Ben Franklin once said: "If you would know the value of money, go out and try to borrow some."

Didn't Ben say a real mouthful there? Ever tried it? Strange, but the value of money to you increases—when you haven't any. May we offer one little word of advice? SAVE a little from your earnings. Deposit in a good, reliable Bank like ours. It will establish your credit. Possibly then you may not even have to borrow. Think it over.
