OUR LARGEST AND BEST INVESTMENT

TAking the whole nation into consideration, it is probable that we spend more money every year for education than for anything else beyond the necessities of life, food, clothing and shelter.

Henry Ford has recently announced that he plans to spend upwards of one hundred million dollars on education. Mr. Ford has a very practical theory, which is that the average boy ought to be taught a trade after he has gone as far in the general schools as his circumstances permit.

That is one purpose of education—to enable its recipient to develop his talents to the best economic advantage to himself and society.

There is no compilation available of the amounts of money which private contributors have given for educational purposes in America. George Washington set the example when he founded and endowed a free school in Alexandria, Va., which is still going.

Sunday School Lesson

International Sunday School Lesson for March 20. JESUS TEACHING AND HEALING. Matthew 15:21-28. Rev. Samuel D. Price, D.D. An unusually large amount of related material is to be found in the context, so read from Matthew 13:53 to 16:12.

THE VALUE OF LITTLE THINGS.

THE story is being told of a lazy young man who got a job on an English railroad. He started "at the bottom" but didn't like the hard work. He asked the management for a "thinking job" and was told that if he would think of one idea that year which would save the company money they would give him a salary proportioned to what he saved them.

Uncle Si Tinklepaugh says one reason some folks would rather listen to a poor radio program than a good piece of music on the phonograph is that they're too lazy to change the records.

Sombody has discovered a region in West Virginia with 30,000 people and not a single telephone. Just the place we've been looking for. Sounds as if a man could do a day's work there without being interrupted by people calling wrong numbers.

Mr. and Mrs. Frank Brace were business visitors in Hermiston Friday. The farmers in this vicinity enjoyed a call from C. W. Smith, county agent, Friday. Mrs. Amy Collins and family, who went to California some time ago, returned to Irrigon this week.

Chevrolet announces

A NEW SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations! In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.
