, Oregon, Oct. 26-Nov. 2. Here can be seen America's finest and best dairy animals and knowledge obtained how pure-breeds make possible increasing production and profits. Other exhibits include Beef Cattle, Horses, Hogs, Sheep, Goats, Foxes, and Poultry; also Dairy, Manufacturers' and Land Products Shows; Boys' and Girls' Club Work Exhibits; Industrial Exposition; and the world-renowned Horse Show. \$100,000 premiums are offered of which amount \$14,500 is for dairy cattle exhibits exclusively.

The First National Bank knows from previous experience that information of immeasurable value can be obtained at this great Livestock classic. For this reason we say to every farmer, "Make every effort to attend the Exposition."
