

IONE

MRS. JENNIE E. McMURRAY, Correspondent

Mrs. Ray Robison very delightfully entertained the members of her Sunday school class last Saturday afternoon from 3 to 5 o'clock at her home in upper Ione. The party was given in honor of Cecil Farrens who has been spending the summer in Ione and who is leaving soon for her home in California. Outdoor games were enjoyed and dainty refreshments consisting of cake, fruit salad and pink lemonade were served by Mrs. Robison. Those present were Cecil Farrens, Miriam Hale, Eleanor and Billy Eubanks, Joan Sipes, Juanita Odum and He-na-Moah and Paul Cloninger. Friends here have received information that Alvin E. Harris was drowned while touring in the state of Washington. Mr. Harris was an old friend of Mrs. Robison. Those recently visited by Hazel Ledbetter while en route from his home in California to points in Canada. The accident happened before Mr. Harris had reached Canada. Miss Hazel Feldman who graduated last June from the school of pharmacy at Oregon State college, now has a position in a drug store at Sheridan, Mont. Clei Ray returned last week from Eugene and has work in the warehouse. A. T. Odum transacted business in Portland Friday of last week. Miss Elva Balsiger recently received a telegram from the Y. W. C. A. of Portland offering her a position as swimming instructor for a party of Camp Fire girls, but Miss Balsiger deemed it best to remain in Ione until the opening of her school in Riverton, and continue the instruction of her swimming classes here. Miss Irene Anders has resigned her position on the Ione high school faculty, and on August 8, will become the bride of Mr. Ivan Remlinger of Seattle, Wash. Mrs. W. P. Prophet has purchased Mrs. Helen Farren's interest in the Ione restaurant. The transfer was made Saturday. Laxton McMurray, George Bleakman, county commissioner, and E. McKonke, a stockman of the Rock creek district, in company with Harlan McCurdy, visited the Davidson ranch Monday. Mr. McMurray, Mr. Bleakman and Mr. McKonke were appraisers of the real estate and personal property of the late Lewis P. Davidson estate. The cutting of the second crop of alfalfa is now under way in this part of the valley. A few of the wheat farmers have finished harvest, and more will have finished by the end of the week. Earl Murry will finish next week, and his family will return to the home in Walla Walla. He reports his wheat making between 18 and 20 bushels. Louis Bergevin has been harvesting

some making 22 1/2 bushels and it is reported that Roy Lieualen has a field yielding 24 bushels to the acre. While in the city Mr. and Mrs. Morgan visited at the homes of Mr. and Mrs. Charley Nord and Mr. and Mrs. Isaac Williamson, and Mr. and Mrs. Barnett visited Mr. Barnett's mother, Mrs. Nord, and Mrs. Barnett's grandmother, Mrs. Logan. Mr. Barnett drove the new school bus on the return trip. Byron Goodall who is inspector in charge of the United States emigration office at Gary, Ind., visited briefly last week at the home of his sister, Mrs. Elmer Griffith. He also had the pleasure of a visit with another sister, Mrs. Kittie Turner, who is a guest at the Griffith home. Joy Belle Gulick who is staying at the Kieithley Blake home here, had as her guest last week Miss Lela Feltmore of Grants Pass. Mr. and Mrs. William Maple and daughter, and Mr. Stefani's cousin, Jennie Stefani, all of Portland, spent several days of last week at the A. E. Stefani home on Third street. The July meeting of the Past Grand club of the Rebekah lodge was held at the E. J. Bristow home last Friday afternoon. Those present besides the hostesses, Mrs. Bristow and daughter Lucile, were Mrs. Emil Swanson, Mrs. C. W. Swanson, Mrs. Blain Blackwell, Mrs. Ernest Lundell, Mrs. Cleo Drake, Mrs. Harlan McCurdy, Mrs. Lee Howell, Mrs. Ernest Heliker, Mrs. John Louy and Mrs. Harold Rankin. Mrs. Edmond Bristow of Baker was also present, being a special guest. Refreshments of ice cream and cookies were served at the close of a pleasant afternoon. Mr. and Mrs. Edmond Bristow and two children returned Tuesday to their home in Baker. They had been spending their vacation with home folks in Ione. Mr. Bristow holds a good position in the John A. Trotter gents furnishing store in Baker. They were accompanied on the return trip by Miss Lucile Bristow who will spend a few weeks at the home of her brother. Mrs. Alice McNabb and Mr. and Mrs. Chas. Jewell returned last Friday from a pleasant outing at Newport. On Sunday Mr. and Mrs. Rex Fisk of Kennewick, Wash., motored over for a brief visit at the McNabb home and when they returned they were accompanied by Mr. Jewell. Mrs. Jewell remaining in Ione for a more extended stay with her mother, Mrs. McNabb. The North Ione Improvement club met Friday afternoon, July 25, at the home of Mrs. Victor Rietmann. The life and works of Sir Arthur Conan Doyle were discussed. Mrs. Omar Rietmann had some good material regarding Doyle. Mrs. Gorgor had an article about his views on spiritualism. It was decided to study the life and works of Jack London at the next meeting, which will be held at the home of Mrs. George Gross. Mrs. Omar Rietmann did some excellent committee work upon making an outline for future programs. An hour of bridge followed the business meeting. Refreshments were served of ice cream and wafers. Those present were Mrs. George Gross, Mrs. Henry Gorgor, Mrs. Ray Brown, Mrs. Omar Rietmann, Mrs.

