

BOARDMAN

MRS. A. T. HEREIM, Correspondent.

Mrs. Brice Dillabough was hostess Wednesday to the Home Economics club at the home of Mrs. Ray Brown. This meeting was held at this time because the previous Wednesday was so very cold it was feared few could attend. About 17 were present and had a pleasant day. After lunch plans were made for a dance to be given in February when the "hope chest" will be given away. The next meeting will be with Mrs. H. V. Tyler, February 12.

Geo. Medford was a business visitor here from Portland one day last week.

Friends were welcoming Chas. Barnes after many months' absence. He has spent most of the time in California.

Wilbanks have had a telephone installed.

Burns brothers of Newberg, Ore., stopped for a short visit at the Waite home Thursday en route to Spokane. They left here at 11 and reached their destination at 8 that night in spite of adverse weather conditions.

A delightful dancing party was given Saturday night at the Jack Rainville home. Between 25 and 30 couples were present and all had a pleasant time. Refreshments were served.

Boardman basketball boys defeated Ione Friday night in the second league game of the season, with the score 21-6. It was a good game and the boys played well. They play here Wednesday of this week and Friday night also.

The Home Economics club gave another of its pleasant card parties Saturday night at the home of Mrs. Nick Falter. There were 40 present. When scores were counted Tom Hendricks and Mrs. I. Skoubo received high and Mrs. Wilbanks and Mr. Skoubo low. Lovely refreshments were served.

Boardman residents were permitted to see old Mother Earth once again after having seen her mantled with "the beautiful" for the past three weeks, when a chinook came Saturday and Sunday. Miniature lakes and pools were prevalent everywhere for a time.

One of those bitter cold nights Howard Packard walked from home to Messner to take a train to Portland. While so doing he froze his feet and has been under a doctor's care in Portland.

Mrs. Z. J. Gillespie left Saturday for Elkton, Ore., where she will complete a term for another teacher. On Sunday Mr. Gillespie moved to the Jay Cox ranch which he has rented. We had the Gillespies moved some time ago but the report was several weeks premature.

Sam Ledbetter came up Thursday from Portland to visit his wife who is here with her parents, Mr. and Mrs. Mike Rowell. On Sunday the Ledbetters and Walter Rowell visited at the John Graves home and Sunday afternoon Mr. Ledbetter left for Portland again.

Ray Barlow was called to Blalock Sunday for relief work.

February 15 is the date set by the Home Economics club for the dance at which the cedar chest will be given away. The new ruling passed in a resolution at Pomona grange will be strictly enforced, so those who feel that a supply of "moon" is essential and conducive to a good time may find their evening's pleasure curtailed.

D. F. Barlow of Heppner visited Sunday at his brother's home here. Mr. Schurchert who has had charge of installing the machinery in the new coal chutes left Sunday for his home in Chicago.

Boardman will play Heppner Friday night on the home floor, Lexington Feb. 14 at Lexington, and Lexington Feb. 21 at Boardman.

Mrs. Chas. Nickerson went to The Dalles again this week end to consult her physician about her arm. Mr. and Mrs. F. A. Fortier and Norma were house guests at the Campbell home over the week end, returning Sunday evening.

Duggans are moving this week or next to Messner where Mr. Duggan will be employed on the coal chutes.

They moved recently to the Mead ranch which they had leased. The place has been leased to a man from Condon.

Burton Barnes came from Butter creek and is staying at the Highway Inn while having some dental work done, driving back and forth.

Mr. and Mrs. J. F. Barlow motored to Heppner Saturday on business. There was a large attendance at the P. T. A. meeting Friday night. After the business meeting a character playlet was given with Ruth King and Ralph Skobo having the leading parts. A duet by Mr. Marschat and Miss Henry was well received. Later the grown-ups went to the high school assembly room where Mr. Marschat gave an introduction to the book on "Character Education" by Germaine and Germaine, which is to be studied by the organization. The book is exceedingly interesting and Mrs. King's review on the chapter "Character Training in the Home" proved to be of much interest. Mrs. Titus was to have reviewed the chapter, "Character Training in the School," but the hour grew late, so this will be given at the next meeting. Mrs. Marschat, Mr. Ransier and Mrs. Coats were the program committee in charge. After the meeting the crowd had delicious clam chowder, sandwiches and coffee. After this dancing was enjoyed until midnight.

