

**IONE.**

(Continued from First Page)

They returned Sunday. Carlton Swanson departed last week for South Bend, Wash., where he has employment. He was accompanied on the trip by his aunt, Mrs. Millie Newton, who was returning to her home after a visit here with her mother, Mrs. Katie Petteys.

Mrs. James Cossman who has been visiting with her mother, Mrs. Katie Petteys, is returning this week to her home in Eugene.

The sophomore class will have a party Friday evening at the school gymnasium under the direction of Miss Florence Emmons who is sponsor for the class.

Please remember the date of the grade school program and carnival to be given Friday evening, October 31. All pupils of the grades are in the program and an evening of merriment is promised all who attend.

Mrs. R. E. Harbison of Morgan has been receiving treatment in the Portland Medical hospital. She returned home the first of the week.

Frank Lundell was one of the hunters who brought home a deer near the close of the season. His kill was a fine four-point buck.

Mrs. Charley Botts and two children, Frank and Ida, spent the week end with Mrs. Clarence Nelson at her ranch home.

The special meetings at the Pentecostal mission under the leadership of Mr. MacDonald, closed Sunday night.

Mr. and Mrs. Edward Rietmann were host and hostess to the Woman's Topic club last Friday evening at their pleasant ranch home. Invited guests of the club were Mr. and Mrs. W. P. Mahoney and Mr. and Mrs. C. W. McNamer of Heppner, Miss Maude Knight and David Rietmann of Ione. Five tables of bridge were in play. Mrs. McNamer received first prize for the ladies and Mrs. Smouse second. The next business meeting of the club will be November 9 at Mrs. Henry Smouse's home. The next evening meeting will be November 21 at Mrs. Fred Mankin's.

Our football team journeyed to Condon last Friday for a game with the Condon boys and came home with another victory to their credit. The score was 26-7. The outstanding plays of the game were made by Earl McCabe, Irvin Ritchie and Francis Ely. The line-up was the same as in the former game. The boys who made the trip to Condon in company with Coach Tucker are Claud Brashears, Joel Engelman, Paul Smouse, Virgil Esteb, Leo Liewallen, Norman Swanson, Earl McCabe, Norton Lundell, Milton Morgan, Dorr Mason, Johnnie Eubanks, Barton Clark, Irvin Ritchie, Ordie Farrens, Berl Akers, Norman Everson and Robert Botts. Friday afternoon our boys will meet Lexington on the Lexington field.

**U. of O. to Greet Dads On Campus Saturday**

University of Oregon, Eugene, Oct. 22.—(Special)—With friendly competition between the various living organizations growing keener every day as to which one will have the largest number of Oregon Dads here for the Dads' Day festivities on October 25, and acceptances from dads pouring in from all over Oregon and many points in California, the University of Oregon is looking forward to the greatest annual day in the history of the Dads' association. More than 600 are expected to attend.

Those from Heppner who have been invited to attend Dad's Day include L. E. Bisbee, Fred Casteel, M. D. Clark, Dr. J. Perry Conder, R. R. McHaley, W. P. Mahoney and Frank S. Parker.

Silver loving cups will be presented to the women's and men's living organizations having the most dads here, in proportion to the size of the house. Presentation will be made at the huge banquet Saturday night in the men's dormitory for dads and their sons and daughters. Dr. Arnold Bennett Hall, president of the university, Paul T. Shaw, Portland, president of the Oregon Dads, and George Cherry, Enterprise, president of the Associated Students, will speak.

The gridiron clash between the University of Idaho and the University of Oregon on Hayward field will furnish entertainment and excitement Saturday afternoon. A special section has been reserved for the dads, who will have their own cheering section and leaders.

Trains bearing the guests will be met, and the Dads will be personally conducted to the campus, where they will be officially registered. A Dads meeting at which officers for the coming year will be elected and various problems of students and parents will be discussed, will be held Saturday morning, followed by luncheons at the various fraternities and dormitories.

**Delegates Will Attend Christmas Seal Institute**

Delegates from Union, Umatilla, Wallowa and Morrow counties will meet in La Grande next Tuesday at the district Christmas Seal institute being sponsored by the Oregon Tuberculosis association in cooperation with the Union County Public Health association.

Mrs. Saldie Orr Dunbar, executive secretary of the tuberculosis association, will be principal speaker at the conference which will open at 10:30 at the La Grande hotel. Mrs. Albert Hunter of the Union County Health association is in charge of local arrangements. The La Grande Neighborhood club is cooperating very materially both in the institute and in the coming Christmas Seal sale, plans for which will be formulated at this meeting. The state and national anti-tuberculosis activities will also be reviewed.

The work of the public health association in this county is made possible by the annual sale of the tuberculosis Christmas seals. The institutes are arranged by the tuber-

culosis association throughout the state to help their various county associations increase their seal sale returns and to improve the programs financed by them. The new 1930 seals will be on display at the meeting.

**MARKET REPORTS FROM OVER STATE**

(From State Market Agent.)

