

Local Happenings

Gordon Ridings, star athlete of the University of Oregon, and in charge of the Heppner American Legion post's swimming tank last summer, returned to Eugene Monday after visiting with Heppner friends over the week end. He is planning to attend Columbia university, New York city, to work for his master's degree in physical education.

Mr. and Mrs. Robert F. Pullen returned to Monument Monday after several days' visit at the home of Mrs. Pullen's parents at Eight Mile. Mr. Pullen received severe bruise on his back when thrown from a plow last week. It will probably be more than a month before he will have recovered sufficiently to return to his work.

Mr. and Mrs. O. M. Whittington of Bend visited several days last week at the home of Mr. and Mrs. N. A. Clark on Eight Mile. The Whittingtons are former residents of Morrow county and enjoyed visiting their numerous friends here.

Mr. and Mrs. Stanley Reavis motored to Sunnyside, Wash., Saturday afternoon to see his mother who is critically ill. Mr. Reavis returned Sunday, but Mrs. Reavis will remain for a week with her mother- and father-in-law.

Henry Schwarz has purchased from Mr. and Mrs. George Watkins of Portland, the house occupied by Mr. and Mrs. Roy Ohleschlagel. While in Heppner Mr. and Mrs. Watkins were guests of Mr. and Mrs. Ed Breslin.

Mr. and Mrs. W. O. Dix motored to Walla Walla, Wash., Sunday, accompanied by their daughter, Miss Virginia Dix, who has returned to St. Paul's school after nearly two week's vacation at home.

Dr. and Mrs. Edwin Fagan and children were in Heppner Sunday visiting at the home of Dr. and Mrs. A. D. McMurdo. Dr. Fagan is connected with the Oregon State hospital at Pendleton.

James D. Cash, local manager of the J. C. Penney company, returned to Heppner Friday afternoon after spending nearly a week in Portland attending the spring convention of the organization.

Ernest R. Lundell, in town Tuesday from Ione, announced that he had fitted out a service station in his home city, separate from his garage, and will have the grand opening today.

Dan B. Stalter, president of the Heppner Mining company, left for the company's property in the Greenhorn mountains near Austin, Tuesday, to begin the season's mining activity.

Mr. and Mrs. Charles Latourell motored to Yakima, Wash., last week end. While in the city Mr. Latourell took part in a trap shoot, many trophies of which he brought home.

Mrs. Leticia Forbes of Long Beach, Calif., mother of Mrs. E. E. Clark, and S. H. Forbes of Los Angeles, Calif., Mrs. Clark's brother, are visiting at the Clark home in Heppner.

Mrs. A. E. Engelman of Ione was a Heppner visitor Monday.

THE MASTERS OF THE MORROW

By Earnest J. Powell

Ever since 1913, when he was known as "The Boy Lecturer," Earnest J. Powell has been thrilling American and Canadian audiences with his wit, his dramatic utterances, and, most of all, with his earnestness and his love of "just folks." Mr. Powell believes that society is sound at the core; that the young folks are not all wrong. However, he does feel that some grave problems face us, with the

let-down following the war, with the concentration of great merged wealth in the hands of a very few men who dwell in a few great cities. Does the safety of America still depend upon intelligent, enthusiastic and humane leadership, and can such leadership be developed from the great Chicagos and New Yorks with their flossam of ideals? Should it not still come from the smaller town and smaller city communities? Powell may make you laugh, but it will be that he may cause you to think upon present day problems in a serious and yet in an optimistic attitude. Is the small town doomed? If saved, how saved?

Frank Wilkinson injured his foot Sunday when he stepped on a nail protruding from a plank on his Willow creek ranch. He came to Heppner to have the injury dressed.

J. E. Copenhaver was in town Monday night from the Van Schoick ranch. Having been previously missed, he was enumerated for the census Tuesday morning.

James Stout brought his daughter to town Monday to receive medical treatment. She was left in the care of her grandmother, Mrs. Henderson Stout.

Helen and Corall, children of George Gross of Ione, had their tonsils removed Monday in operations performed at the Herren General hospital.

Percy Garrigues of Eugene was transacting business in the city several days this week. He was a guest at the Lions club luncheon Monday.

Dr. A. E. Gray added to his office equipment Monday, cabinets, operating table and other equipment, attractively finished with Nile green enamel.

Leon Logan of Cecil was taken ill with an attack of influenza Monday.

Pete Farley was in Heppner from his Boardman home Monday.

A COLUMN OF FUN AND FACTS (Edited by Dean T. Goodman from his private sanctum down at the Heppner Garage.)

HOWDY FOLKS—It's only a few weeks until college graduates will be inquiring if anybody wants a good pole vaulter or fullback to be president of a bank.

Statistics show that ninety-nine percent of our college graduates are journalists—that is, they write for money.

In the spring a young man's fancy turns to thoughts of how much the first payment on a wedding ring will amount to.

We were looking over the almanac this morning and saw where we were going to have warm weather in August. Some authors make doubtful statements but these chapters who write the almanacs don't take any chances.

NEITHER SHOULD YOU TAKE ANY CHANCES WHEN BUYING TIRES. WE HAVE BEEN SUPPLYING THE PEOPLE OF HEPPNER WITH GOODYEAR TIRES FOR OVER TEN YEARS AND THERE ARE A GOODLY NUMBER IN THIS TOWN THAT SHOUT THE PRAISES OF THIS FINE PRODUCT.

According to M. L. Case the tombstone always has a good word for the man when he is down.

Which reminds us that no matter how courteous and efficient Mr. Case may be, his customers never come back.

Now that the question of naval parity has been tentatively relegated to the background the greatest question before the Heppner public today is "Have you tried our efficient greasing and washing service?"

A lady rushed into the Peoples Hardware Co. store the other day and said, "Give me one of those large mouse traps, I want to catch the Pendleton stage." And Van said, "I am sorry lady, but we haven't one large enough to catch a stage."

Miss Hattie Pathfinder, our society editor, remarks that in some homes the oven is just a parking place for dirty pots and pans.

WE DON'T KNOW WHO INVENTED THE DINNER JACKET, BUT HE WAS PROBABLY THE SAME GUY THAT INVENTED THE STRAIGHT JACKET.

Paul Marble was in the other day dickering for a set of Goodyear Double Eagles and while in conversational mood told us that he went to sleep in the bath tub some time back, but fortunately the tub didn't run over as he sleeps with his mouth open.

Looking at some couples on the dance floor, it is difficult to tell whether they are dancing or having a chill.

In conclusion, remember you can't drive a nail with a sponge, no matter how hard you soak it.

And vote "NO" on the Matrimonial Bonds at the primaries.

STOP.

Farm Pointers

While many diseases of the potato are carried on the potato tuber itself, and can be controlled by seed treatment before planting, many of them are also carried over the soil, and some live on other plants, says the Oregon Experiment station. The simplest way to control the soil infection is by growing potatoes on a certain piece of land only once every four or five years. During the intervening years, crops are grown which do not harbor the potato diseases and also help to maintain the soil fertility.

Although most people think of bacteria as deadly things that the world would be better off without, that is true of only a few kinds, while most of the bacteria are not only harmless but beneficial and absolutely necessary in the scheme of nature. Without them, there would be stagnation in nature, exhaustion of the soils, and lack of all plant food. There is no other agency but bacteria and similar microscopic life to break down the dead plant tissue into food available for the new plants.