Victor Rietmann and Mrs. Edward Rietmann. One object of the club is to encourage mothers to bring their children. There were twelve children present who enjoyed the outdoor games. Mr. and Mrs. J. W. Howk, and Mr. Howk's sister, Mrs. Luola Jones of Chickasha, Okla., departed the middle of last week for Portland and coast points. They were accompanied as far as Portland by Mrs. Howk's mother, Mrs. P. J. Linn. Young friends of Miriam's who were also present were Cecil Farrens, Mildred Lundell, Eva Swanson and little Beverly June McMullan. All enjoyed the afternoon and the delicious ice cream and wafers served by the host. Mrs. M. Jordan returned home Saturday from a pleasant visit with relatives and friends in the Willamette valley. About one o'clock Sunday afternoon fire was discovered in the Tum-A-Lum lumber yard. It was extinguished before much damage was done. It is believed to have started from a bonfire which had been burning near-by the day before. We understand the loss is covered by insurance. John Louy came near losing a couple of cords of wood by fire one day last week. Mr. Louy had burned off the short grass where he wanted his wood piled and afterwards had thoroughly soaked the ground with water. The wood was later delivered and one evening, more than a week after the grass had been burned off, smoke was discovered rolling out of the wood pile. The fire was put out before any damage was done. It is thought that saw dust on the ground had held the fire all those days. Mrs. Fred Nicholson returned Sunday to the home of her mother, Mrs. Katie Petseys, on Willow creek.

A COLUMN OF FUN AND FACTS (Edited by Dean T. Goodman from his private sanctum down at the Heppner Garage.)

HOWDY FOLKS—It is extremely discourteous for patrons to nap in the chair, says the president of the Journeymen's barber union.

To combat this napping, barbers should change their lecture courses oftener.

And the person may not be napping. He may have fainted from the shock, when the barber absently minded told him he didn't need a shampoo.

In the matter of our customers' needs, we are never napping. Years of experience in this business has taught us to anticipate the merchandise that fills the bill for you.

Mike Curran says what is peculiar to him is why so many hard drinkers hang around soft drink places.

DIPPY DIALOGUE "Gee, your sweetie uses plenty of make-up." "Yeah, she's my powdered sugar."

THIS YEAR, AS FOR THE PAST FIFTEEN YEARS, MILLIONS MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND. WHY? BECAUSE GOODYEAR OFFERS THE GREATEST TIRE VALUE ON THE AMERICAN MARKET TODAY.

The states collected \$431,636,454 gasoline taxes last year, the gallonage total being more than 13,000,000,000.

Cop: Madam, didn't you see me hold up my hand? Woman at the wheel: I did not. Cop: Didn't you hear me blow my whistle? W. A. T. W.: I did not. Cop: Didn't you hear me holler at you to stop? W. A. T. W.: I did not. Cop: Well, I guess I might as well go home. I don't seem to be doing much good here.

There are two kinds of discontent in this world. The one that works and the one that wrings its hands. The first gets what it wants and success is the cure. The other loses what it has and there is no cure for it.

Shades of Webster Automobile: "A four-wheeled obstruction capable of standing for hours at a stretch in a congested street while its owner is goodness knows where."

Street: "A narrow public space meant for traffic, and used for parking automobiles." Traffic: "A procession of automobiles looking for a parking place." —New York Times.

Father: But don't you want to learn how to make change? Son: What for? I'm going to be a taxi driver.

Someone with a bent for statistics has uncovered the startling information that there is one automobile for every five persons in the United States and one bathtub for every twenty.

It is by no means unusual, of course, to see five people riding in one car—but to see twenty people taking a bath in one tub would probably come under the head of modern miracles.

Hattie Pathfinder sez, "The supreme court of Nebraska declares that a husband is not the head of the house. Every now and then the courts find out something us wives have always known."

From the head of the house down to the boys and girls, GOODYEAR is a byword, when it is a matter of tires.

BUTTER "In a Class by Itself" "Butter is in a class by itself. It is one of the most easily digestible of fats and undoubtedly, when considering the oils and fats dietetically, is the best source of Vitamin A," says M. E. Jaffa, Emeritus Professor of Nutrition, University of California. Butter is indispensable in the diet of young and old. It contains Vitamin A, the growth promoting factor, also Vitamin D, which aids in assimilation of the minerals in the other foods you eat. Butter builds bones, cells and tissues.
