MRS. JENNIE E. McMURRAY,  
Correspondent

Funeral services for the late Mrs. Mary Shaver were held at Caldwell, Idaho, under the direction of the Rebekah lodge of that place. The body of the deceased was shipped to Caldwell Wednesday night, and was accompanied by the widower, Charley Shaver, and the little niece, Mildred Kelley, who had been attending school here and making her home with Mrs. Shaver.

Albert Shaver of Bend is in Ione, having been called here by the death of his sister-in-law, Mrs. Mary Shaver.

Friends here have received the announcement of the marriage of Miss Ruby Jeanette Tomlin to Lester A. Montgomery on Saturday, Jan. 18, at Seattle, Wash. The young folks will make their home in Portland. Mrs. Montgomery is known to many here. She attended school in Ione and made her home with her parents on the ranch below town now farmed by R. L. Elkibeber.

Ruby O. Roberts has received word from Senator McNary that her nomination for reappointment as postmistress at Ione is being given favorable consideration.

Monday night when Dr. McMurdock was attempting to reach Ione in answer to a call his car skidded off the highway near Lexington and was rendered unfit for further use until repairs were made. Nothing daunting the doctor flagged the passing train and continued his way to Ione. When his services here were no longer needed a friend gave him a "lift" back home.

The ground hog might have seen his shadow any time Sunday in this locality, but if we are to have six weeks more of winter, it is not at all evident at present. The weather is like spring and the snow is almost gone. The extra flow of water in Willow creek reached this point at 6 o'clock Saturday morning and the crest of the high water came at 10 o'clock. For an hour the creek was almost bank full of huge ice cakes and swirling, muddy water, bringing the usual amount of rubbish and stench. There was no overflow and hence no damage was done on the ranches above town.

**HOW TO DARKEN GRAY HAIR**

Makes One Look Younger.

Men and women who used to be called Grandpa and Grandma are now setting the styles by darkening their gray hair at home.

For instance, J. A. McCrea, a well known Californian, recently made the following statement:

"Anyone can prepare a simple mixture in five minutes, that will darken gray hair, and make it soft and glossy. Merely take a half-pint of water, add 1 ounce of bay rum, a small box of Barbo Compound, and 1/2 ounce of glycerine.

"These ingredients can be bought at any drug store at trifling cost. Apply to the hair twice weekly with a comb. It does not color the scalp, is not sticky or greasy and will not rub off."—Adv.

schools are busy preparing for the county declamatory contest which will be held in the near future.

About eighty members and friends of the order met at Odd Fellows hall in Morgan Saturday evening for the county get-together meeting. All report a very enjoyable time. A program as follows was given: talk by Rev. W. W. Head, solo by Mike Matthews, musical number by Gibson brothers and Harry Peterson, reading by R. E. Harbison, reading by Mrs. Youngmayer, music by Gibson brothers and Harry Peterson. Refreshments were served and games and dancing enjoyed.

Eldred Corson, who is employed by the Hartman Wholesale corporation, furniture dealers of Chicago, has been promoted to office manager and credit and collection manager, having entire supervision over his former work with the company. This promotion brings with it a substantial increase in salary. Mr. Corson is the son of Mrs. Della Corson and is well known here. His many friends are glad to know of his advancement.

Mrs. W. E. Bullard made a business trip to Portland Thursday of last week, returning Sunday morning. While in the city she visited Mrs. R. E. Harbison at the Portland Medical hospital. She found Mrs. Harbison improving and planning on coming home this week.

Friends here have received word that Ernst Montandon submitted to a major operation Tuesday in the Hood River hospital.

On Saturday L. E. Dick, manager of the Standard Oil plant, received word that he is to be transferred to Pomeroy, Wash. Mr. Dick expects to leave here in about a week. Mr. and Mrs. Dick have been active in church, social and fraternal cir-

cles, and will be greatly missed. Mr. Brown of Twin Falls, Idaho, has arrived to take charge of the plant here.

Does print blur after you read a short time? Are you troubled with headaches? Do your eyes tire quickly? Perhaps you are in need of the help glasses would give you. Dr. J. P. Stewart, Eye-Sight Specialist of Pendleton, will be at Heppner Hotel on Monday, February 10.
