A great shock came to everyone here when they heard of the death of Joan Doherty, little four-year-old daughter of Dan Doherty. She had been suffering with intestinal influenza and was taken to St. Anthony's

my ankles and hands would swell and I'd have frequent attacks of dizziness. There seemed to be no relief in the world for me until I started Sargon and it did me more good than I even dared hope for. Every ailment I had is gone or fast disappearing and for the first time in years I get a real night's rest. My whole system is strengthened and I feel like a different person.

"Sargon Pills regulated me perfectly and I'm free of constipation that troubled me all my life."—Mrs. B. A. Duffin, 368 N. 88th St., Portland, Oregon.

The day of hit-or-miss medication has gone.  
The sufferer with abdominal pain, acute or chronic, should consult the family physician the very first thing; take no medicine whatever until he advises it. Many a life has
