

BOARDMAN

MRS. A. T. HERREM, Correspondent.

Carl Doering has purchased a fine new car from a company at Pendleton.

Rev. W. O. Miller is taking his vacation during the month of August, so there will be no church services held next Sunday. A vote will be taken as to whether the Sunday school services should be discontinued for the month or not.

Mrs. Claude Coats gave a lovely party on Friday afternoon for Miss Hattie Scholt of Chicago who is here visiting her uncle, Carl Doering, at Messner. There were two tables of "Bug" and the game waxed fast and furious with much merriment. Mrs. Guy Barlow received high honors. Those asked to meet Miss Scholt were Messdames Kennedy, Fortier, Guy Barlow, J. F. Barlow, Herelm and Gillespie and the Misses Mildred Messenger, Rachel Johnson. Delicious refreshments were served by the hostess.

The Home Economics club met with Mrs. Howard Bates on Wednesday of last week. Everyone had a nice time and partook of the usual delicious luncheon.

Mrs. Lloyd Miller of Umatilla, daughter-in-law of Rev. and Mrs. W. O. Miller had a serious operation for goitre at Portland last week.

A picnic was held Friday night at the King ranch by the Sewing club No. 1, of which Mrs. King is leader, and the Home-making club of which Mrs. Dillabough has charge, and Sewing club No. 2 which is Mrs. Macomber's club. A most interesting program was given consisting of selections by the "Kitchen Band," songs, readings, a bed-making demonstration by Lavern Baker and Elsie Wilson of the home-making club. After the program the crowd drove to the spillway at Coyote springs where a big bonfire was made and lunch was enjoyed. Miss Stallard and Mrs. Rogers were over from Heppner for the evening and delighted the children by bringing a large sack of marshmallows which were toasted over the bonfire. Miss Stallard explained about the coming health contest which terminates in September. This includes 4-H club members from 12 to 18 who can go to Heppner for the physical examination, a posture parade to be held at the fair. All told this was a most successful evening.

The Falers, P. Smiths, Kunzies, Mitchells, I. Skoubos and R. Wasmah had a pleasant picnic at Dillaboughs beach on Sunday. In the evening there was a large crowd of people there. This has proven one of the most popular of picnic places this summer.

Alton Klitz came home Monday from Corvallis where he completed his four years work at O. S. C.

Mrs. Raymond Shane was a visitor in Portland for several days, going down to meet her sister, Mrs. Kate Speciad of San Francisco who is spending her vacation in the northwest.

Mrs. Doris Healey came Sunday night for a visit with her parents, Mr. and Mrs. J. T. Healey. Doris is a graduate of Boardman high school but has not visited here for a number of years. Friends will be glad to welcome her after her long absence.

The field day held here July 20 proved again that which is generally known, that to make a success here on the project one must have stock, and that sweet clover pasture will feed more cows to the acre throughout the summer than any other pasture grass. It has been proven that sweet clover will carry three cows per acre from spring until late fall and it is an excellent milk maker. Several farmers have sweet clover and are finding it very satisfactory. Among them are Machan, Graves, Shane and King. According to findings from the state college the average net profit per cow in the state is \$75 per year. This does not seem very high, and is no doubt caused by so many low producers, but each year there are new testing associations formed and the boarder cows and the low producers are being weeded out; so in the course of a few years the net

profit should be much larger. At any rate the farmer who has a bunch of good cows, a well filled silo, and has good sweet clover pasture doesn't need to worry about the grocery bill, and as one farmer here has always said, "the litter of pigs, raised on the skim milk will pay the water charges on a 40," and he knows whereof he speaks for it is the cows that have put the improvements on his place, that bought the car, paid the doctor bills, and kept things going when many others were having a difficult time to make ends meet.

The many friends of Roger Morse will be pleased to learn of his promotion to the position of dairy specialist in the extension work of the state college. This is the position made vacant by death of the late Mr. Jamieson. Mr. Morse was the county agent preceding C. W. Smith.

A head-on collision wrecked the cars of Wilburn Stevers of Irrigon and that driven by T. J. Alsit of Monmouth, Monday evening, as Wilburn, who is working on the section at Coyote was returning home from his work. Mr. Alsit was gravely injured, being crushed about the chest and ribs. His daughter-in-law, Mrs. Gladys Alsit of Eugene, received severe scalp wounds and bruises. Her little daughter was not injured at all. Wilburn, who is well known here, having attended the local school while his parents lived at Coyote, suffered severe scalp wounds and bruises. All three were taken to the Hermiston hospital. The accident occurred a few miles east of the overhead, and just what the cause was is a matter of conjecture. Both cars were burned and demolished.

Jack Gorham, Mr. and Mrs. Guy Barlow were guests at a fine chicken dinner at the Z. J. Gillespie home on Tuesday evening. Later they were joined by Mr. and Mrs. Glen Hadley and Mr. and Mrs. A. T. Herrem and a jolly evening was spent playing "Bug". At the close of the game it was found that Mr. Gorham was high. Dainty refreshments were served by the hostess.

INSPECT GRASS NURSERY. C. W. Smith, county agent, and Ralph I. Thompson went out to Camas meadows Tuesday to inspect the grass nursery. Nineteen different varieties of meadow grass have been planted there and are being studied in order to find a hardy, high-producing, palatable winter grass. The nursery is on the summer sheep range of Mr. Thompson.

LAMB SHIPMENT MADE. R. A. Thompson and C. W. McNamer were joint shippers Tuesday night of nine carloads of lambs billed to Chicago. Scott Furlong accompanied the shipment.

