Leo Gorger and brother were north end wheat raisers in the city on Friday, having been laid off for a short time owing to a slight rain in their locality that interfered with combining. The Gorger brothers are cutting 2200 acres of wheat this season, and Leo states that on his portion the grain is being handled in bulk, taken from the machine to the truck and transported nine miles to the warehouse at Ione over the new market road. The thresher is pulled by a tractor and moves along at a steady pace, the grain turning out at around 17 bushels per acre. Two combines are busy on the Gorger ranches and they will have several weeks of work yet before the harvest is finished.

David Hynd and his sister, Miss Annie Hynd, were here on Saturday from Rose Lawn ranch, Sand Hollow. While it has been a pretty dry season, Mr. Hynd states that everything has come along in a normal way at the Hynd Bros. ranches. Miss Gladys Bengé, who was with a party of young folks at Hidaway springs on Sunday, had the misfortune to slip while in the swimming pool and suffered a broken little toe. An x-ray picture of the injury by a local physician revealed the bone broken, and the injury is causing Miss Bengé much inconvenience.
