

BOARDMAN

MRS. A. T. HEREIM, Correspondent.

The Home Economics club gave a pleasant card party at the Strobel home on Saturday night with nine tables of players. Prizes went to R. Wasmer and Katharine Brown, and Mr. and Mrs. T. Skobo. A fine lunch was served at the close of the game.

Mr. and Mrs. Geo. Wicklander have moved to the Dick Dillabough ranch on the far west end. They have been farming the Tom Hendrick place the past year.

Mrs. Viola Carrick and two children visited her grandparents, the Chandlers, at Willow creek. Mrs. Carrick is spending the summer here with her parents, Mr. and Mrs. Wm. Wilbanks.

Hangos have received a shipment of a thousand baby chicks—white leghorns. The Cooneys have 500 of the reds. Hadleys, Johnsons and Dillons have received baby chicks also.

Mrs. D. F. Ransier and Mrs. Ed Kunze and Mary were in Hermiston last week to consult a physician. Little Mary has been subject to fainting spells for several years. She was given a thorough examination and put on a very rigid diet.

Mr. and Mrs. Ralph Humphrey and son and Mrs. Humphrey's sister, Miss Lee, stopped overnight at the Broyles home on their return from a pleasant motor trip to Chico, Calif. to visit Mrs. Humphrey's father. They went on to Colfax, Wn., to visit at the home of Mr. Humphrey's brother.

James Brandon and family were here from Vale and visiting at the home of his brother-in-law, George Brown on the Cramer place.

Mrs. R. L. Ware and daughter Lela of Eugene were guests at the home of her sister, Mrs. Wm. Strobel while on the way to Yakima.

Ladies Aid met Wednesday with Mrs. J. F. Barlow. At this time was held the annual election of officers. Mrs. W. O. King was elected president. Mrs. Claude Coats secretary-treasurer, and Mrs. A. W. Porter vice president. Mrs. J. R. Johnson has held the position of president very capably for the past two years.

There was a good attendance at the P. T. A. on Friday night and interest in the book on "Character Education" continues to be keen. Mrs. Marschat reviewed the chapters on the adolescent age with its various problems, and Mrs. Coats the other chapters. It is probable that one of the fathers will be solicited to review the next group of chapters which completes the book. In the auditorium the following program was given: olette by third and fourth grades, recitation by Wilma Myers, duet by Mr. Marschat and Miss Henry, recitation by Alice Wicklander. After the business meeting Miss Stallard, the county nurse, gave a short talk about her work and told the result of some of her examinations here. She was especially well pleased with the fine health program which Mr. Marschat and his corps of teachers have carried on the past three years. Miss Stallard asked particularly that a clinic be held for all children who are to enter school this fall, before September. Mrs. Lucy Rodgers, county school superintendent, then spoke briefly, commending the work of Mr. Marschat and teachers, mentioning health education, the study of character training, and discussed the question of report cards. The program committee for March was Mrs. Hereim, Mr. Dillabough and Miss Henry, and the refreshment committee was Mrs. Hango, Mrs. Graves and Mrs. King. The April committees are, refreshment, Mr. King, Mrs. Rainville and Mrs. Fortier; program, Mrs. Titus, Mr. Skobo and Mrs. Macomber. The P. T. A. meetings are very interesting but are always late in starting as is typical of Boardman, and it makes it so late before the meeting is over. And too, could we not have a meeting without refreshments?

The college boys have departed for school after spending the spring vacation at home. Alton Klitz, James Howell and Russell Mefford are attending Oregon State college. The P. T. A. is sponsoring a dance for Ada Wilbanks on April 12. She was seriously injured in an auto accident last fall and lost her eye.

RHEUMATIC PAINS, INDIGESTION GONE

"Sargon did me more good in a few weeks than everything else I used no matter how faithfully I took it."
"I was in bad health for 4 years. I'd have attacks of indigestion and

EDWARD E. DIXON

I suffered agonies with neuritis pains in my arms and shoulders and sometimes sciatic pains would grip me so I could hardly walk. Sargon completely corrected my indigestion, my arms and shoulders are free of neuritis pains and the sciatic condition has entirely disappeared. I'm full of new strength and energy and can once more give all my time to my work. Sargon Pills completely relieved me of constipation."—Edward E. Dixon, 4000 59th Ave., Seattle.

Patterson & Son, Druggists, local agents.—(Adv.)

sight. The bones of her face were terribly crushed and infections similar to sinus infections came periodically, causing great pain and suffering. It is thought that if the bones in her face could be operated on, it would relieve this condition. The finance committee of the P. T. A., of which Jack Gorham is chairman, will have charge of the financial end of the dance and deal with the physician and hospital. Miss Stallard, the county nurse, suggested that if this be a case of long continued hospitalization, an effort should be made for entrance into the Doernbecker or Shrine hospitals.

