The Fred Ashbaugh home west of Hardman was the scene of a lovely dinner on Sunday last. Those present were Mr. and Mrs. Fred Ashbaugh, Mr. and Mrs. George White, Mr. and Mrs. Lester White, Roy Ashbaugh and children, Mr. and Mrs. Lew Knighten, Mr. and Mrs. Neal Knighten, Mr. and Mrs. Clair Ashbaugh and children, Mr. and Mrs. Ernest Woodard and children, Mrs. Golda Leathers and Laven Leathers, Mr. Ashbaugh, who has been seriously ill the past three months, is slowly improving.

Barney Doherty was here Wednesday from his home out at Alpine. He reports harvest under way and the farmers getting a fair yield of good grain. Not having as much moisture as in former seasons, Mr. Doherty expected a short yield and the results are much better than he had hoped for, this being due no doubt to the continued spell of cool weather of late spring and early summer.

Will Howard and wife of Milton were visitors here the first of the week, guests at the home of Mrs. Alice Adkins. Many years ago Mr. Howard was at the head of the Heppner school, and he enjoyed the short stay in the city, visiting numerous old friends. Mr. Howard still follows the school game, and is superintendent of the school at Culver, Oregon.

Report reached Heppner Wednesday that E. L. Reaney of Salem, formerly of Lexington, had been very seriously hurt, and the members of his family at Lexington had been summoned to his bedside. No definite information as to his injuries were received, other than he was assisting in operating a spraying machine, and in some manner was crushed.

Mrs. Mattie Adkins departed on Tuesday for Wapato, Wash., where she will visit at the home of her daughter and son-in-law, Mr. and Mrs. Fred Elder, for a while and then go to Ferndale, near Freewater, for a visit at the home of her daughter, Mrs. Waldo Vincent.

Rev. Glen P. White, Mrs. White and daughter Mary, Mrs. Gus Jones and Billy Cotchell will leave Monday for a stay of a week at Suttle Lake where they will attend the summer institute of the Epworth League of representing the League of the Heppner Methodist church.

The lure of the tall timber on upper Willow creek and at Ditch creek prairie called many Heppnerites on Sunday, the rush being to get away from the heat of the valley. Reports are to the effect that it is very pleasant in the mountain section at this time.

Mr. and Mrs. Tindal Robison were visitors in Heppner on Wednesday from their Eight Mile home. Out that way grain is just about ready for cutting, and Mr. Robison states that harvest will be general within a week or so. The prospect is for a fair yield.

Geo. N. Peck of Lexington is suffering a broken wrist, the result of a "kick" from the engine when he was cranking up the combine. The accident occurred Tuesday evening, and but one bone in the wrist was broken.

Mr. and Mrs. W. H. Dutton, son Rieman and daughters Isabel and Nancy Jean, arrived the end of the week from Portland for a visit at the John Wightman home. "Will" has been busy greeting his many old time friends.

Miss Rubina Corrigan is now driving a new Oldsmobile coupe, purchased the past week through Ferguson Motor company. Miss Corrigan went to Portland Friday evening to take delivery of the car.

Mrs. Henrietta Cohn and daughter Eleanor of Portland are guests at the home of Mr. and Mrs. Harold Cohn, spending a short time in the city visiting with the sons of Mrs. Cohn, Harold and Henry.

J. H. Scott, state market road engineer, was in Heppner on Wednesday, and with Judge Benge and Commissioners Bleakman and Helker, made inspection of some Morrow county roads.

B. R. Patterson this week made neat improvements to his store front by giving it a new coat of paint in decorative colors. He also added a new awning to make the job complete.

New Smokers' Code Effective in Forest

By F. F. WEHMEYER, Ranger.
It is the beginning of the fire season for 1930 and it is necessary for each and every one of us to exercise extreme care in the handling of matches, burning tobacco and open fires. Each year there is a staggering loss in property and many lives are sacrificed due to somebody's carelessness.

Laws and regulations are becoming more stringent with the passing of each successive year, as greater efforts are made to deal with these fire problems.

On the National Forests, the "Smokers' Code" has been made one of the federal regulations. It follows:

- DANGEROUS TO SMOKE:**
While traveling.
On forest, brush or grass land.
SMOKE ONLY:
1. While stopping in a safe place clear of all inflammable material, or

2. During or right after a heavy rain, or
3. Inside a vehicle on two-way highway, or
4. Above timber line, and
AFTER SMOKING:
Put out all lighted material. The law prohibits throwing away any burning matches or tobacco, or other lighted material in a forest region.

This regulation is very liberal in that it asks those using tobacco to stop, clear off a place and smoke, then extinguish the match or burning residue from cigar, cigarette or pipe. Really the only sensible way to enjoy a smoke anyway. If in a car, stop, smoke, pinch or stamp out the remains of burning fag or pipe, then go on.