**THINKS IT GOOD REMEDY.**

Chairman Legge of the Federal Farm board expresses faith in the marketing act and tells the farmers: "It is too late to question the efficacy of co-operative marketing. The nation has set its stamp of approval upon it and has blazed a trail for every farmer to follow. You know something is wrong with agriculture. There may be many and various remedies. Still, the government is behind only one, and regardless of your opinion you might just as well get on the wagon and drive hard. We're all going one way, and it would be just as hard to make progress in the opposite direction as for one steer to run against the rest of the herd. Regardless of what measure of success the present movement may have, the farmers made a distinct step forward in the passing of the marketing act."

**FILBERTS PROFITABLE CROP.**

The Pilot, published at Ranier, favors the planting of filbert trees, saying: "A Columbia county farmer has just made a shipment of two tons of filberts which were taken from 800 6-year old trees utilizing 12 acres of ground. In 1929 these young trees produced 1500 pounds of nuts. According to the usual increase, the trees should double their yield the coming year, we are told, with a material increase with each bearing year. The filberts bring a good price with a ready association market, as only a small percentage of the American market can be supplied with home-raised nuts." There is plenty of good filbert land in western Oregon, as it is generally understood that they will thrive wherever their less aristocratic cou-

sin, the hazel nut, grows successfully.

**RUSSIA AFFECTS MARKET.**

The wheat market continued unsettled during the week. Continuing heavy offerings of Russian wheat at Liverpool and prospect of increased supplies in the Southern Hemisphere were the principal wakening factors in the world markets. Nearly 5,000,000 bushels of Russian wheat were included in the world shipments during the week and further offerings were being pressed upon European market. The prices at Portland declined about 1c, with No. 1. Hard White, Big Bend Bluestem or early Baart quoted sacked at 88c; soft and Western White at 76c; Hard Winter, Northern Spring and Western Red at 74c per bushel. Offerings from farmers continued light.

**Veneral Disease—A Menace to Health**

(From State Board of Health.)

The two diseases that are usually classed as venereal are gonorrhoea and syphilis. A third one of less importance is chancroid. The specific micro-organisms of these diseases are given off from open lesions upon the skin or mucous membranes. Each disease is produced by the entrance of discharge from an infected person directly into an open wound upon the skin or mucous membrane of an orifice of the body.

There has been a popular belief that a venereal disease is of merely temporary importance, and concerns only the person who is infected. There is often little discomfort or gross evidence of disease. The severer symptoms often subside promptly, and the patient may be able to mingle with society without exciting suspicion. But the specific germs remain in unhealed and unnoticed lesions and are transmitted to innocent persons, especially to a wife by an uncured husband. Gonorrhoea is entirely too prevalent. It affects all ages and all classes of society. It is the cause of blindness of the newborn and many surgical operations on the female genital organs. It causes sterility in both men and women and is the cause of many chronic diseases of the joints, bladder and generative organs.

**LET'S STAND BACK OF EASTERN OREGON'S NATIVE SON**

**PHIL METSCHAN**

**Republican Candidate for Governor**

For years the people of Eastern Oregon have wanted a Governor who is familiar with their problems, who appreciates their needs and is acquainted with their desires.

Phil Metschan was born and raised in Eastern Oregon. The eastern half of the state never had a more loyal friend than this man, who knows Oregon better than any other man now before the people.

Agriculture, irrigation and stock-raising are major industries in Eastern Oregon. The city-born man who never lived on a farm, never had to milk cows on cold frosty mornings, toil long hours in a field has no conception of the problems of Eastern Oregon. Eastern Oregon needs a friend at Salem. Phil Metschan is that friend. In him Eastern Oregon will have a Governor to whom it can go with the assurance that the people east of the mountains will get a square deal.

Eastern Oregon should throw its whole-hearted support behind its native son, for if he is defeated it will never again be able to convince the people of Western Oregon that its demands for a square deal at Salem are sincere.

The independent candidate for Governor is attempting to blind the people of Eastern Oregon to the value of Phil Metschan by raising the cry of cheap power without cost to the taxpayers. That cry was raised for the purpose of misleading the public, because the independent candidate for Governor cannot make good his promise. Ask any banker.

Eastern Oregon is not interested in a local quarrel in Portland. They are interested in their own problems. Conditions in Portland have nothing to do with the conditions of irrigation, agriculture and stock-raising in Eastern Oregon.

Cheap power in Portland and in other sections of the state can only be obtained through aid of the federal government, and the aid of the federal government in developing power resources will never be procured by electing an independent candidate, whose only object is to destroy the Republican party.

Phil Metschan is a Republican. He knows more about the affairs of government than any other candidate now running for Governor. He can work quietly and efficiently with a Republican Legislature at Salem for those things in which Eastern Oregon is interested.

Election of an independent candidate will lead to endless quarreling at Salem and will halt Oregon's progress.

Eastern Oregon is on trial before the rest of the state. Defeat of Phil Metschan, its native son, would be the greatest blow that could be struck at our future.
