

IONE.

(Continued from First Page)

Mr. and Mrs. Leonard Larson returned to Ione the middle of last week and on Monday Mr. Larson resumed his work as O.-W. R. & N. section foreman. Dan F. Mulhern who was relief man during Mr. Larson's absence, departed on Saturday.

Clifford McCabe will attend school at Mossey Rock Wash, this year. He will make his home with his aunt, Mrs. J. M. Chrisman.

The one hundred and sixty acres of land owned by the late Mrs. Alice Keller has been sold to Otto Rietmann.

The O.-W. R. & N. spur at the Shell Oil plant in upper Ione was completed and ready for use the first of the week.

The Charley Botts home in Ione was the scene of a family gathering Sunday. Mr. and Mrs. Jim Botts and four children were present, and also Mr. and Mrs. Jack Griffin and children from Yakima.

When the Griffins returned to Yakima they were accompanied by their son Charley and daughter Lorene, who had been staying with the grandparents for some time and had planned to enter school here.

Ernest Heliker, accompanied by Mrs. Heliker, returned from Portland Saturday. While in the city Mr. Heliker underwent an operation. He is rapidly gaining strength and will soon be quite well again.

Mary Lombard, who three weeks ago received a broken foot and a badly lacerated leg while working on the Henry Stuart combine, is so far recovered as to be able to be moved this week from the Condon hospital to the home of Mr. and Mrs. Henry Stuart.

Mrs. Rosa Jackson has received the announcement of the birth of a new granddaughter. A girl was born Wednesday, September 10, to Mr. and Mrs. Floyd Sargent of Kinzua. Mrs. Sargent and baby are being cared for at the home of Mrs. Frank Crawford at Condon.

Mrs. Harold Ahalt returned last week from a pleasant visit with relatives in Portland.

Carl Feldman, Dick Smith and Dwight Minsar have considerable fall seeding done. Other farmers are preparing to begin seeding as soon as the rush of other work is over.

Mr. and Mrs. Robert McCabe moved last week to the Harry French ranch above Hardman where they plan to spend the winter.

Charlotte McCabe, 11 year old daughter of Mr. and Mrs. A. A. McCabe, won first prize on her sewing exhibited Friday and Saturday at the North Morrow County fair held at Boardman. Charlotte is one of a class of five girls who took their lessons in sewing last year under the direction of Miss Hildegarde Williams, third and fourth grade teacher.

Mrs. Bert Mason, Mrs. Dell Ward and Mrs. Roy Litzell were in attendance at the last week's meeting of the Woman's Study club held at the home of Mrs. Glen Jones on Heppner flat. A pot-luck supper was served at 6 o'clock. Thirty-two ladies were present.

Mrs. Dora Redford of Portland arrived in Ione the first of last week, and is a guest at the home

of her niece, Mrs. John Bryson. Mrs. Redford was accompanied to Ione by her son, Chester Perkins of New York city, who is auditor for the U. S. Rubber company, having been in their employ for 17 years. Mr. Perkins is well known here although he had not visited Ione for 13 years. He attended his first term of school in our city. With him was his assistant, Mr. Zellerback. After a short visit here the two gentlemen drove to Spokane. Their work will keep them in the northwest for several weeks.

Night Football Comes to Oregon State College

Oregon State College, Corvallis, Sept. 16.—Night football will be introduced here Saturday, September 20, when Willamette university and Oregon State come together on Bell field for the opening game of the season. The game is scheduled to start at 8 o'clock.

Eight 65-foot poles, four on each side of the football field, and each pole mounted with two large projectors, each weighing 150 pounds, and each projector containing three 1500-watt lamps, will supply the necessary foot candle of light to illuminate the playing field.

Something of interest to fans is the announcement by Carl A. Ledell, general manager here, that he expects to have the back and sides of the main or west grand stand completely boarded up so that no chill night winds will interfere with the pleasure of those attending the games at Corvallis this year. Carpenters have been working on this improvement for the past week.

Here is the probable starting lineup for the opening game:

Williamette	Pos.	Oregon State
Haldane	LER	Root
Jones	LTR	Harn
Philpott	LGR	Thompson
Ackerman	C	Hammer
Godfrey	RGL	Cox
Carpenter	RTL	Cox
Sinclair	REL	McKalip
Depoe	Q	Buerke
Erickson	LHR	Hughes
Gretsch	RHL	Kerr
Johnson	F	Little

WOOLEN MILLS COMING WEST

From Pueblo, Colorado, comes a report that a readjustment of the American woolen industry is taking place, with the result that Atlantic seaboard interests are coming west with the purpose of establishing woolen mills in centers where the raw product is produced, and a representative of the eastern interests has been at Pueblo making a survey of that area for the purpose indicated. It is said that the mills proposed for Colorado will produce only staple textiles such as blankets, rugs, underwear and upholstery. The movement indicated may extend to Oregon, where wool is produced from which the finer and better fabrics can be manufactured.

