In divi- sion 3, non-humorous, second place was won by Maxine McCurdy. In the humorous, fourth place went to Helen Lundell. Donald Heliker and Winnie Brown will represent the Ione school in the tri-county con- test to be held in Heppner April 19.

Portland Cooperative Handling Oregon Wool

The Pacific Cooperative Wool growers of Portland has been re- cognized as the exclusive unit for the marketing of Oregon wool this year, by the National Wool Market- ing corporation, the commodity or- ganization sponsored by the Federal Farm board to develop wool co- operative marketing on a nationwide basis.

The policy of the national orga- nization is to limit the number of units for the handling of wool and thus eliminate excessive competi- tion and duplication of effort. Fa- cilities provided by the Pacific Co- operative Wool growers are regard- ed adequate for the needs of Ore- gon. In addition the Pacific will attract a large volume of wool from surrounding states—Washington, Idaho, California and Nevada—and has a total of eight million pounds of wool under marketing agree- ments at this time.

EDITORIAL

We have heard that Napoleon was five feet two in height, but we are not informed as to his "tickness"—This little guy was so great he could eat eggs with his knife, or wear a plug hat when straws were in style. Well, readers, there are few of us 'great enough to get away with it to any success. Which leads us up to what we wanted to say. If your house is out of style, or needs fixing, there is no need to buy a new one because we are the best hands at remodeling you ever saw. A new porch, re- modeled kitchen, new rooms added, or any- thing at all that needs doing over is our busi- ness.