If the public enters heartily into the spirit of the new regulation, it is hoped that more drastic restrictions will not be necessary. Camp fire permits are required on any forest land before fires are built. This applies whether private, state, or federal land is involved. In fairness to those who have been hired by the public to protect the forests, the public should wholeheartedly observe these regulations. Violations may cause the individual considerable embarrassment and some expense.

That the general public may not be inconvenienced, permits may be had at any Ranger Station or from any Forest Guard or Ranger. Permits may also be procured here in Heppner from the office of the County Agent.

FREED SYSTEM OF POISON, SHE SAYS

"Sargon swept my system free of dangerous poisons, filled me with new strength and vitality and gave me a new lease on life."

MRS. O. M. DAVIES
"Pains like neuritis in my hips and legs kept me so crippled that I couldn't walk for days at a time. My blood was impoverished, my system was acid and nearly everything I ate upset my stomach. I was awfully bilious my skin was sallow and blotchy and pimples were all over my face. I'd suffered with constipation nearly all my life. Sargon rid me of every ailment I had; my skin has cleared up wonderfully and I am feeling of general well-being."
"Sargon Pills is the only medicine that ever relieved me of biliousness and constipation without the least discomfort of any kind."—Mrs. O. M. Davies, 500 Jefferson St., Portland, Oreg.

New Low for Wheat Reported at Portland

With the government report on the visible supply of wheat showing almost five million bushels increase for the week, and an estimated yield of all wheat for the 1930 crop year equal to the yield of 1929, wheat prices sagged throughout the week with very little interruption. Portland futures again registered new lows for the season, reports the Portland Grain exchange for week ending July 12. The tight situation in cash wheat

still prevails throughout the Pacific Northwest with receipts of new crop negligible and no movement of volume expected for about thirty days. Oregon, Washington and Idaho yield is estimated at 86,835,000 bushels, about thirteen million bushels under the average for the last five years.
New export business booked by Portland firms this week totals a full cargo and approximately 4,000 long tons of white wheat for ports in the United Kingdom and 500 long tons of hard winter wheat destined for the continent of Europe.

NOTICE OF SALE OF ANIMAL.
Notice is hereby given that by virtue of the laws of the State of Oregon, I have taken up the following described animal found running at large on my premises in Morrow County, State of Oregon, and that I will on Saturday, the 2nd day of August, 1930, at the hour of 10:00 o'clock in the forenoon of said day, at my place on Rbe creek, 12 miles south of Heppner, Oregon, offer for sale and sell the said animal to the highest bidder for cash in hand, unless the same shall have been redeemed by the owner thereof.

A COLUMN OF FUN AND FACTS
(Edited by Dean T. Goodman from his private sanctum down at the Heppner Garage.)

HOWDY, FOLKS—The recent flurry in gas prices kept us so busy that ye editor has had no time to cogitate any wise cracks this week.

But we do want to call your attention to the fact that we did our "durdnest" to make the gas companies give us gas at the same price they were delivering it to all the surrounding towns.

And we want to call your attention, too, to the GOODYEAR ad on this page. It certainly shows why GOODYEAR makes so many millions more tires than any other company.

So long. We'll do better next week.

"Where Quality and Service Meet"

WHEN you read a tire advertisement that almost sweeps aside your judgment with its enthusiasm:
SAY TO YOURSELF:
MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND
When you face a sales argument that sounds good but you have no means of testing:
SAY TO YOURSELF:
MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND
When you are tempted to fall for a mileage guarantee, a special discount, a long trade-in, tire insurance, or anything else but intrinsic tire goodness:
SAY TO YOURSELF:
MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND
Then just for variety, ask yourself "WHY?" Why is it true that: "More People Ride On Goodyear Tires Than On Any Other Kind?" In answer to that question is the only tire fact you really need to know, to be sure of getting the finest tire values money can buy! And we'll prove WHY

NOTICE To Bank Depositors

Adjustment of Balance Minimums

The ever increasing standards of service and facilities provided to meet present day banking requirements have necessitated an adjustment of balance minimums and service charges.

The schedule herewith, effective August 25, 1930, is based upon a comprehensive survey of modern banking practice throughout the United States.

SERVICE CHARGE ON CHECKING ACCOUNTS

A monthly service charge of fifty cents (50c) shall be made on any checking account where a minimum balance falls below fifty dollars (\$50.00) providing there have been any withdrawals on the account during the preceding month. The first charge will be made on August 25th, 1930, and will be governed by the balance maintained after July 25th, 1930.

SERVICE CHARGE ON RETURNED CHECKS

Where checks create an overdraft or are returned for insufficient funds or for being post-dated, a charge of twenty-five cents shall be made to the drawers' account by the Bank. This charge is to cover messenger service and bookkeeping costs involved in handling returned checks.
