Ione Takes Fossil 42-0

Ione had no trouble in beating the light but scrappy Fossil team 42-0 last Saturday. Ione scored in every quarter and was successful in each try for point. Norton Lundell not only made the first touchdown of the game but also the first score of the season. After the first touchdown, Ritchie, local center, took the backfield for a drop kick. The kick was blocked but the point counted because Fossil was off-side. The second touchdown was made by Harold Kincaid the first part of the second quarter. Kenneth Smouse made the third touchdown and Norman Swanson, who was high point man for the locals, made the last three. Long passes, intercepted passes and end runs were the main factors in beating Fossil. Kenneth Smouse pulled down a long pass that looked almost impossible to be completed. Ione was only in danger once when Fossil completed a pass without a man near the receiver. Harold Kincaid raced him down in 35 or 40 yards. The Ione line seemed impregnable and the backfield was in racing mood throughout. Next Friday Ione meets Lexington on the home gridiron. This will be the last league game here and it probably will be the best because Ione and Lexington are more evenly matched than any other teams in the league.

The cast for the play, "A Poor Married Man," sponsored by the Social Civics club and to be given November 8, follows: Professor John B. Wise, a poor married man, Harold Kincaid; Doctor Matthew Graham, a country physician, Norman Swanson; Billy Blake, a popular college boy, Gene Engelman; Jupiter Jackson, a black trump, Barton Clark; Mrs. Iona Ford, some mother-in-law, Mildred Smith; Zoie, her charming daughter, Geneva Pettijohn; Jone Graham, a little freshman, Margaret Crawford; Rosalind Wilson, a college professor, Mary Healy.

Here's a Secret. One of the world's greatest philosophers once said: "The secret of success in life is to be ready when your opportunity comes." And that's true in financial as well as other affairs of life. Don't drift along from day to day and then find yourself short of funds that might secure some good investment. Begin NOW to get ready.