Peach Dumplings

These may be made of biscuit dough or of rich piecrust into rounds six inches across. Pinch the edges into cup shape. Arrange in a baking pan and put a peeled peach in the center of each. Sprinkle with sugar and dot with butter, then bake in a hot oven.

The use of small packages in the sale of potatoes increased last year greatly and promises to become the most popular method.

LOCAL ITEMS

Mrs. N. W. Boyd of Oakland, Calif., arrived at Heppner on Monday evening. She was accompanied by Mrs. Harry Lamley and her friend, Mrs. Chas. Stator of Portland, and the ladies visited with friends and relatives here over Tuesday. Mrs. Boyd was formerly Miss Lorena Meadows, and Mrs. Lamley was Miss Gladys Cohn.

Mrs. Earle A. Brown was in Heppner on Tuesday, being in the county for a couple of days before joining her husband at Medford. Mr. Brown, who for several years was head of the school in Ione, will teach in the mathematics department of Medford Junior high school.

Joseph Eskelson, who has been spending some six weeks in the county while looking after his interests in the vicinity of Lexington, returned to his home in Salem this week. He wanted to get to the city in time to take in the state fair.

E. Nordyke, pioneer of Lexington, was a visitor in the city on Monday. Mr. Nordyke still suffers from injuries to his leg received several years ago when he was badly burned by a gasoline explosion at his filling station and he has to use a cane in getting about.

Miss Beulah Batty, daughter of Mr. and Mrs. Joe Batty of Hardman, was married at Longview, Wash., on Sept. 15 to Mitchell Bell of Astoria. Mr. Bell is employed at

the Astoria hotel, and the young couple will make their home in that city.

\$26.25 Fee at U. of O. Not to be Increased

University of Oregon, Eugene, Sept. 17.—Registration fees at the University of Oregon will not be increased this fall, and will remain at \$26.25 per term the same as in the past. It was declared here by Earl M. Pallett, executive secretary of the university. Rumors have been circulated that the university planned to raise the amount to more than \$30, and numerous queries have come into the registrar's office as a result, it is said.

Although the fee at the university is regarded as low for state institutions of a similar grade, any proposal for an increase would meet with strong objections on the part of those in charge of the institution, it was stated. It has been the hope of the present administration that a reduction may be made in the future, rather than an increase. The present fee includes an incidental charge of \$10, a building fund of \$5, voted by the students themselves, \$3 infirmity fee, \$3 for physical education, and the Associated Students fee of \$5.25. The latter entitles the student to tickets to all athletic contests, subscription to the Emerald and other privileges.

WORTH WEIGHT IN GOLD, SAYS HAFER

"I tried nearly every medicine I ever heard of for 12 years trying to get rid of chronic indigestion. I was

WM. HAFER

terribly rundown, badly constipated and felt like just about all the strength I had was leaving me. Ten bottles of Sargon overcame all my troubles built me up and strengthened me and has actually been worth its weight in gold.

"Sargon Pills didn't gripe or upset me in the least, but gave me the most satisfactory results of any laxative I ever used."—Wm. Hafer, retired capitalist, 640 Gibson St., Portland, Oregon.

place above located at 10 o'clock a. m. Saturday, October 24, 1930, unless said animal shall have been redeemed by the owner thereof. Said animal is described as follows:
1 light buckskin 2-year old horse, weight about 700 lbs., having two white hind feet, one white front foot, white strip in face and bobbed tail; no visible brand.

FRANK HOWELL, Hardman, Oregon.

WESTLAND IRRIGATION DISTRICT NOTICE

Notice is hereby given that the board of directors of the Westland Irrigation district, acting as a board of equaliza-

tion, will meet at the office of the district in Hermiston, Oregon, on the first Tuesday of October, 1930, at 8 o'clock P. M. for the purpose of reviewing and correcting the assessment and apportionment of taxes for the year 1930 to be levied on or before the first Tuesday in September, 1930.

J. W. MESSNER, Secretary.

RED & WHITE STORES

M. D. Clark : Hiatt & Dix

TRANSIENT TRADE? PERMANENT TRADE?
THE DIFFERENCE IS THIS

To the store which caters to transient or "drop-in" trade, Quality is often secondary—To the store which caters to permanent trade Quality comes first—Its existence depends on the day-by-day business of its regular customers, and regular customers are only held by Quality and Value. Red & White stores solicit your permanent patronage on the basis of "Quality Always Higher Than Price."

RCA engineers have worked 7 years bringing the Super-Heterodyne to its present perfection.

The Super-Heterodyne principle is used to intercept the all important SOS... to guide ocean liners safely through fog and storm... to enable people to telephone half-way round the world.

Now the famous Super-Heterodyne, always famed for its sensitivity, is even 4 times more sensitive than ever before in getting the wide variety of programs — 3 times more accurate in selecting the one station you want, and excluding others.

Come in and hear it today.