The divisional contest for the Boardman, Irrigon, Alpine and Pine City schools was held at Alpine Saturday night. There were four representatives from Boardman, Echo Coats, Mary Chaffee, Wilma Myers and Catherine Mead. All the contestants did well and the judges had a most difficult time in deciding

Mary Chaffee tied with her competitor but Boardman came home with three seconds. Catherine, Mary and Wilma will go to Heppner April 5 as winners of both first and second place take part in the final contest. Alpine proved themselves royal hosts and delicious refreshments were served the guests at the close of the program.

Mrs. Viola Carrick and two children of Vernonia and Mr. and Mrs. Cove of Canada, Chas. Chandler of Willow creek, and Mr. and Mrs. Wilbanks and Ada were guests Sunday of last week at the Claude Myers home at a lovely dinner.

Mr. and Mrs. J. F. Healey are here after four years absence and are again on the ranch where they lived for eight years before going to Portland.

Bob Montague of Toppish and Toots Montague of Arlington were recent visitors at the R. Wilson home.

A most delightful evening was given to the members of the younger set Friday, when Miss Norma Gibbons entertained at a "Big" party. Three tables played the exciting game with Linda Hango and

Dallas Wilson high, and Evelyn Mefford and Bob Nethercott low. Delicious refreshments were served late in the evening.

Maxine Machan and Wanda Shane who had birthdays on Sunday and Monday, celebrated together Sunday afternoon at the Shane home. Thirty-four boys and girls were present and had an Easter egg hunt, followed by various games. Later fine refreshments were served.

Mr. and Mrs. J. F. Barlow and son Ray, Mrs. Truman Messenger and children, were guests at a beautifully appointed turkey dinner Saturday night at the J. R. Johnson home. Truman Messenger arrived later in the evening from Athena. D. W. Miller spent several days in La Grande this week, going down Saturday.

Ray Olson and wife were guests at the Olson home this week.

Mrs. T. E. Broyles and daughters Irma and Grace motored to La Grande on Saturday to visit Ethel over the week end.

Pete Stevin is driving a new Dodge coupe.

Maxine, the eldest daughter of Mr. and Mrs. L. C. Cooney, has been ill for the last three weeks and was again taken to Pendleton Saturday to Dr. Cavanaugh, who thought the fever might be the result of kidney trouble instead of intestinal flu as was first thought.

Mrs. Eli Knight, nee Esther Nickerson, who was married in January,

was given a bridal shower on Saturday at the Highway inn, by Mrs. O. H. Warner assisted by a group of ladies. Mrs. Knight received a host of lovely gifts and was greatly pleased. Lovely refreshments were served after the gifts had been admired.

Miss Stallard who has not completed her physical examinations here has found thus far eight bad throats, eight bad nasal obstructions, four defective visions, nine with defective hearing and three probable goiters. A more complete report will be given after the other pupils have been examined.

Agent Wanted—We sell. You deliver. Write 304 Broadway Bldg., Portland, Ore. 2-4.

Volume 30 Heppner, Oregon March 27, 1930. Number 13.

EDITORIAL

When we sell a home we sell not merely shelter, but that which adds to the sum total of human happiness. Are you getting out of life all that is rightfully yours?

ALBERT ADKINS, Manager, Editor.

Our research department after years of searching has found the original blindfold test to have been that trick of walking the plank. After more searching they found that a Tum-A-Lum 2x12 was the official plank for all tests.

Garnet Barratt was in town Wednesday after a load of lumber for his new shed.

Henry Crump is at the W. B. Barratt & Son ranch in Sand Hollow, building a new sheep shed.

Boy (on phone): "Hello, darling, would you like to have dinner with me tonight?"

Girl: "Why I'd love to, dear."

Boy: "Then tell your mother I'll be over about seven."

A repair-a-month club. Never heard of such a thing, have you? Well, they have books per month. So why not make a needed repair each month around the place and in a short while it would all be done and you would never notice the trouble.

Mesena, Georgia has eight dwellings and seven churches. They seem to need another church. Then on the other hand, the Soviets closed 92 churches in one Russian city, almost as bad as the automobiles do in the summer.

Next week you can buy a 2x4 12 feet long for 25 cents. Shingles for \$4.00 per thousand. Other materials at the same low price. In 1920 the same 2x4 would have cost 40 cents.

One man we envy is the undertaker. His is the only business in the world where every other man is either a customer or a prospect.
