

**BOARDMAN**

MRS. A. T. HERREIM, Correspondent.

Miss Nellie Dillon and Linda Hango entertained at a dancing party on Thursday evening at the Hango home, honoring Ella V. Cottogin, a cousin of Nellie who has been visiting at the Dillon home for a fortnight. About 30 of the younger set attended and had a most delightful evening. Dainty refreshments were served.

For the pleasure of Miss Doris Healey who is here visiting her parents, a few friends went to the Healey home on Friday afternoon and had a pleasant time chatting and reminiscing. Present were Mrs. E. T. Messinger, Lois and Mildred, Mrs. A. B. Chaffee, Mrs. J. R. Johnson and Rachel, and Mrs. Flickinger. A light lunch was enjoyed.

Mr. Larsen is a younger brother of Mrs. Hereim and they had not met for a period of 11 years. Mr. Larsen is representative of a large lime company in California and his business brought him to Klamath Falls, so he drove on up to Boardman.

Mr. and Mrs. Arthur Allen and family were here Sunday from La Grande. Miss Mildred and Imogene Wilson went back with them for a time. Imogene will visit her sister Gladys who is attending normal school here.

Lillian Brice stopped over night recently on her way to Ridgfield to be with her mother. She has been a student at the normal school at La Grande.

Mrs. H. E. Waite is home from Troutdale where she has been for several weeks.

The railroad signal crew is working through this section again for a time.

Mrs. Neil Bleakney and family were down Sunday from their home in Echo to visit her mother, Mrs. H. H. Weston.

Mrs. Frank Stevens is visiting her son and daughters in Pendleton for a few days. The Stevens are the new owners of the Callahan place.

Mrs. Lee Mead took a group of boys and girls to Heppner Saturday for a physician's examination, preparatory to their entrance in the 4-H Health club contest which terminates at the North Morrow County fair. Those going were Margaret Smith and her brother Chas., Paul Mead, Clayton and Pat Shane, and Elsie Francis Wilson.

Raymond Shane and his brother George motored to Freewater on Sunday and on to Portland Monday.

John Chaffee came home Saturday after an extended stay with relatives at Eugene.

Mr. and Mrs. Z. J. Gillespie extended their hospitality on Saturday evening at another fine dinner, having the Coats family and Mr. and Mrs. Linfield Perry of Oregon City as guests. Mrs. Martha M. Titus is home

from the summer session of normal school at La Grande. The Millers were pleased to have their daughter, Miss Ella, with them for a short visit. She is the home demonstration agent at Redmond and was accompanied by a friend with whom she is making a trip to Vancouver, B. C. on her vacation.

The Rutherfords had a house full of guests on Sunday. Among them were Mr. and Mrs. Loula Wetherel of Umatilla and Myrtle Wetherel of Arlington, and Mr. and Mrs. Wesley Bottomiller of Quinton. Mrs. Wetherel and Mrs. Bottomiller are granddaughters of the Rutherfords.

An iron fireman is being installed in the schoolhouse by Geo. Strand, employed by the Smythe Barbed company of Pendleton. The fireman is well known throughout the west and a great saving in fuel is expected. It cost \$1250.

It is with the keenest regret that word comes of the resignation of Mrs. L. E. Marschat who has been primary teacher here the past two years. A good primary teacher is a "pearl of great price" and not easily obtained. Mrs. Marschat's interest in the little people who are just starting out on one of life's greatest adventures has created an atmosphere of love, respect, interest in the school work, in addition to giving the small people the right start academically was one of her plans that brought pleasure to both parents and children. Boardman has a reputation of being hard to suit when it comes to teachers but every once in a while we get a

teacher that is universally liked and her resignation is indeed regretted. Mr. Marschat has sent recommendations of teachers to fill the vacancy and the board will take action soon.

Word from Mrs. Jack Gorham, at Seaside for the summer, is that she is much improved in health.

ducts in the face of rather weak quotations. Through the assistance of their county agents and the state college livestock specialist, H. A. Lindgren, farmers of Wallowa, Union and Baker counties are selecting the prime lambs from individual herds and making up combined shipments, enabling them to top the market for practically all their

lamb instead of having to ship them all at once before some have reached prime condition. More than 4000 lambs have been marketed this season in this manner with notably increased returns.

Mrs. Jake Young was a visitor in the city on Wednesday from her Eight Mile home.

Small Hogs in Favor With Present Market Demands

With consumers showing strong preference for lean pork and with the demand for lard at low ebb, Oregon farmers can get better returns for hogs if they are not allowed to get above 190 pounds in weight when marketed, says H. A. Lindgren, livestock fieldman for the state college extension service.

This market condition makes it advisable for farmers to market hogs at an earlier age, says Lindgren, though they must count to keep up the quality of the meat. Skim milk and grain or wheat will produce these type hogs with any of the standard breeds, he says.

POOLING LAMBS PROFITABLE

Cooperative pooling of carload lots of lambs for market is enabling many farmers of Oregon this year to get the last cent out of their pro-

ducts in the face of rather weak quotations. Through the assistance of their county agents and the state college livestock specialist, H. A. Lindgren, farmers of Wallowa, Union and Baker counties are selecting the prime lambs from individual herds and making up combined shipments, enabling them to top the market for practically all their

Why did the salt shaker? Because he saw the potato masher in the kitchen, the sugar spoon with her, and the gas meter in the cellar.

The crew from the Pioneer Paper Co. will be in this week to put the roof on the new Standard Oil service station.

Now if that was a modern concrete cellar like we could remodel your old one into, it would be a fine place to meet anyone in. There is probably

room for an extra room in your basement if you will let us show you.

The other day a fellow evidently mistook us for a radio store because he came in and asked for "B" eliminators. We didn't have any but our fly screens eliminate flies so he ordered a set for his home.

"Did you," the wife answered sweetly. "Please do it again, I didn't see you."

The reason so many people like the miniature golf is that it fits their drive.

Hello, people of Heppner. I just came in town to help the Tum-A-Lum. But in the rush to get here I forgot my name. If any kind person that has a good name for me will call 912 and tell it to Mr. Adkins it would sure be appreciated.
