

## LEXINGTON NEWS

Saturday, September 27, there will be a carnival dance in the Leach Memorial hall at Lexington for the benefit of the Rebekah lodge. The Jazz Pirates will furnish the music.

Lexington P. T. A. is giving a reception for the faculty of Lexington school in the gymnasium, Friday, September 19. The affair is open to the public.

For the benefit of those who do not understand the purpose of the P. T. A., its officials have asked that a short summary of its reasons for being and its benefits be given. All parents are considered members of the association whether they pay dues or not, and are very welcome at all meetings.

But we believe that every family is enough benefited by the work of the association to justify the request for dues.

We wish you would all feel it is your association; that you would come to the meetings and give one another the benefit of your criticism, advice and inspiration.

Why join the P. T. A.? Because it brings parents and teachers together for exchange of ideas, making better parents, better teachers, and happier children. Because no group can so successfully influence public opinion and public school officials as an interested, enthusiastic group of parents. Because it is an education movement of real significance.

What becomes of your dues? 20 cents is sent to the state council. All other funds are used in our school for helping finance the hot lunch, prizes, pictures, or anything the members vote it would do the most good.

Our next meeting will be September 30 in the auditorium at 2:30. We would like to have you come.

## ASKS COOPERATION.

Wm. R. Poulson, city school superintendent, calls attention to the stop sign appearing at the intersection of Main and Baltimore streets, which has been in place since the opening of school. The sign was placed for the purpose of protecting children. It is turned face into traffic at times when children are on their way to or from school. At such times motorists who fail to take proper precaution on crossing the intersection may be endangering lives of the children. The school is cooperating by keeping the children within the lane marked across the intersection says Mr. Poulson, who asks that motorists do their bit by observing the request of the sign, which says "STOP."

E. R. Schaefer was in the city yesterday from his Freezout ranch, having just returned from a luckless deer hunt. D. A. Wilson, who returned to the city yesterday, hunted with Mr. Schaefer.

Those attending the fair at Boardman Friday and Saturday from Irrigon were Mr. and Mrs. Alfred Houghton, Mr. and Mrs. Frank Brace, Mrs. Smith, Mr. and Mrs. Frank Fredrickson and family, Mr. and Mrs. W. C. Isom and family, Mrs. Stevers, Mrs. Bedwell, Mrs. McCoy and daughter Snow, Mr. Wilson and daughters Bessie and Lucile, Frank Leight and daughter Ruth and Nellie, and Mr. and Mrs. Fred Reiks. A good many prizes were won by Irrigon residents, Dorothy Isom winning first in Div. III Sewing of 4-H club work, and Bessie Wilson carrying off first prize in Div. II sewing. While club work has not been carried on so extensively this year as last, we are hoping all members who again take up the work will make a special effort to carry their clubs through 100 per cent, thus making their local club leader and county club leader feel that their efforts have not been in vain.

## GYM CLASSES GOING.

Gymnasium classes for all the pupils of the Heppner schools are well under way, under the supervision of Neil Shurman, athletic director. In connection with the gym work, W. R. Poulson, superintendent, asks that parents cooperate by having children leave their tennis shoes at the gymnasium. Wearing of the shoes at all times is not only bad for the children's feet, he says, but puts the shoes in unsuitable condition for gym work.

## BAND WORK STARTED.

The Heppner school band is in course of organization under the instruction of Harold Buhman, grade school principal, with students now buying instruments. Band work is open to both grades and high school, and considerable interest is reported. In the first second and

third grades a 22-piece rhythmic band has been organized under the direction of Miss Charlotte Wood, music supervisor, and its equipment has arrived.