The P. T. A. is becoming an organization that is doing actual P. T. A. work in the community. Our children are our greatest assets, and if the P. T. A. as an organization can sponsor some project looking to the application of the study of character training in a concrete way with tangible results, it will not have been an effort in vain.

Squirrel Poison Ready For Farm Distribution

Roy Fugate, junior biologist with the U. S. Biological survey, and C. W. Smith, county agricultural agent, mixed 1200 pounds of squirrel poison Wednesday. The poison with what has been on hand is expected to supply the needs in the county for the year.

The poison will be supplied farmers at the actual cost for the oats and other ingredients, except the strychnine. The approximate cost is 3 cents a pound. Supplies of the poison may be obtained at the stores in Cecil and Morgan, from Karl Beach in Lexington, Bert Mason in Ione, at the postoffices at Eight Mile and Hardman and from the agricultural agent in Heppner.

Motorist Hits Horse On Highway Near Ione

Edward Rice of Lexington received slight bruises on the head, his car was badly damaged, and the horse with which he collided one mile north of Ione near the home of Walter Eubanks between 6 and 7 o'clock Monday night, was so badly crippled that it had to be killed.

Rice, driving along the wet pavement at a rate of 30 miles an hour, saw three horses in front of him just as he rounded a curve. He applied the brakes, but the slippery condition of the road made it impossible to avoid hitting one of the animals.

SPEEDER FINED.

James Monahan, who was arrested at an early hour Sunday morning by Sheriff C. J. D. Bauman on a charge of speeding, plead guilty Monday morning before E. R. Huston, justice of the peace. He was fined \$10 and costs. Monahan was coming to Heppner after attending the dance at Lexington. Sheriff Bauman declared that Monahan led him a merry chase, the defendant driving at a speed estimated at more than 60 miles an hour.

DANCE LICENSE GRANTED.

The Rhea Creek Grange was granted a license to operate a dance hall, by R. L. Bengt, Morrow county judge Tuesday.

Final settlement of the estate of George W. Sperry, deceased, was made at the probate court session in Heppner Monday.

Pupils Seeking Data For W.C.T.U. Contest

Students of the Heppner schools have been busy this week looking up material for essays which they will write at school Friday, to be submitted in a contest sponsored by the Heppner chapter of the Women's Christian Temperance union.

The schools have been divided into the following groups for the competition: third grade, fourth, fifth and sixth, seventh and eighth, freshman and sophomore classes, and junior and senior classes. Cash prizes will be awarded winners of first and second places in each group. The judges of the contest are not members of the faculty, but persons of prominence in educational circles in Heppner.

Farm Board Financing Structures for Grain

Half a million dollars of Federal Farm board money has been tentatively allotted to the Pacific northwest to finance construction of grain handling facilities. Other farm board money will be available to loan on the 1929 wheat crop. This is the statement of Senator F. J. Wilmer of Rosalia, Wash., president of the North Pacific Grain growers. The senator had attended a board of directors meeting of the national corporation in Chicago. He said it has been decided for the time, and probably will be adopted as permanent policy, that a maximum of 60 per cent be loaned for such financing of facilities. The loans will be four or five per cent of a 10-year amortization basis.

Lodge Members Dance To Old-Time Melodies

Old time dances and old time strains of music were provided for the entertainment of the more than 90 Odd Fellows and Rebekahs that attended the social gathering of those organizations in Morgan Saturday night.

Lodge men and women from many parts of the county were seen at the party. The next social gathering of this sort to be held by the two lodges will be in Lexington March 8. After the conclusion of the dance a lunch was served.

STUDENTS CONSULTED.

