# IN SPELLING BEE BASEBALL SEASON PLANS UNDER WAY

Split Season Schedule Is Suggested as Means to More Interest.

TEAMS MAY PLAY

Officers and Directors for Year Selected at League Meeting In Arlington Wednesday.

14-game split series schedule, with an eight-team league is the proba-ble line-up in the Wheatland Baseball league this year. Aside from the towns in the league last year, all of whom were represented at the 1930 organization meeting at Arlington last night, Goldendale and Hermiston-Umatilla have been invited to join, having signified such de

The split season idea was introduced by "Kewpie" Clow, Condor epresentative, who believes that this device, used to advantage in the Pacific coast league, would help to stimulate interest. It would prevent a situation such as occurred last year, when some of the teams were thrown out of the running by the time the season was half over and had little incentive to strengthen. By playing the split season the weak teams could strengthen at mid-season and have a chance for the pennant.

The league directors voted to start the season April 20. A schedule is being drawn up and will be sent to the various towns as koon as ready. An amendment to the by-laws was adopted limiting each team to two paid players, and it was the concensus of opinion that all towns should use home players as ar as possible in order to stimulate interest in the national game in the ome communities.

Officers elected for the year are Earl Snell, president; Walter Cochan, vice president, and G. E. Buter, secretary-treasurer. All of the fficers are from Arlington.

Representing the different towns as directors were R. B. Ferguson, Heppner: Werner Rietmann, Ione; W. H. Ortman, Arlington; C. S.

A baseball meeting has been called at the Elks club rooms next Monday night, all interested being arged to attend.

# MORROW TIMBER LASTING.

The lasting quality of Morrow county timber is indicated by the fact that many of the hand-split shakes covering an old barn on the Lawrence Redding ranch near Eight Mile were in good condition after being exposed to the weather for more than 35 years. Mr. Redling tore the barn down this win ter and built a tractor shed with the shakes, which were turned over on the new structure. The shakes on the east slope of the old barn roof were found in first class condition and those on the south in the poorest condition.

County Officers Attend Meeting Of Gooseberry Calf Club On Sunday Afternoon

That the business-like and efficient manner in which the Goose perry Calf club holds its meetings be an inspiration to any other 4-H club member, is the belief of Mrs. Lucy Rodgers, county school superintendent, who attended a meeting of that organization Sunday afternoon with Charles W Smith, county agent. Leader for the club is Mrs. Algott Lundell. Mr. Smith spoke on dairying and Mrs. Rodgers discussed the keeping of club records. The club conduct-

projects were read by two members. Members joined in the singing of lub songs. An unusual feature of the program wsa the rendition of musical numbers by the recently organized rhythmic band, coached by Mrs. Lundell.

As a committee on details of organization he appointed E. Notson, Paul M. Gemmell and W. W. Smead. This committee was authorized by vote of the club at its last meeting.

#### Game Report Made.

Report was made by the commitee appointed to see what could be done toward obtaining more fish and birds for Morrow county. Chinese pheasants numbering 88 were released by Barney Tillotson, game warden last week. Word from Mr. Tillotson is also to the effect that a truck-load of seed fish will be put in Willow creek this week. In connection with this discussion, it was cited that crows and magpies are a great detriment to game birds, and on suggestion that a drive for killing these pests be made President Sweek appointed B. R. Patterson, D. A. Wilson and Charles H. Latourell as a committee to organize

the details of such a drive. Further discussion was had of opening up the mouth of Willow creek, and an attempt will be made in the near future to raise funds for this purpose. It is estimated the work can be done for \$250. The fish and game committee was authorized to contact the state game and tion regarding procedure.