ALPINE Mrs. Elizabeth Jones who has been visiting at the Lambirth home for the past several weeks left Saturday for her home in Seattle.

Miss Annie Doherty of Lone Tree has been visiting at the McDaid home in Alpine.

Miss Celatha Lambirth spent Sunday afternoon at the home of her mother.

Barney McVena who has been employed at the Dan Doherty ranch during harvest left for Pendleton Thursday.

Mr. and Mrs. G. L. Bennett drove to Pendleton Saturday to get repairs for their combine.

P. J. Doherty drove to Echo on business Thursday morning.

Bert Michel and Irl Clary were transacting business in Lexington and Heppner Friday.

Bernard Doherty and Lawrence Doherty returned from Wallawa Wednesday where they spent the latter part of last week.

Dale Bundy has been suffering from an infection in his arm caused by the bite of some insect. Claude

Conder has been working at the Bundy ranch, taking Dale's place.

Mr. and Mrs. A. J. Barham of Salem, who have been spending the past two weeks at Alpine, left on Wednesday for Kennewick, Wash., where they have a number of apartment houses and other property.

Miss Margaret Melville spent Saturday in Heppner.

The harvesting at the Dan Doherty ranch in Juniper was completed last week.

Ray Moline, who has been working at the West Camp ranch, left on Sunday for Portland.

Mr. and Mrs. Edward McDaid, Mary McDaid, Mrs. B. P. Doherty and W. J. Doherty spent Sunday at the home of Mr. and Mrs. Phil Hirli in McDonald canyon.

Mr. and Mrs. John Babb, who have been living on the Art Finley place, moved to the West Camp ranch on Tuesday and are working for Charles Melville.

Mrs. G. L. Bennett, Mrs. John Nirschl and daughter Juanita and Miss Ruth Bennett called at the Schmidt and Clary homes on Sunday.

G. L. Bennett was in Hermiston attending to business Saturday.

Harold Gentry and Elmer Hake drove to Heppner Saturday evening and spent Sunday at their homes.

Mr. and Mrs. P. J. Doherty and children Phyllis and Edgar and Mrs. W. T. Doherty and children Pat and Tommy called on friends in Alpine Thursday.

Dr. and Mrs. J. P. Conder were

among those who called at the home of Charles Melville Sunday.

Misses Mary and Catherine McDaid and Annie Doherty were in Hermiston Saturday.

Mrs. Anna Heiny, who taught here a year ago, is spending her vacation in California visiting her aunt and cousin. She has been in San Francisco, Los Angeles, Santa Monica, Santa Barbara and many other cities. She travelled out into the Mojave desert to see the Joshua trees that grow nowhere else on earth. She visited the largest lion farm in the world, also an ostrich farm. She saw a mirage, viewed the Hollywood bowl which seats 85,000 people and even did not pass up Amy and her temple. It's hot there, too, 104 degrees.

John Doherty and Miss Katherine Doherty and Miss Catherine McDaid drove to Heppner Sunday evening.

Miss Gertrude Tichenor spent Monday in Hermiston, calling on Miss Golda Muma, under whom she formerly studied music.

Mr. and Mrs. Dan Lindsay and Bruce and Annie Ree spent Wednesday in Pendleton on a business and pleasure trip.

Bernard Doherty motored to Pendleton Thursday. He was accompanied home by Mrs. P. J. Curran, who has been in Pendleton for the past two weeks.

C. Melville spent Sunday among his neighbors and reported that harvesting is progressing well all over. The Gorger brothers have

two new combines—one for bulk wheat and one for sack wheat.

Miss Margaret McDaid and Miss Annie Doherty spent Monday evening at the Clary home.

Oral Scott, who has been cutting wheat for Mrs. Pearl Lambirth, pulled out Friday morning, and left for Blackhorse where he will now cut his own wheat.

Alex Lindsay visited Lawrence Doherty at his home Sunday evening.

W. J. McDaid was a business visitor in Lexington and Heppner Saturday.

Mrs. Elizabeth Jones called at the home of Mrs. B. P. Doherty on Friday before departing for her home in Seattle.

EDITORIAL Dear Folks: If you need any building material made of steel just call on us. We're headquarters in this territory for Youngstown Galvanized Roofing & Siding, Steel Sash, Reinforcing Bars—in fact anything made of steel.

When better automobiles are built, they will become obsolete just as fast as the present ones do.

But that is the nice thing about a house. When it becomes obsolete just remodel and repaint it and it can't be told from a new home. Some difference when you try that with a 1910 Ford.

"How much are eggs today?"
"Good eggs are 45 cents a dozen and cracked ones are 35c."
"Well, crack me up a dozen!"

Our paint crew has just finished Alex Wilson's residence and is now working on the John Her residence and putting on outside trim at Hotel Heppner.

Then there was the Scotchman that married on the 29th of February so his anniversary would only come every four years.

"Save the Surface and Save All!"

"This one will be on me," said the fellow as he picked out his tombstone.

Did you know that 20 sax of cement will make 120 feet of 4-in. sidewalk on your place or build a 20-barrel water tank with a concrete apron around it?

Our First Care

If we could just sit down and have a little heart-to-heart visit with you—which we would like to do—here is what we would say:

"We are working earnestly to build up a good, strong Bank here. To do this, we need the confidence and patronage of our people. To secure this, our first great care is to safeguard the funds deposited with us and to make only conservative loans. We want your banking business and are striving to merit it."