Students of Heppner high school who failed in subjects last term are having regular conferences with William R. Poulson, superintendent. The object of the meetings is to check up on the work done by the students this term, with the view of bettering their work.

For Sale—40 head work horses; harness to 30 head; 3 3-bottom plows; doubletrees and 3 12-horse hitchers. Four miles north of Lexington. Chas. A. Marquardt. 42tf.

Greater Beauty - Finer Performance

Never has a Chevrolet car won greater praise for its appearance than the new Chevrolet Six. Its new Fisher bodies reveal in every detail the artistry that has made the Fisher name famous throughout the motor car world. In beauty of line and color, in balance and harmony of design, they represent one of the greatest style triumphs in Fisher history. Upholsteries are richer and more durable. The instrument panel carries a new and more attractive grouping of the control instruments. Seats are wider and deeper. In fact, not a single feature has been overlooked that would add to the comfort and convenience of both driver and passengers.

In addition to its new beauty, the new Chevrolet Six represents a remarkable advance in every phase of performance. Its improved six-cylinder valve-in-head engine has been increased to 50 horsepower—giving faster acceleration, and greater reserve power. Steering has been made safer and easier. Four Lovejoy hydraulic shock absorbers provide exceptional riding comfort. Fully enclosed, internal-expanding, weather-proof brakes give positive braking control. And numerous structural improvements add to the car's dependability, endurance and long life. Come in today and see this car. And remember, it is now available—

THE TUM-A-LUM LUMBER CO., Phone 912

Volume 30 Heppner, Oregon February 6, 1930 No. 6

EDITORIAL

There's an old saying that a silk purse can't be made from a sow's ear, but they certainly build fine stadiums by kicking her hide around.

ALBERT ADKINS,
Manager, Editor.

Up in Walla Walla they have a stadium built of Tum-A-Lum cement and it sure is nice. There are 1000 other uses for this concrete on the farm and in town. Come in and let us show you some of them.

Little Mary on seeing her first peacock exclaimed, "Look Auntie, one of your chickens is in bloom."

We advise you to RE—
—model the house.
—paint everything.
—roof the roof.
—new your happiness.
—pair everything.
—visit our office.
—new our friendship.

Poor fellow he has all kinds of bad luck. Got an auto and it blew up. Got an airplane and it blew down.

If any more towns get in debt as badly as Chicago, they will probably call on the Farmers to give City Relief.

The year Paul Bunyan logged off Oregon it went 400 degrees below zero and despite the efforts of his cook-house firemen the coffee froze while it was boiling.

The most unpleasant place to live is just beyond your income. By building a Tum-A-Lum home you will get a lifetime lease on happiness and will save money instead of paying rent.

Have you seen our Celotex ads in some of the leading newspapers and magazines? Look for them in the Ladies Home Journal, Saturday Evening Post and others.

The patient about to be operated on for the eighth time asked the doctor, "Say Doc, why don't you put in a Zipper?"

We might give them a cow and two chickens and let them raise their own food.

TRACTOR DEMONSTRATION

AT
GILLIAM & BISBEE
FRIDAY, FEB. 14th

THE McCORMICK-DEERING 15-30

TRACTOR WILL BE ON EXHIBITION. EVERY FEATURE WILL BE SHOWN AND EXPLAINED BY EXPERT REPRESENTING THE FACTORY.

Hot Coffee and Sandwiches on Tap.

It will be interesting for every man interested in Power Farming to attend this demonstration. Come and see for yourselves. These tractors are being sold in Morrow County by Gilliam & Bisbee of Heppner and Karl Beach of Lexington.

SAFETY &

SERVICE

It All Depends

"It is impossible for me to save any money on my present income." No doubt you have often heard such a remark. Is it true?

Well, it all depends. Most people could save SOMETHING, be it ever so small, if they would give up some of the things they lead themselves to think necessary. The trouble is, they often refuse to deny themselves. They are not willing to pay the price NOW. But most of them pay LATER, when they can ill afford to pay.
